VISION, MISSION, VALUES, EDUCATIONAL PURPOSE AND PHILOSOPHY**VISION**

To be a dynamic African university, recognised for its leadership in generating cutting-edge knowledge for a sustainable future.

MISSION

To offer a diverse range of life-changing educational experiences for a better world.

To achieve our vision and mission, we will ensure that:

- Our values inform and define our institutional ethos and distinctive educational purpose and philosophy.
- We are committed to promoting equity of access and opportunities so as to give students the best chance of success in their pursuit of lifelong learning and diverse educational goals.
- We provide a vibrant, stimulating and richly diverse environment that enables staff and students to reach their full potential.
- We develop graduates and diplomates to be responsible global citizens capable of critical reasoning, innovation, and adaptability.
- We create and sustain an environment that encourages and supports a vibrant research, scholarship and innovation culture.
- We engage in mutually beneficial partnerships locally, nationally and globally to enhance social, economic, and ecological sustainability.

VALUES

- **Diversity**
- **Excellence**
- **Ubuntu**
- **Social justice and equality**
- **Integrity**
- **Environmental stewardship**

EDUCATIONAL PURPOSE AND PHILOSOPHY

- We provide transformational leadership in the service of society through our teaching and learning, research and engagement activities.
 - To achieve this we are committed to developing the human potential of our staff and students in the full spectrum of its cognitive, economic, social, cultural, aesthetic and personal dimensions in the pursuit of democratic citizenship.
- We adopt a humanising pedagogical approach that respects and acknowledges diverse knowledge traditions and engages them in critical dialogue in order to nurture a participative approach to problem-posing and -solving, and the ability to contribute to a multi-cultural society.
- We inspire our stakeholders to be passionate about and respectful of an ecologically diverse and sustainable natural environment.
- We will be known for our people-centred, caring, values-driven organisational culture that will allow all members of the university community to contribute optimally to its life.

ABOUT NELSON MANDELA UNIVERSITY

Nelson Mandela University is a new generation university, distinguished by a wide range of study options and access routes open to students. With 470 programmes from certificate through to doctoral level across 200 different career fields, Nelson Mandela University truly is a comprehensive university.

Founded on more than a century of quality higher education, Nelson Mandela University nurtures innovation, fosters creativity, embraces technology and develops people towards changing the world for the better. The University was previously known as Nelson Mandela Metropolitan University (NMMU), but on 21 July 2017 it was officially re-launched as Nelson Mandela University – the only university in the world to have been given this privilege. Our alumni also come from the University of Port Elizabeth, the Port Elizabeth Technikon and Port Elizabeth campus of Vista University, as these three institutions were merged to form NMMU in 2005.

The University has a strong record of accomplishment of research, working extensively in partnership with business and industry, and has an even more exciting future ahead of it, especially in terms of its contribution to the socioeconomic development of the metro, region, country and continent of Africa.

This is due, among other new and growing ventures, to Nelson Mandela University's bold journey towards becoming the leading destination for all Ocean Sciences related teaching, learning, research and engagement in Africa with the launch of its dedicated Campus in September 2017.

Our campuses

The launch of the Ocean Sciences Campus means Nelson Mandela University now has seven campuses and about 27 000 students.

Six of Nelson Mandela University's campuses are in Nelson Mandela Bay and one is in George on the Garden Route. The seven campuses are:

- South Campus in Summerstrand (within a 720-hectare private nature reserve)
- North Campus in Summerstrand
- Ocean Sciences Campus, adjacent to North and South campuses in Summerstrand
- Second Avenue Campus, home to our "green" Business School, in Summerstrand
- Bird Street Campus, a growing postgraduate arts hub in Central
- Missionvale Campus in Missionvale
- George Campus in George

Facilities and supportive teaching and learning environment

Nelson Mandela University is privileged to have outstanding facilities. All students have access to well-equipped laboratories, some of which are open 24/7, and free Wi-Fi throughout all its campuses. All lecture halls are equipped with the latest technology and students have the opportunity of using additional e-learning tools online. The campus libraries and information services network offers a state-of-the-art integrated online system. There are cafeterias, food courts and coffee shops.

A range of opportunities is provided to enhance the academic success of students. These include a first-year orientation programme, peer-facilitated learning opportunities (eg, Supplemental Instruction, e-PAL, tutorials, practicals, mentor programmes, 'Keys to Success' workshops and online resources). The University also promotes learning and development beyond the classroom towards enhancing holistic student development. To recognise this learning, Nelson Mandela University has developed an innovative, electronic co-curricular record system. This record complements the students' academic record.

The University also offers the finest sporting facilities in the Eastern Cape and numerous venues for conferences, meetings and other special events.

