BLOEMFONTEIN, THE HEART OF THE FREE STATE

The University of the Free State is situated in Bloemfontein – the centre of South Africa. Bloemfontein is part of the Mangaung Metropolitan Municipality, Free State, and serves as the capital of the province, as well as the Judicial Capital of South Africa. This beautiful city is also known as the “City of Roses”, due to the many roses that bloom all around the city during summer. However Bloemfontein’s true beauty lies in its people. Residents are known to be exceptionally generous and friendly. Considering the city’s affordability, you can hardly imagine a more ideal study destination! You will be welcomed in a lovely setting, without spending a fortune on living and recreation. Bloemfontein is big enough to provide you all the services you need, but also small enough to maintain a peaceful study atmosphere.

Much of the natural, architectural and historical legacy of central South Africa is interwoven into this modern, developing city. The UFS is very fortunate to call Bloemfontein our home. This lively city, with the heart, caring character, and tranquillity of a big town, is the economic, educational and medical-care hub for a vast inland area of South Africa. We trust that our city with its fascinating mix of diversity and tradition will charm you as a student of the University of the Free State. We look forward to welcoming you!

If we receive your application after 30 September 2017, it will be a late application and will be processed separately. Therefore, you may have difficulty with financial assistance, residence placement, access to the University Access Programme (UAP), and others.

IMPORTANT INFORMATION FOR ALL STUDENTS:

- **Closing dates:** Your admission application MUST be processed before you register in 2018. When we process your application for admission, we capture your details onto the UFS databases – if your details are not there, you cannot register. For this reason, it is very important to stick to the closing dates.
- **National Senior Certificate:** If you already have a National Senior Certificate (NSC), you must include a certified copy with your application form.
- **Application:** Make sure that you complete the application properly, and attach and certify all the required documents. An incomplete application, as well as outstanding documents will delay your application process.
- **Transferring students:** If you transfer from another tertiary institution, you must include a certificate of conduct and an official study record from the previous tertiary institution with your application, AND submit copies when you register. The closing date for students transferring from other tertiary institutions is 30 September 2017.
- **International students:** If you are from another country, you must attach your certified school leaving certificate, diplomas, and proof of a conditional exemption certificate issued by the Matriculation Board (Higher Education of South Africa) to your application. The closing date for international students is 30 September 2017.

You should receive feedback on your application within six weeks.

If you apply for a selection course, you must complete the additional selection form for that specific course.

ADMISSION

Higher Education South Africa (HESA) set specific admission requirements that you must meet if you want to study at any South African university. If you finished school in or after 2008, and have a National Senior Certificate (NSC), you need the following to apply for admission to a Bachelor's degree at any South African university:

Four (4) of the seven (7) subjects included in your NSC subject package, must be from the designated subjects listed below, with a minimum of mark 4 (50%) in each of these four (4) subjects:

Designated list of school subjects:

Accounting	Information Technology
Agricultural Sciences	Life Sciences (Biology/Physiology)
Business Studies	Mathematics or Mathematical Literacy
Consumer Studies	Music
Dramatic Arts	Three languages (one of these must be the language of teaching and learning at a higher education institution and two other recognised language subjects)
Economics	
Engineering Graphics and Design	
Geography	Physical Sciences/Natural Sciences
History	Religion Studies
	Visual Arts

WHAT DO YOU NEED TO STUDY AT THE UNIVERSITY OF THE FREE STATE?

In addition to the requirements above, for degree studies at the University of the Free State we expect that:

- You must meet the minimum admission requirements.
- You must pass certain school subjects with a minimum level of achievement in order to take a certain university module. For example, you must get a mark of 70% for Mathematics in Grade 12 if you plan to study BSc majoring in Physics with Engineering subjects.
- For certain selection programmes, e.g. BSc majoring in Actuarial Science, you must obtain an overall AP of 34.

It is important that you study the admission requirements of the programmes you are interested in thoroughly.

To calculate your AP, you can use the following example:

For five (5) academic subjects you must obtain a level 5 (60%)	$5 \times 5 = 25$
For one (1) further academic subject you must obtain a level 4 (50%)	$1 \times 4 = 4$
For Life Orientation a level of 5 (60%) or higher to score 1 point	$1 \times 1 = 1$
UFS overall AP score	$= 30$

NSC Level	UFS AP
7 (90% – 100%)	8
7 (80% – 89%)	7
6 (70% – 79%)	6
5 (60% – 69%)	5
4 (50% – 59%)	4
3 (40% – 49%)	3
2 (30% – 39%)	2
1 (0% – 29%)	-

COMPULSORY NATIONAL BENCHMARK TESTS (NBTS)

What are the NBTs?