Faculties

Nelson Mandela University has seven faculties. They are:

- Arts
- Business and Economic Sciences

- Education
- Engineering, the Built Environment and Information Technology
- Health Sciences
- Law
- Science

Academic focus areas

Though the University prides itself on its vast range of programme offerings, it has a number of strategic areas in terms of its core business of teaching and learning, research and engagement. These are:

- Health and wellness
- Economic and business development with a focus on job creation and entrepreneurship
- Materials and process development for industry and manufacturing
- Emerging information and communications technology for development
- Environmental and natural resource management
- Culture, communication and language
- Leadership, governance, democracy and justice
- Educational development in support of excellence in teaching, learning and curriculum
- Infrastructure and human settlement development

Strategic research areas

- Biodiversity conservation and restoration
- Coastal marine and shallow water ecosystems
- Cyber citizenship
- Democratisation, conflict and poverty
- Earth Stewardship Science
- Health and wellbeing
- Humanising pedagogies
- Manufacturing technology and engineering
- Nanoscale characterisation and development of strategic materials
- Science, Mathematics and Technology Education for Society
- Strategic energy technologies
- Sustainable human settlement development and management
- Sustainable local economic development

Research and Engagement entities

Nelson Mandela University has more than 30 focused institutes, centres and units that exist over and above the formal academic structures. These are aimed at promoting research, technology transfer and innovation. They include the likes of InnoVenton, the University's go-getting Institute for Chemical Technology and Downstream Chemicals; eNtsha, an institute that focuses on seeking solutions through engineering; Earth Stewardship Science Research Institute (ESSRI); and the Institute for Coastal and Marine Research. Many are award-winning entities. The University also has many more engagement institutes, centres and units and two clinics serving society in various initiatives. Its mobile Zanemphilo health platform, for example, serves both indigent communities and its Health Sciences students with practical experience. The latter forms part of the growing Interprofessional Education (IPE) that will undergird the University's Health Science qualifications as it moves towards the formalisation of its Medical School.

'Green' endeavours

In line with its value of respect for the natural environment, Nelson Mandela University is involved in a large number of "green" initiatives that will not only reduce its own carbon footprint but is also assisting others in seeking renewable energy resource solutions. The university's Business School, for example, was the first in the country to be awarded four-star "green" accreditation for a public and education building by the Green Building Council of South Africa in 2013. The "green" agenda is supported by the Centre for Renewable Energy, which is recognised as a research leader in the field, and the University's overriding strategic priority towards all-round environmental economic and environmental sustainability.

International links

Just over 8% of the University's student body comes from 84 different countries outside of South Africa. The Office for International Education fosters relationships and manages inter-institutional linkages to enrich both Nelson Mandela University staff and students. These partnerships also foster our growing research.

Reasons to be proud:

- Nelson Mandela University's diversity and multiculturalism. Our African students come from 32 countries on the continent.
- Nelson Mandela University is the only University in the world to be named after the global icon Nelson Mandela
- The Centre for High Resolution Transmission Electron Microscopy (CHRTEM) is the only place in Africa where scientists can view atoms in line with the University's growing prominence for nanoscience.
- The University was chosen to host the country's 10th Medical School, and expects its first cohort of medical students from 2020.
- 43% of our academic staff have doctoral degrees, which is above the national average.
- New infrastructure like the second iconic Engineering Block on North Campus, the High Performance Complex complete with a 100m research sprint track, and the Science Building on South Campus.
- The University has the only dedicated Ocean Sciences Campus in South Africa and is working together across disciplines – from the Arts through to Zoology – to find innovative, sustainably solutions in growing the country's blue economy.
- Nelson Mandela University has excellent links with industry and business, particularly within the pharmacy, tourism, the automotive industries and now with all Ocean Sciences-related partners.
- Nelson Mandela University's ongoing education partnership of ten years with Fifa, as one of only two presenters in Africa of an international sports management programme through the Centre International d'Etude du Sport (CIES).
- In 2012 the University was selected to facilitate the country's first electric e-mobility programme and technical centre, called the uYilo e-mobility programme.
- The University has extensive expertise within the field of friction processing which has resulted in numerous national awards for the patented technology, WeldCore®. This technology has saved industry vast sums of money.
- Nelson Mandela University's accounting and pharmacy students who continue to produce top results in their national external examinations.
- The University's international award-winning choir which continues to perform around the globe to wide acclaim.

ACADEMIC DRESS

Special academic attire was designed for office-bearers at Nelson Mandela University to be worn at prestigious academic events like graduation.

Each outfit – from that of the Chancellor and Vice-Chancellor to those of the Executive Deans – has been meticulously selected to signify a particular office; this is a tradition that is consistent with universities throughout the world.

The gowns, caps and hoods of Nelson Mandela University graduates were similarly inspired and are explained in detail below.

Academic dress for graduates at Nelson Mandela University is as follows:**Doctoral degrees**

Gown: Cardinal red polyester cashmere gown with long pointed sleeves pleated up with blue cord and button and lined with blue satin with 125mm facings and a blue collar.

Hood: Full shape hood in cardinal red polyester cashmere lined with faculty colour satin and edged around the cowl with 75mm faculty colour ribbon with 15mm blue ribbon overlaid central. 50mm wide straight neckband in cardinal red polyester cashmere, 25mm faculty colour ribbon in centre of neckband with 15mm blue ribbon overlaid central to faculty ribbon.

Cap: Round doctor's bonnet in black velvet with faculty colour cord and tassel.

About eNtsa

eNtsa is an engagement institute within the Nelson Mandela University. As an internationally recognised innovation hub, the group focuses on engineering design, component and material testing, prototyping and industrial R&D. Furthermore, through uYilo eMobility Technology Innovation Programme, the institute serves as national multi-stakeholder collaborative programme focused on enabling and facilitating electric mobility technology development (engineering services, co-ordination, funding) to accelerate the development and commercialisation of electric mobility technologies

eNtsa continuously strives to enhance technology innovation and to stimulate a climate of sustainable socio-economic growth in South Africa. This engagement institute maintains strong relations with the Technology Innovation Agency (TIA) and the Department of Science and Technology (DST).

The group consists of technical engineering staff, scientists, office professionals, researchers and interns, working full-time on industry projects, utilising advanced skills and technologies to meet the needs of industry and align itself with the Nelson Mandela University's vision and mission by creating an innovation culture and enhancing social, economic and ecological sustainability.

SOUTH AFRICAN INTERNATIONAL MARITIME INSTITUTE (SAIMI)

CEO Dr Malek Pourzanjani
 CEng, FIMar Est, FNI, BScHons, PhD

Objectives and functions

- Co-ordinate , promote and support the education, skills and research needs of the maritime sector
- Increase the quality of teaching, learning and research in the maritime sector.
- Support professional development in the maritime sector. Facilitate international and African continental co-operation
- Broaden the range of education options to meet industry needs.

SAIMI broadly focuses on meeting the identified needs of the maritime sector for:

- Co-ordination of programmes, projects and research
- Promoting co-operation and collaboration amongst industry, educational institutions and other role-players in the sector
- Ensuring educational gaps are filled
- Promoting articulation between levels of qualifications and institutions

CENTRES

ADVANCED MECHATRONIC TECHNOLOGY CENTRE (AMTC)

Manager Mr K du Preez
M Dip Tech Mech Eng (PET), TMSAI Mech E, MSAI Mech E, MSAIRAC

Objectives and functions

To develop technologically competent persons who are able to:

- Expand the boundaries of technology by means of technology analysis and innovation.
- Operate independently or with limited supervision in a technology environment.
- Contribute to society, both within the community and the economy.
- Engage in research and development.

Supporting Objectives

- Provide resources that assist learners to acquire the intellectual and functional skills needed for technological tasks.
- Provide a mechanism for HR development through further education and recognition of learning.
- Develop entrepreneurial skills so that the learner can engage in meaningful and rewarding business activities.
- Assist SMME's to implement and manage Learnerships.

CENTRE FOR COMMUNITY SCHOOL (CCS)

Director Dr Bruce Damons STD (UWC), ACE School Leadership, BEdHons, MEd(NMMU),
PhD (NMMU)

Mission

The Centre for the Community School aims to contribute to educational improvement in South Africa by developing theoretical and practice-based models of school improvement that are relevant and responsive to the contextual realities of schools in South Africa.

Housed

The Centre forms part of the Education Faculty and is housed on the Missionvale Campus in Building no 519, 1st Floor

Objectives and Functions:

One of the key objectives of CCS is to serve as a national resource centre that elevates the concept of the Community School as a credible, replicable and sustainable model for educational

improvement in South Africa. The activities of the Centre will revolve around the following focus areas:

- **Teaching:** The Centre will facilitate the development of a course on the Community School Teacher that focuses on the knowledge, dispositions, and skills required by current and aspiring educators working in Community Schools.
- **Internships:** Students enrolled in Nelson Mandela University's Education Faculty who are taking any of the above courses will be able to do an internship in a Community School and work on a practice/research-based project as part of their coursework. Due to the cross-disciplinary focus of the Centre, internships will also be offered to students from other departments at Nelson Mandela University, for example Psychology, Counselling and Social Work, whose areas of interest have direct relevance to the work of the Community School.
- **Research and Publications:** The Centre will offer research opportunities to master's and doctoral students through its projects. Faculty members will also produce research articles for publication in accredited journals.
- **Community School Improvement Programmes:** The Centre will offer a programme of events that focuses on school and community improvement, and is aimed at students, parents, teachers and other community members. These programmes will encourage community-wide interest and engagement in school-related activities. It will include workshops, short courses, guest lectures, community conversations, information sessions, and film screenings.
- **Resource Centre:** The Centre will gather information on Community School-related resources, and refer community members, educators, and other school partners to appropriate resources as needed in their efforts to support and advance the Community School concept.
- **Networking:** In seeking to support and promote the concept of the Community School as an important school improvement model, the Centre will establish relationships with other groups and organisations that have a similar focus in South Africa and other countries.