Higher Education South Africa (HESA) initiated the NBTs that several South African universities use as part of their student placement processes. The first test is the Academic and Quantitative Literacy Test (AQL), and the second is the Mathematics Test (MAT). Each test takes three hours to complete.

Is it compulsory to take the NBT tests?

Yes, all first-time entry undergraduate applicants to the University of the Free State must write the NBTs before registering.

Must I write both tests?

It depends. ALL prospective students must write the AQL test. If you apply to the Faculty of Economic and Management Sciences, the Faculty of Natural and Agricultural Sciences, or the Faculty of Health Sciences, you must write both the AQL and MAT tests.

Why write the NBTs?

The level of academic reading and writing that you must be able to master at university, is very different from what you are used to at school. If you lack this level of skills, you may have a hard time at university. But if we know what the level of your skills are, we can make sure that you enrol for the most appropriate modules and programmes in your first year. And that is what we use the NBTs for – to help us understand what skills you have, and what skills need to be developed.

How, when, and where to write?

You should write the NBTs while you are in Grade 12, before you register at the university. Visit www.nbt.ac.za for all the information you need. Once you have written the tests, you can use the results to apply to any university. The UFS only accepts NBT results, NO other admission tests will be considered.

How does the UFS make use of the NBT results?

In two ways:

- We use it as part of the selection process for the Faculty of Health Sciences (School of Medicine and School of Allied Health Professions).
- If you apply to any of our other faculties (including Nursing), we use NBT results during the registration process, but not for admission decisions.

Generally, we use NBT performance levels to place first-year students into appropriate programmes or modules. If you did not pass the NBT Academic Literacy Test and want to study in English, you must register for one of the following academic literacy development modules in English: EALH/EALE/EALN/EALL 1508. The same applies if you want to study in Afrikaans (if offered in the relevant faculty), but did not pass the Academic Literacy Tests – in which case you must register for one of the academic literacy development course in Afrikaans: AGAH/AGAM/ AGAL/AGAN/AGAE 1508.

These academic literacy development courses are not language courses. It teaches you to read academic text efficiently and critically, while extracting the main ideas and key details. This skill will help you to adequately demonstrate your knowledge in tests and exams. It will also teach you to write academic essays and assignments. Overall, it will give you the confidence to perform at your best, academically.

NB: If you have not written the NBTs yet, please register to write as soon as possible.

What is the proficiency / pass score?

Academic Literacy (AL)	=	64%
Quantitative Literacy (QL)	=	70%
Mathematics Test (MAT)	=	68%

FACULTY-SPECIFIC ADMISSION REQUIREMENTS

We have seven different faculties, each with their own specific admission requirements. And within the faculties, different programmes may also have additional and/or different admission requirements – especially the selection courses. Make sure that you are aware of the requirements for the programme that you want to study.

The faculties are:

- Economic and Management Sciences
- Education
- Health Sciences
- The Humanities
- Law
- Natural and Agricultural Sciences
- Theology

Abbreviations:

From this point forward, we will use these abbreviations instead of the full terms:

- NSC: National Senior Certificate
- AP: Admission Point
- BC: Bloemfontein Campus
- QC: Qwaqwa Campus
- SC: South Campus
- AL: Academic Literacy Test
- QL: Quantitative Literacy Test
- MT: Mathematics Test

Notes:

Pay attention to the following important information:

- All admission requirements apply to first year students in 2018. If you are a senior student, consult the head of department | lecturer | faculty rule books for the admission requirement.
- All admission requirements are subject to change.
- Unless stated otherwise, the admission requirement for the language of instruction must be on a minimum level 4 (50%).
- Please refer to Important Closing Dates for selection courses. Applications for all other programmes close on 30 September 2017.

FACULTY OF ECONOMIC AND MANAGEMENT SCIENCES

Against the background of our mission to be a dynamic, innovative and quality-driven faculty, the Faculty of Economic and Management Sciences covers a diverse academic spectrum, from public and private sector management, to specialised training for accountants at both undergraduate and postgraduate level, and aim to provide relevant, market-driven capacity and competence through, inter alia, research.