CENTRE FOR INTEGRATED POST-SCHOOL EDUCATION AND TRAINING (CIPSET)

Director Ivor Baatjes
 BSc Ed (UWC); MA (Dalhousie, Canada)

Mission

The mission of the Centre is to support and build progressive capacity in the Post School Education and Training Sector and to inform policy and practice through collaborative research and social action.

Housed

Office of the Deputy Vice Chancellor: Research and Engagement

Objectives

- Promoting an intellectual project that focuses on democracy, citizenship and social justice as central to Post School Education (PSE) in South Africa;
- Defining, developing and implementing a research agenda that supports PSE in South Africa;
- Establishing programmes and projects that support PSE in South Africa;
- Collaborating with educational groups, institutions and agencies in order to develop and strengthen PSE;
- Building research capacity that advances the PSE system in South Africa;
- Producing academic and scholarly work in PSE in a manner that promotes social justice and the public good;
- Serve as a regional and national resource centre that focuses on research-informed, evidence-based strategies to enhance the strategic, policy and educational impact of the PSE sector.
- Provide research opportunities for postgraduate students and scholars in respect of PSE.

- Provide strategic direction and central administrative support for the various University initiatives within the PSE sector.

CENTRE FOR LAW IN ACTION (CLA)

Director Prof HJ van As
 BJuris (UNISA), LLB (Vista), LLD (Stell), NDip Pol (SA)

Mission

CLA engages with all sectors of civil society that serve community needs and contributes to sustainable development through capacity building, skills development, the rendering of institutional support and the establishment of best practices and benchmarks. Since 2015 its focus includes sea fisheries and related crimes.

Housed

The Centre is housed in the Faculty of Law with offices at the Missionvale and Bird Street campuses, Faculty of Law Services Building in Cuyler Street.

Objectives and functions

Primary aim:

The primary aim of CLA is to improve the levels of service delivery by the different spheres of government through the effective implementation of existing legislation and to increase access to justice for the less fortunate sections of society through:

- The improvement of the skills and capacity of those who are involved in public affairs, and who can make a contribution towards improving service delivery.
- Assisting public authorities to implement and enforce legislation to effectively manage public problems and issues.
- Assisting communities to improve their quality of life through creating access to legal resources.
- Ensuring that government officials comply consistently with legislation and policy directives on migrant rights in general and refugee law in particular.
- Providing paralegal and other pro-bono legal services for refugees, asylum seekers and migrants.
- Improvement of local government, by increasing the effectiveness of councillors and officials.
- Making the results of technical reports available for the benefit of communities and society at large and engaging appropriate government departments, NGO's and CBO's.

CLA operates as a number of structures that seek to fulfil various targets within its directive. The main structures are the recently established Fisheries Law Enforcement Academy (FishFORCE), the Refugee Rights Centre (RRC) and the Unit for Development (UD)

Fisheries Law Enforcement Academy (FishFORCE)

Project Manager: Prof HJ van As
 BJuris (Unisa), LLB (Vista), LLD (Stell), NDip Pol (SA)

Housed

The FishFORCE is housed at the Bird Street Campus, Faculty of Law Services Building in Cuyler Street

An agreement was signed between the Nelson Mandela University and the Norwegian Ministry of Foreign Affairs in terms of which an Academy for the training of officials who are involved in the fight against fisheries crime will be established.

The project will be approached in three phases namely:

- 1) Phase 1, where the baseline in terms of fisheries law enforcement and prosecutions will be established and pilot training will be undertaken
- 2) In phase 2 a regional training centre will be established for Sub-Saharan Africa and coordination will be undertaken with strategic partners to facilitate cross-border and inter-agency law enforcement of fisheries crime

- 3) Phase III will involve the adjustment and improvement of the geographical spread to countries in South-East Asia.

Objectives and functions

- Establish fisheries crime law enforcement as a new and emerging fisheries compliance model.
- Endeavour to achieve knowledge and intelligence led investigations and increase successful prosecutions of criminals engaged in fisheries crime.
- Build capacity and to also enable fisheries law enforcement officers to obtain formal qualifications in their chosen field of expertise.

Refugee Rights Centre

Head: Mr L Harmse
BA, LLB (Vista)

Housed

The Centre is housed at the Bird Street Campus, Faculty of Law Services Building in Cuyler Street.

Objectives and functions

- Ensuring that government officials comply consistently with legislation and policy directives on migrant rights in general and refugee law in particular.
- Providing paralegal and other pro-bono legal services for refugees, asylum seekers and migrants.
- Contributing towards the creation of a just, rights-based and enabling environment for cross-border migration in South Africa.
- Improving the capacity knowledge, skills and networks of the state and civil society service providers, organized migrant and refugee groups, local and provincial government agencies and other relevant stakeholders in South Africa with the regard to the rights and services available to refugees, asylum seekers and migrants.

Unit for Development (UD)

Head: Prof HJ van As
BJuris (UNISA), LLB (Vista), LLD (Stell), NDip Pol (SA)

Housed

The Unit is housed at the Bird Street Campus, Faculty of Law Services Building in Cuyler Street.

Objectives and functions

- The improvement of the skills and capacity of those who are involved in public affairs, and who can make a contribution towards improving service delivery.
- Assisting public authorities to implement and enforce legislation to effectively manage public problems and issues.
- Development and registration of short learning programmes.
- Marketing and presentation of short learning programmes.
- Project management, financial and personnel services for the various sub-entities in the Centre.

SOUTHERN AFRICA CISCO ACADEMY SUPPORT CENTRE (SACASC)

Manager Mr G Kudyachete
BEng(Electronics) Hons(N.U.S.T., Zim), MSc Tel(University of Pittsburgh, USA)

Objectives and functions

The Objectives of the SSA CATC are:

- To play a leading role in The Cisco Networking Academy Program in Sub-Saharan Africa.
- To contribute to the empowerment and sustainable development of all Academies by providing support to all Academies on an equal basis, and facilitating quality, affordable communication networking and related training.

Objectives

- Support the provision of a diverse range of quality educational and training opportunities in the Post-School Education (PSE) sector to contribute to creating increased opportunities for youth and adults not in education, employment and training.
- Facilitate access and articulation pathways for learners from the PSE sector who fulfil the admissions criteria for career-focused university qualifications, especially in scarce skills fields of study.
- Provide for multi-disciplinary capacity development interventions within the PSE sector to ensure that such institutions become educational providers of first choice regionally and nationally.
- Serve as a national and regional resource centre that focuses on research-informed, evidence-based strategies to enhance the strategic, policy and educational impact of the PSE sector.
- Provide research opportunities for postgraduate students and scholars in respect of PSE.
- Provide strategic direction and central administrative support for the various University initiatives within the PSE sector.

CLINICS

UNIVERSITY PSYCHOLOGY CLINIC (UCLIN)

Director Prof JG Howcroft
 BA, BAHons, MA Clin Psych (UPE), PhD (Vista)

Mission

UCLIN is a facility dedicated to the education and professional training of postgraduate psychology students with the end result of registration in specific categories of Clinical, Counselling, Educational or Research Psychology. UCLIN strives towards academic excellence by ensuring that students develop a comprehensive understanding and practical experience of a broad spectrum of psychological, psycho-neurological and psycho-educational problems, as well as assessment procedures and therapeutic interventions that would meet the needs of the diverse South African population.

Housed

The Clinic is housed on the South Campus, Building 7, Lower Ground.

Community Psychology Centre (Missionvale Campus)

Coordinator Dr J Jansen
 MA Clin Psych (UPE)

Objectives and functions

The Community Psychology Centre on the Missionvale Campus is a satellite of the University Psychology Clinic. It is also a professional training unit for postgraduate psychology learners in the Faculty of Health Sciences with the end result of registration in the specific category of Counselling Psychology. It was established to provide broad based community psychological services in the form of psychological assessment procedures and therapeutic interventions. Thus through its teaching and training, community service and research, the Centre aims towards the evolving of newer and more contextually relevant models of psychological assessment, counselling and psychotherapy. The three main functions of the Centre are therefore:

- To provide a facility dedicated to the education and training of postgraduate psychology learners leading to professional registration with the Health Professions Council of South Africa.
- To cater for the dire need of mental health services and programmes in the Nelson Mandela Metropolitan region by increasing the access and affordability of such services to the poor and underprivileged surrounding communities.
- To form a scientific research hub for a variety theoretical and applied projects.

UNITS***GOVAN MBEKI MATHS DEVELOPMENT UNIT (GMMDU)***

Head Prof WA Olivier
 BScHons, MSc, PhD (UPE)

Mission

To promote mathematical (primary focus) and science (secondary focus) expertise and awareness amongst school educators and learners; and to develop mathematical content knowledge and skills amongst educators and learners mainly, but not exclusively, at the FET level.

Housed

The Unit is housed in the CSIR Building, 4 Gomery Ave, Summerstrand, Block A.

LABOUR AND SOCIAL SECURITY LAW UNIT (LSSLU)

Head: Prof JA van der Walt
 BJuris, BAHons (UPE), LLB (UNISA)
 Deputy Head: Prof A Govindjee
 BA, LLB(RU), LLM (Labour Law) *cum laude* (UPE), LLD(NMMU), Attorney of the
 High Court

Housed

The Institute is housed at the Faculty of Law, South Campus.

Objectives and functions

- To undertake research on labour and social security law.
- To train students and the broader community in labour and social security law.
- To undertake contractual investigations and research relating to labour and social security law.
- To disseminate information on labour and social security law matters.
- To provide a forum for communicating research findings.
- To fulfil any other function considered by the Board or Committee to be necessary and expedient to promote the interests and objectives of the Unit.