Students can obtain first-degree qualifications in one of three teaching programmes: Private Sector Management, Public Sector Management and Training of Accountants. These qualifications aim to develop students' intellectual skills through scientific teaching and learning so that they will be thoroughly prepared for various careers in the broad field of Economics and Management. Furthermore the faculty offers successful international programmes for both staff and students.

FACULTY OF EDUCATION

The Faculty of Education educates teachers in several disciplines. Our primary role is to prepare pre-service teachers for their work in schools, ensuring that they have a strong disciplinary base for their professional work. Students in our undergraduate Bachelor of Education degree (offered in Pre-school/Foundation, Intermediate, and FET phases) are preparing to be teachers in primary and secondary schools. The key teaching and learning tenet of the programme is reflection, with an emphasis on instructing prospective teachers about teaching as opposed to teaching them only how to teach.

FACULTY OF LAW

The Faculty of Law is rated among the best in the country. Its location in the judicial capital, Bloemfontein, exposes Law students to the practice of law in the lower and higher divisions of the courts.

The expertise of judges and legal practitioners is shared with the students. The high academic standard of the Faculty of Law has always been its pride.

The Faculty of Law is committed to excellence in teaching and to delivering jurists with qualifications of international renown to the professions. Legal education will open up doors to a wide variety of professions, including the advocates' profession, attorneys' profession, legal advisors, labour consultants, prosecutors, magistrates, and the insurance and banking industries. The faculty is known for research of international standing, and is also involved with community projects in which the UFS Law Clinic and several centres in the Faculty play a major role. The faculty enjoys close ties with several international law schools and law faculties, especially in Britain, Europe, and the USA. The faculty is also proud of its alumni association of former law students who remain loyal to the faculty, and the Collegium Iurisprudentium, an advice panel for the faculty.

FACULTY OF NATURAL AND AGRICULTURAL SCIENCES

The Faculty of Natural and Agricultural Sciences is a vibrant place that attracts both national and international students as a result of its stimulating curriculum and our exciting research agenda. We are an engaged faculty, whose interactions with its community are integrated with research and teaching.

The faculty is divided into the following broad areas of training and research:

Natural Sciences | Agricultural Sciences | Building Sciences

Faculty Manager: Lee-Ann Frazenburg: +27 51 401 3199 | damonsle@ufs.ac.za

NATURAL SCIENCES

Here, the frontiers of knowledge are constantly shifted through fundamental research and new technology developed in support of our efforts to stay in step with the challenges of a constantly changing world. Our expertise in the natural sciences includes mathematics, chemistry, physics, geosciences, biological sciences, information technology, and consumer sciences. We are leaders in material, nano, and polymer science, and carry out work on photoluminescence, quantum dots synthesis, and astrophysics.

The Department of Architecture is underpinned by the critical need for creating space. The school embraces a scholarly milieu for exploring the integrated aspects of the human ecological landscape (social, environmental, cultural, and historical ecologies) and consequently promotes architecture that is addressing current aspects of sustainability, meaning, and poetics. The department's approach to the human ecological landscape is critical rather than normative, investigative rather than prescriptive, and process-orientated rather than result-motivated. Students are encouraged to investigate this multi-dimensional character of architecture in view of the different interrelationships between man (both as an individual and social being), the environment (natural and man-made), culture (local as well as universal), and time (historical and contemporary). Through these different ecological interrelationships, regular design principles and form-giving elements are identified that prepare the student for local and international design. The Department of Quantity Surveying and Construction Management aims to develop, by means of dynamic scientific education, independent and critically-thinking graduates who will become leaders in their field. Over the past few years, the department has made significant contributions to the various professions and to the construction industry as a whole.

Enquiries: Programme Directors: Architecture: Jako Olivier: +27 51 401 2658
Quantity Surveying and Construction Management: Dr BG Zulch: +27 51 401 3849

Selection procedure for BArch (Architecture):

- All the selection process information is available on the departmental website: www.ufs.ac.za/architecture; see 'Academic Information'.
- You must pass a preliminary selection process.
- If you pass the preliminary selection, you will be invited to a selection interview where you must show us a portfolio of creative work.
- We will notify you of the selection outcome no later than 30 November 2017.
- We only admit 55 students.