UNIT FOR BIOKINETICS AND SPORT SCIENCE (UBSS)

Head Prof R du Randt
 BSc(PhysEd), M PhysEd, PhD(Stell)

Mission

The staff of the Unit for Biokinetics and Sport Science is committed to providing community service at the highest professional level, the best possible academic support, and to actively stimulate and promote research in the various disciplines of Human Movement Science to optimize the potential of our communities towards sustainable development.

Housed

The Unit is housed in the Department of Human Movement Science within the Faculty of Health Sciences.

Objectives and functions

- To create an experiential learning opportunity for the students of the Department of Human Movement Science.
- To engage with the community with the view to deliver a service and to understand their needs.
- To stimulate, promote and facilitate research.
- To generate third stream income for the Department of Human Movement Science.

The function of the UBSS is twofold:

- To promote and restore health (Biokinetics services); and
- To enhance performance (Sport Science services).

UNIT FOR STATISTICAL CONSULTATION (USC)

Head Vacant

Mission

To enhance the research capacity of Nelson Mandela University staff and senior postgraduate students and to ensure the integrity and quality of research produced at University by providing a comprehensive statistical consultation service to the designated staff and student groups.

Housed

The Unit is housed in the Faculty of Science.

Objectives and functions

The USC provides a free, comprehensive statistical service to master's and doctoral students and staff who are doing non-contract research that will culminate in at least one article published in an accredited journal. Our functions include support for all stages of primarily quantitative research and to a lesser extent qualitative research.

REGISTERED RESEARCH ENTITIES

INSTITUTES

AEON – EARTH STEWARDSHIP SCIENCE RESEARCH INSTITUTE

Directors Prof Maarten de Wit
 PhD (Cambridge University, UK)

 Prof Moctar Doucouré
 PhD (University of Paris, France)

Mission

AEON-ESSRI aims to provide a university-wide research and educational environment to seek consilient knowledge and engagement amongst earth and life sciences, engineering, resource economics, human and cultural sciences through application and dissemination of Earth Stewardship Science. It will foster cutting-edge, internationally-connected, science and analytical learning using advanced tools and technologies in an environment that fosters solving complex problems through transdisciplinary science to explore sustainability for people and the planet, particularly in Africa.

Housed

The Earth Stewardship Research Institute is temporarily housed in the Science Faculty (Building 13) South Campus.

History

AEON-ESSRI was established in August 2013 at the Nelson Mandela University out of AEON - Africa Earth Observatory Network, a self-managed research entity founded in 2005 while the co-founders were at the University of Cape Town.

Description of major programs and services

AEON-ESSRI will endeavour to continue as a lead institute in the DST's Global Change Grand Challenges program, as AEON has done, and provide an enabling space for the new SARChi Chair of Earth Systems Science and, where appropriate, other existing research units such as the Ethics Research Unit.

- **Research and Development**

Research at AEON-ESSRI is focused around 4 major programmes of national and international interest, all multidisciplinary in character.

Programme 1: Inkaba yeAfrica – ‘Total interconnectivity’

The purpose of this programme is to understand the interconnectivity between Earth and Space through a blend of pure and applied Earth Systems Science while building scientific capacity in (southern) Africa. The programme has achieved flagship status because of its fully integrated capacity building programme. It was initiated primarily as a joint research programme between German and South Africa research communities (<http://www.inkaba.org>). The Earth Observation component of this programme now includes a new National Academic Co-Located Seismology Network, with a node being developed at the University, managed from the AEON EarthTech Hub at the Tshwane University of Technology and linked to the Space Geodesy Observatory in Hartebeesthoek (HartRAO).

Programme 2: iKhure – ‘The story is the African wind’

This programme explores the dynamic co-evolution of Earth and Life and their links to tectonics and climate change. It concerns the coupled geo-ecodynamic history of the solid Earth, its fluid envelope and the intervening biosphere, from the early earth to its present state. iKhure was initiated as a cooperation programme between South African and French Earth Science research communities (<http://www.ikhure.org>). A major scientific project under this programme is TopoAfrica, which aims to reconstruct and quantify the past topography of Africa over the last 250 million years.

Programme 3: iPhakade – ‘Observe the present and consider the past to ponder the future’

Under this programme, AEON-ESSRI aims to induce and catalyse the emergence of a new trans-disciplinary science – Earth Stewardship Science – that will integrate research on, and teaching in, our understanding of the dynamic resilience of our Earth-Life-Social System and help us to better define our life support systems within which we will mitigate, adapt, and manage the global commons in the Anthropocene. Major research and development projects under iPhakade include

- **Karoo Shale Gas Research** (see www.karooshalegas.org);
- **Airborne Geophysical Observatory (AGEO)** – a combined multi-sensor data acquisition platform and data processing system to track coastal ecosystems, earth resources and the built environment in partnership with the industry.