Notes:

- * Qualifying applicants must write aptitude and NBT tests and submit the results to the department before the selection interview.
- **Closing date for applications in Architecture is 31 May 2017.**
- **Economics, Business Studies, Accounting or Physical Sciences on level 4 (50%) is recommended.
- **Closing date for applications in Construction Management and Quantity Surveying is 31 July 2017.**

AGRICULTURAL SCIENCES

In terms of Agriculture, the faculty has the most specialised group servicing the farm–animal industry with expertise in breeding, nutrition and physiological manipulation. Research on irrigation and salinity, water harvesting and the optimisation of water use are other key focus areas, as well as research on the modelling of non–point pollution of water for irrigation.

Enquiries: All Agricultural programmes: Dr Antonie Geyer: +27 51 401 9053
UPP and Extended Curriculum Programmes: Elzmarie Oosthuizen: +27 51 401 2934

The following University Preparation Programmes in Agriculture are presented on the South Campus:

Note:

- Students attend the first year of study on the South Campus and proceed in the second year to the Bloemfontein Campus.
- *Either Mathematics or Mathematical Literacy will be accepted if the AP score is 26 or higher. It is a four year programme.
- **Additional requirements: Life Sciences on level 4 (50%) OR Physical Sciences on level 3 (40%) OR Agricultural Science on level 4 (50%). This is a five-year programme.

The following Programmes are presented on the Bloemfontein Campus:

FACULTY OF THEOLOGY

The faculty is the only institution in central South Africa that offers fully fledged, all-inclusive theological education. It offers training in all theological disciplines, starting at undergraduate level. The faculty embraces values that encourage cultural, gender, and ethnic inclusivity, promote academic and intellectual excellence, innovation, support and spiritual and ethic integrity. It also strives to establish a sense of community and hospitality within all the spheres of faculty activity. The Faculty of Theology delivers a unique national and international contribution to the development of the church, society, and the academic theological environment. This is achieved through quality theological education and specialist research based on a classical theological teaching and research framework.

The following programmes are presented only on the [Bloemfontein Campus](#):

ALTERNATIVE ACCESS TO HIGHER EDUCATION STUDIES

Couldn't get university admission? It does not have to be the end of the road for you. Do you have an AP of at least 18? In that case, you can get access to mainstream studies if you meet the minimum requirements of the University Preparation Programme (UPP), OR higher certificates in Economic and Management Sciences, OR higher certificate in the Humanities. The programme provides prospective students with an opportunity to enjoy studies at higher education institutions after successful completion of an access year.

What is the UPP?

We introduced this programme to assist many deserving students who do not meet our admission requirements. There are four study options:

- Economic and Management Sciences
- Human and Social Sciences
- Natural Sciences and Agricultural Sciences
- Education

If you complete any of the above options successfully, you can get access to almost any mainstream course – if you meet the specific admission requirements of that course. During your access year, you will get more than just academic information. We address a wider scope of needs to help you prepare for higher education studies. In the Skills and Competencies in Lifelong Learning course, you will learn skills to help you with problem-solving, self-assertiveness, and other generic competencies. An academic literacy course will also improve your academic reading and writing skills.

Who may participate in the programme?

It is an open facility that welcomes all applicants who could not obtain access to a higher education institution, including the University of the Free State.

Closing date for applications for SA students: 30 November 2017

Closing date for applications for International students: 30 October 2017

The programmes are presented at the following sites (Option availability varies from site to site):

- Bloemfontein South Campus
- Goldfields TVET College in Welkom
- Motheo TVET College in Bloemfontein
- South Cape TVET College in Oudtshoorn (only UPP options available)
- Flavius Mareka TVET College in Sasolburg
- Bethlehem Campus of the Maluti TVET College
- Kwetliso Campus of the Maluti TVET College (Phuthaditjhaba)

General minimum admission requirements:

- A National Senior Certificate (NSC), or National Certificate: Vocational (NCV) Level 4, and an AP of either 18 for Higher Certificates, or 20 for UPP study options.
- Four subjects on level 3 (40% – 49%).
- Language of instruction on level 3 (40%) for all options.

FACULTY-SPECIFIC ADMISSION REQUIREMENTS:

Economic and Management Sciences:

- Commerce (BCom) study option: Mathematics on level 3 (40%) or higher.
- Administration (BAdmin) study option: Mathematics is not a requirement to study this option. The duration of the course is four years. NB: You will not be allowed to change from an Administration to a Commerce programme.

Natural Sciences:

- Mathematics on level 3 (40%) or higher; and
- Life Sciences on level 3 (40%) or higher; or
- Physical Sciences on level 3 (40%) or higher

Agricultural Sciences (BAgric):

- Mathematics on level 2 (30%) or higher; or
- Mathematical Literacy on level 5 (60%) or higher

Academic merit bursaries for new first-year students

The University reserves the right to amend the regulations and bursary values and/or conditions applicable to the awarding of bursaries without prior notice.

If you qualify for an academic merit bursary, we will credit your class fee account with the amount of the bursary after you register as a student at the University of the Free State.

The following scale is used to award bursaries:

Admission Point	Amount
38-41	R 5 050
42	R 7 850
43+	R 13 500

NSC level of achievement	Achievement level required by UFS	UFS Admission Point (AP)
7 (90% - 100%)	8 (90% - 100%)	8
7 (80% - 89%)	7 (80% - 89%)	7
6 (70% - 79%)	6 (70% - 79%)	6
5 (60% - 69%)	5 (60% - 69%)	5
4 (50% - 59%)	4 (50% - 59%)	4
3 (40% - 49%)	3 (40% - 49%)	3
2 (30% - 39%)	2 (30% - 39%)	2
1 (0% - 29%)	-	

The subject Life Orientation on level 5 (60%) and higher receives only 1 point. These bursaries are automatically awarded to new students based on their performance in the final matriculation examination.

• Students from the University Access Programmes

Academic merit bursaries will be awarded to students from the University Access Programmes. The calculation for the merit bursaries only applies to the courses offered by the University of the Free State.

What does this mean? You cannot use the bursary at any other institution.

• First-year students, who first registered at other higher education institutions

First-time entering first-year students who first registered at other higher education institutions, discontinued their studies, and then register at the University of the Free State, will not qualify for academic merit bursaries during their first year of study.

What does this mean? If you transfer to the UFS from another university during your first year, you cannot get an academic merit bursary during that year.

• Interruption of studies

To qualify for an academic merit bursary, a student must register at the University of the Free State as a student again. If there is an interruption of more than 5 years between the last examination (matric or university) and the year in which the bursary must be awarded, the student does not qualify for a bursary. **What does this mean?** If you interrupt your studies for more than 5 years, you will lose the academic merit bursary.

• Discontinuation of study

If a student discontinues his course during the year, the bursary will be recovered pro rata. **What does this mean?** If you have a bursary, and stop studying, you must pay back the portion of the bursary that you used.

• Final-year students

Students qualifying for the academic merit bursary at the end of their final year of study, need to register for a degree at the UFS within 5 years. If a student does not register within 5 years from their final year of study, the academic bursary will be forfeited.

What does this mean? An academic bursary is only valid for 5 years, if you re-register after 5 years, you must pay class fees.

• Payment of academic merit bursaries

Students who qualify for an academic merit bursary will have the bursary amount credited to their class fee account after registration at the UFS. **What does this mean?** You will not get cash; the money will be paid into your student account at the UFS.

- **Undertaking**

The student undertakes to complete his/her degree studies at this university. If he/she does not complete the course, Council reserves the right to claim back the entire bursary amount or the part thereof that may already have been paid out. However, each case will be treated on merit. A bursary may be withdrawn at any time if the behaviour, diligence, or progress of the student is found to be unsatisfactory. If the examination results of a bursar are such that he/she will have to repeat the studies of a full year/semester, the bursary will be regarded as a study loan and it will have to be paid back.

***What does this mean?** If you get an academic merit bursary from the UFS, you can only complete your studies at the UFS. If you don't complete the qualification, you may have to pay back all the money, or some of it. It depends on your specific situation. If you do not perform well academically, or behave badly, you may lose the bursary.*

- **Occasional studies**

Students who register for occasional studies do not qualify for merit bursaries based on their academic achievement of the previous year or academic achievements during their occasional studies.

- **BML (Bachelor in Management Leadership)**

Students who register for BML studies do not qualify for merit bursaries based on academic achievements during their BML studies.

Terms and conditions apply.

Discount on early payments (SA students only)

Discount is given on early payment of tuition fee accounts. Standard discount is given annually and is as follows:

- 5% when all fees for the whole year is paid before 28 February
- 2½% when all first-semester fees are paid before 28 February

Discounts are not given automatically. You must apply for discounts in writing. Discounts are only given on module and accommodation fees charged. If you receive any form of financial aid from the UFS on tuition and/or accommodation fees, you do not qualify to claim this discount.