Programme 4: Africa Alive Corridors – ‘Journeys through Africa’s autobiography with everyone a stakeholder’

Africa Alive Corridors aims to address major Earth Stewardship goals in Africa by tracking Africa’s biographical journey through a selection of 20 chronologically sequenced corridors. This programme is about a holistic evaluation of unique heritages that are the corridors and offer ideal foci for facilitating sustainable socio-economic development through co-ownership and co-curatorship of Africa’s natural laboratories.

- **Teaching and learning processes**

AEON-ESSRI through its members contributes to the teaching and facilitation of learning processes in the Geosciences at Nelson Mandela University. It’s Commons, an interactive working space and multi-mentorship environment, host graduate and postgraduate students and researchers across disciplines. The Earth Stewardship Foundation Course, a major programme designed to facilitate learning processes across the university, is considered for implementation at the University through the Chair of Earth Stewardship Science.

- **Services and Engagement**

AEON-ESSRI will offer internal and external services through a number of activities including short courses, earth stewardship club membership for industry, partnerships around the Africa Alive Corridors, and contract services in data processing and training. Outreach programmes for rural communities are being developed including through the Science and Technology Train to be operated by the EarthTech Hub out of a base near the newly established AEON-connected Geodetic Centre at Matjiesfontein. Direct engagement promoting interaction and outreach across the African continent is also provided mainly through the AEON-UNESCO partnership in Geoscience Education in Africa.

INSTITUTE FOR COASTAL AND MARINE RESEARCH

Head (interim) Dr D du Preez
BScHons (University of the Witwatersrand), MSc, PhD (UPE)

Mission

The mission of the ICMR is to provide up-to-date information and expert advice on all aspects of environmental management in the coastal zone of Africa. This is achieved by conducting relevant research, environmental assessments, specialist reports, environmental reviews and management plans. In doing this, the Unit strives to achieve the university's mission to be a major provider of cutting edge knowledge to local, national and international communities.

Housed

The Institute is housed in the Faculty of Science.

Objectives and functions

The main objective of the ICMR is to conduct relevant research in the coastal zone of Southern Africa to ensure that the resources in the area are sustainably managed and sensitive areas are adequately protected and conserved. The complexity of the coastal zone involves an integrated approach and the IECM facilitates multi-disciplinary research through the collaboration of experts in diverse disciplines such as botany, chemistry, economics, geosciences, sociology and zoology.

INNOVENTON: INSTITUTE FOR CHEMICAL TECHNOLOGY AND DOWNSTREAM CHEMICALS TECHNOLOGY STATION (INNOVENTON)

(Incorporating the TIA Downstream Chemicals Technology Station)

Director Dr G Dugmore
DTech Chemistry(PET)

Mission

InnoVenton's mission is to:

- Develop and commercialize new product and manufacturing technologies in the integrated disciplinary field of chemical technology, biotechnology, and engineering. In so doing we will train the next generation of technological scientists and provide R&D, technology support and analytical and testing services to our stakeholder community as part of the National Innovation System.
- Our aim is to commercialize at least 2 additional technologies, graduate at least 100 additional technologists, and increase our revenue by at least an additional R5 million/year by 2018.

Housed

The Institute is housed in the Faculty of Science at 1-11 Gomery Road, Summerstrand.

History of InnoVenton

InnoVenton has been operating formally as an Institute of Chemical Technology since the start of 2006.

Description of major programs and services

InnoVenton: Institute for Chemical Technology is a formally registered Research Institute at the University, whose principle research focus is in Product and Process Development. The Institute strives to be self-sustaining through income generated from services to industry, income from technology transfer projects and royalties from patents.

The Institute incorporates the **Downstream Chemicals Technology Station**, a Government funded initiative to make available high level research, technological services and training, to technology based Small and Medium Enterprises, and South African Industry as a whole.

Key Performance Areas

The 2016 - 2018 Strategic Plan approaches the deliberate focussing of the organization by revising and refining the key performance areas of the Institute into four areas, namely "Research Development Implementation" (RDI), Integrated Technological Training (ITT), Services Implementation (SI) and Organizational Design Implementation (ODI). The specific terminology chosen reflects the focus being placed on technological output. Thus, research and development is aimed at the development and implementation of technologies, products, etc.; training is aimed at training technologically competent manpower that could sustain the technological value chain as well as the development of the economy/society by implementation/operation of new technologies; Services implementation is aimed at deploying effective service renderings in support of the Institute's own development activities, as well as to the Institute's stakeholders as part of the wider National Innovation System; and organizational design implementation is aimed at designing business systems, policies, processes, procedures

CENTRES***BUILT ENVIRONMENT RESEARCH CENTRE (BERC)***

Director Prof WMW Shakantu
 BSc (CBU), MSc (Reading), PhD (GCU), MCIQB, Pr.CM Chartered Construction
 Manager

Mission

The Built Environment Research Centre conducts cross faculty cutting edge built environment industry originated research, facilitates the learning of industry sponsored MSc and PhD candidates, and engages in extensive collaboration with other research institutes regionally, nationally, and internationally.

Housed

The Centre is housed in the School of the Built Environment, C-Block, Room C210, North Campus.