Bursaries and loans:

IMPORTANT: If you have a bursary or loan, it is your responsibility to ensure that the bursary donors make payments on time, and in accordance with university regulations. You must make sure that you provide your sponsors with the correct details of your account.

PAYMENTS PRIOR TO REGISTRATION

FIRST SEMESTER:

Registration for first-semester and year modules takes place during January – February.

- Prepayments must be paid five (5) working days before you register. You will not be able to register until these amounts reflect as credits on your tuition fee accounts. If your tuition fees are less than the amounts required, you must only pay the full tuition amount.
- For the amounts that must be paid before you register, visit www.ufs.ac.za and follow the links: Students –Tuition Fees –Payments prior to registration.

SECOND SEMESTER:

Registration for second semester modules takes place in July.

- South African students: Payments prior to registration for the second semester are the same as for the first semester.
- International students: International students must pay all fees for the second semester in advance before registration can take place.

STUDENTS RECEIVING FINANCIAL AID (SA STUDENTS ONLY)

If you receive financial aid (bursary/loans), and the bursary or loan covers all fees for the year, the amount payable before registration will be reduced by the amount of the financial aid. If your bursary or loan does not cover all fees for the year, you must still pay the prepayment before you register.

Please fax proof of your bursaries/loans to +27 51 401 3579 five (5) working days before you register. You must bring the original proof of your bursary/loan with you when you register.

PROGRAMME PRICES

- The cost per programme is the average cost per year.
- Tuition fees are charged per module.
- Programme prices vary according to the modules registered for.
- Prices quoted are for SA and SADC students.
- International non-SADC students pay the actual module price + 50%.

Notes and study material

Study material/notes are automatically prepared when you register, and charged accordingly. It is your responsibility to collect the study material. If you cancel/discontinue any of the modules, you will not be refunded for the notes.

Books

Money for books can be paid into a separate account in advance. The amount paid will be transferred to your student card.

At the end of each academic year, the credit available on your book money account will automatically be transferred to your tuition fees account.

Student card

Your student card is your key to all kinds of services and events at the UFS. It is your official university identification and, as a student or employee, you must carry it with you whenever you are on campus. Your electronic student card is for your use only, nobody else may use it. Your personal details are associated with your card and are unique to your card.

Parking disc

To park in designated parking spaces allocated to students, you must buy a parking permit/disc at Traffic Services by the end of February. It must be displayed on the windshield of your vehicle.

ACCOMMODATION COSTS

You or your parent/guardian or both are responsible for the full accommodation fee for the accommodation period. Tariffs for accommodation in the different residences and living units are available on request. Contact Housing and Residence Affairs on +27 51 401 3455/3562 or visit www.ufs.ac.za and follow the links Students-Residences.

NB: Residential students must familiarise themselves with all policies regarding accommodation.

Reservation deposit

When you accept the accommodation offer, you must pay the reservation deposit.

Rules regarding deposits

You will forfeit the deposit you paid if accommodation has been allocated to you and a place has thus been reserved for you, when:

- you do not show up, or
- you cancel your place after 31 December.

The reservation deposit may be used at the sole discretion of the university to recover any contingencies resulting in costs, losses, damages, penalties, etc.

The reservation deposit will ONLY be refunded if you:

- do not comply with admission requirements;
- are not selected for a specific course;
- pass away;
- submit a satisfactory medical certificate as motivation for cancellation;
- leave at the end of the term of accommodation. The deposit will be transferred to your tuition fees account, and if this results in a credit on the account, the credit may be paid out on request.

Accommodation costs in case of cancellation of studies

If you stay in a residence, and cancel your courses, the actual accommodation cost up to the date of vacating the residence is payable.

Meal fees and system

Paid meals are offered in the dining halls of Soetdoring and Roosmaryn on a cafeteria basis, you do not need to reserve meals in advance. You can deposit money for meals, which will be credited to your student card within 48 hours. There is no fixed amount payable, it depends on your budget. At the end of each academic year, the credit available on your meal money account, will automatically be transferred to your tuition fees account.

Enquiries: Student Card Offices: +27 51 401 2799/3337 or tuitionfees@ufs.ac.za.

Family discount on tuition and/or accommodation fees

If three or more students who are dependents from the same family (children, stepchildren, adopted children, but excluding children-in-law or married children) study at the university and/or stay in university residences at the same time, the following discount will be granted on the amount payable for residing in a UFS residence, and on modules the students are registered for:

Three students: 10%

Four or more students: 15%

Discounts will be granted on the following conditions:

- A discount may only be claimed for full-time undergraduate SA students.
- All dependents must be under the age of 26.
- Students receiving any form of financial aid for tuition and/or accommodation fees do not qualify for this discount.
- The discount will be recalculated if one or more of the students discontinue their studies, or leave the residence.
- Family discounts are not given automatically. You must apply for family discount in writing, and must present evidence of relationships. The full particulars of the students concerned must be submitted.
- A discount may only be claimed for the current academic year.
- Family discount will only be given on module and accommodation fees.

KOVSIELIFE – ONLY A KOVSIE KNOWS THE FEELING

STUDENT COMMUNITIES

When you become a Kovsie, we want you to feel that you belong to a circle of friends – people who support and inspire you to reach your full potential. This sense of belonging is facilitated through student communities. UFS student communities are created through small pockets of groups that build towards larger communities.

We encourage you to become a member of these cohesive groups through on-campus residences, day residences, student associations, and/or faculty organisations. Together, these groups form the strong building blocks of larger communities, called Student Life Colleges.

Student Life Colleges are created by clustering on-campus residences and day residences, who then work together with student associations and faculty organisations. The college communities form the social spaces where you can engage in all student life programmes; e.g. culture events, sport events, community service events, etc.

STUDENT LIFE COLLEGES (SLC)

The following SLCs, with their respective residences, form part our university community:

ON-CAMPUS RESIDENCES (HOUSING AND RESIDENCE AFFAIRS)

Residence Accommodation: Junior/Senior Residences

The accommodation agreement that you entered into with the UFS will, subject to other stipulations or regulations as approved by the Council from time to time, be binding for the full accommodation period. You, or your parent/guardian, or both, are responsible for the full accommodation fee for the accommodation period.

Accommodation at the UFS will become your second home, and life in a student residence at the UFS can be a very exciting and rewarding experience. If you are accepted into one of our residences, you will benefit from a completely new world of friendships that can last for a lifetime. There are many people from different language, racial, and cultural backgrounds on campus. Living and learning in this diverse environment can give you a definite advantage over many other jobseekers once you graduate, and this will help you later in life.

Our residences are very popular, with a waiting list for applicants. Therefore, you should apply as soon as possible if you want to secure a place.

The leadership in residence communities consists of a Residence Head, Prime, Residence Committee and Peer Mentors. This leadership team creates a residence environment where every student feels welcome and inspired. All residence communities are driven by a set of shared values, which mediates a culture of mutual accountability.

First-year students are supported in their transition to higher education by means of a Peer Mentor system in residences. Each first-year student is allocated to a Peer Mentor who facilitates individual conversation as well as conversations in small group format with students.

Application for residence

To become a resident you need to:

- Complete the application form for admission as well as the application form for residence as soon as possible.
- Make sure that you complete the forms correctly to avoid delays.
- Keep your reservation deposit ready in case you are selected for placement in a residence (refer to the placement procedure on the application form).
- Take note of the academic admission criteria for residences. Make sure that your admission point meets the criteria.
- Indicate your involvement/achievement in leadership, culture, and sport.

Placement policy

It is very important to take note of the following academic requirements for junior residences on the Bloemfontein campus:

- A minimum Grade 12 admission point of 30 is required for admission to a residence.
- Your academic merit is determined based on the most recent admission point as calculated by the university (whether Grade 11 or Grade 12 point).
- If you were admitted to a residence based on the Grade 11 point and the Grade 12 point is less than 30, your admission to a residence will be cancelled.
- If your current admission point is less than 30, you can still apply for residence accommodation. You will qualify for admission to a residence (subject to availability) if your final Grade 12 admission point is 30 or more.
- If you are currently in the University Preparation Programme (UPP), you will qualify for admission to a residence if you pass all your modules.
- If you were registered at the UFS or another tertiary institution for the second or subsequent years, you must have passed at least 120 credits to qualify for admission to a residence. Current first-year students will qualify for admission to a residence based on their Grade 12 admission point.

General admission requirements:

To place balanced students in residences, the highest level of achievement in respect of leadership, culture, and sport is taken into account and calculated as follows:

- School level = 4 points
- Provincial = 8 points
- National = 12 points
- International = 16 points

The application point is calculated by obtaining the total of the admission point (weighted at 2/3) and general admission point (weighted at 1/3).

Contact details of junior and senior residences:

(Men) Vanisher Kheta: +27 51 401 3562 or vkhetha@ufs.ac.za

Visit our residences at: <http://residences.ufs.ac.za> for more information.

Co-ed residences

Co-ed residences are residence communities consisting of male and female students. Although male and female students both form part of co-ed residences, they stay in separate corridors with separate bathroom facilities.

*Day residences

A day residence is a residence that consists of students who live off-campus in private homes, student houses, townhouses, flats, rooms, etc. Students who are members of day residences must arrange their own accommodation off-campus.

Although you do not live on campus, a day residence gives you the opportunity to participate in organised student activities. It is very important to us that you have the opportunity to develop as a complete person by participating in academic and non-academic activities on campus. With day residences, you can participate in all activities offered in campus residences.

If you live off-campus, you are free to decide whether you want to join one of the day residences or not. Each day residence has a gazellie (or a large lounge with a kitchen and bathroom) on the campus where the 'residents' have residence meetings, study, or simply socialise.

A residence head and a residence committee oversee each day residence. They are responsible for managing day residences and seeing to it that all activities offered take place in line with the vision, mission and values of the university.

STUDENT ASSOCIATIONS

Student associations are student communities focused on specific interests. Student associations are categorised as:

- Academic student associations
- Religious student associations
- Political student associations
- Charity-based student associations
- Cultural-based student associations

You can choose to participate in any association, based on your specific interests.

Faculty organisations

Each faculty at the UFS has a faculty organisation for students within that specific faculty. The goal of faculty organisations is to create a student community that can support the learning, development, and success of students.

STUDENT LIFE: PROGRAMMES

The goal of Student Life Programmes is to provide you with out-of-class experiences through various programmes and activities that can help you develop critical graduate attributes. The following Student Life Programmes are facilitated through Student Affairs:

- Leadership development
- Rag Community Service
- Arts and Culture
- Career Development
- Student Wellness Programme
- Gateway First-year programme
- Peer Mentor programme
- Student Dialogues programme

KOVSIESPSPORT

Our motto is “Participate, be involved, be part, taste the joy of being a student”. KovsieSport invites first-year students to become part of the proud tradition of sport at Kovies.

We offer the following to anyone who wants to participate in sports:

- Top-quality sport and coaches
- Opportunities to be selected for provincial teams
- Top-quality amenities
- Competition to compete at the highest level in your type of sport
- Recreational opportunities

CENTER FOR UNIVERSAL ACCESS AND DISABILITY SUPPORT (CUADS)

Enquiries: Martie Miranda +27 51 401 3713 | cuads@ufs.ac.za

The Center for Universal Access and Disability Support (CUADS) aims to ensure that the University of the Free State increasingly becomes a universally accessible higher education institution which embraces and is welcoming to all students, including students with disabilities.

CUADS assists students in gaining access to:

- Study courses
- All buildings on campus
- Learning material
- Residences
- Sporting activities
- South African Sign Language Interpreting service for Deaf, hard of hearing and deafened students
- Classrooms
- Computer facilities (the CUADS's computer lab houses the latest assistive technology and software; alternative furniture and adapted hardware for physically impaired and blind students)
- Specialised exam and test venues for alternative test and exam procedures

CUADS provides a support service for the following categories of students with disabilities:

- Specific learning difficulties (e.g. Dyslexia, ADD/ADHD, Hyperactivity).
- Mobility impaired (e.g. wheelchair users, amputees, Cerebral Palsy, Muscle Dystrophy, Spina Bifida, Multiple Sclerosis).
- Visually impaired – (e.g. blind, partially sighted, eye conditions). Students receive all their study material and textbooks according to the format of their choice, which includes:
 - Braille
 - Audio (material is read on a digital recorder)
 - Enlarged material
 - E-text.
- Hearing impaired (Deaf, hard of hearing and deafened).
- Debilitating psychological and other chronic conditions (e.g. Schizophrenia, Epilepsy, Panic Disorder).
- Temporary impairments (e.g. a broken hand).

Special arrangements include:

- Amanuensis during tests/exams.
 - Application for extra time during tests/exams according to their specific impairment. (This is done via a formal process of testing and interviewing by a panel from Student Counselling and Development.)
 - On request tutors are arranged for students in cooperation with the A-step programme (existing tutor programme) on campus.
- Visit the Center in the SASOL Library to make use of the services and support.