Objectives and functions

The purpose of the Centre is to contribute to the establishment of new research and development thereof, take advantage of research opportunities within the built environment and facilitate knowledge transfer to and from the built environment through research enterprise. The aims are to:

- To provide opportunities for practicing professionals to conduct applied research at MSc and Doctoral level with a view to finding solutions to problems in their immediate work environment (Professional Doctorates);
- Brand the University built environment research excellence;
- Expand built environment research capacity through the harnessing of multi-disciplinary research competencies in the school, faculty and university; and
- Produce research outputs tailored to specific needs of the Built Environment industry stakeholders.

CENTRE FOR AFRICAN CONSERVATION ECOLOGY (ACE)

Director Prof G I H Kerley
 BSc Hons(UPE), MSc(UP), PhD(UPE)

Mission

The Mission of ACE is to develop scientific knowledge of the ecology and conservation of African ecosystems, especially in the Eastern Cape and adjacent regions of high biodiversity, which will enable society to make wise environmental management decisions. In achieving its Mission, ACE will build human capacity through postgraduate training.

Housed

The Centre is housed in the Faculty of Science, Biological Sciences Building, Room 12-014, South Campus.

Objectives and functions

To enhance delivery of core services of the Nelson Mandela University by operating an entity that provides an enabling environment to stimulate and integrate cooperative research and training, attract funding to support students and contract researchers, facilitate and co-ordinate interaction with stakeholders and funders. This contributes to the achievement of the University's goal of addressing the needs of civil society, through the broad field of terrestrial ecology.

CENTRE FOR THE ADVANCEMENT OF NON-RACIALISM AND DEMOCRACY (CANRAD)

Director Mr A Zinn
BA (UCT), HDipEd (RU), Ed. M. (Columbia University, USA), MA (Columbia University, USA)

Mission

The Centre for the Advancement of Non-Racialism and Democracy seeks to harness collective institutional capabilities in relation to academic endeavours in research, teaching and learning, evidence-based advocacy and interventions in advancing non-racialism and democracy. The activities of the Centre will be multi/inter/cross/trans-disciplinary and will be informed by a shared understanding of the interdependence of research, advocacy, education and intervention. Specifically, the Centre will strive to undertake cutting-edge social research, educational engagement and advocacy aimed at raising public understanding and policy support for the pursuit of a non-racial, democratic South Africa.

Housed

North Campus, New Administration Building, 2nd Floor, Room 222.

Objectives and functions

The Centre's work will bring into focus important and inter-related questions about constructs of racism and its alternatives (non-racialism, multiculturalism, social justice, etc.), the relationship between 'race', class and gender inequality, identity, reconciliation and social cohesion and policies enabling transition to a non-racial, democratic society.

CENTRE FOR COMMUNITY TECHNOLOGIES (CCT)

Director: Prof D van Greunen
HDE, FDE, BAHons, MA (UPE), PhD (UNISA), PMIITPSA, MICSIT

Mission

The mission of the CCT is to promote radical development of the human potential of particularly disadvantaged communities through the use of technologies. In achieving its mission, the CCT will build human capacity through postgraduate training and enterprise development in rural and disadvantaged communities.

Housed

The Center is housed in the Faculty of Engineering, the Built Environment and Information Technology, Room R134, 1st floor of the Goldfields Building on the North Campus.

Objectives and functions

The core functions of the CCT include the advancement of technology research and development that will in turn also lead to not only training and human capital development but also mentorship. As the center is both a research and engagement entity, it seeks to embrace the principles of integrated scholarship by ensuring that scholarly and research-informed interventions are embedded in its interventions in the different communities. The CCT establishes reciprocal and mutually beneficial relationships with external and internal stakeholders that will allow for knowledge sharing and a co-ordinated institutional strategy for community research and engagement.

CENTRE FOR ENERGY RESEARCH (CER)

Director Prof EE van Dyk
 PhD(UPE), PrSciNat, PrPhys

Mission

The Centre for Energy Research is a research based entity that strives to serve the energy needs of the region by means of training students and conducting applied energy research.

Housed

The Centre is housed in the Faculty of Science, South Campus and School of Engineering, North Campus.

Objectives and functions

The Centre for Energy Research is a multidisciplinary entity incorporating scientists, engineers and economists. The aims of the Centre are to:

- Produce human resource skilled in the energy field at BTech, master's and doctoral level.
- Perform strategic and competitive applied research.
- Promote public awareness and understanding of all forms of renewable energy, energy efficiency and its importance.
- To undertake contract research for local and international industries.
- To contribute to multi-disciplinary research with the view to enable new research and development between Materials, Science, Engineering, Economics and Environment Studies.
- To promote and strengthen international collaboration with partner universities performing related research in energy.

CENTRE OF EXPERTISE IN FORECASTING (CEF)

Director Prof Igor N Litvine
 PhD (Kiev Shevchenko National University), DEcon (University of Lorraine)

Mission

- To serve the forecasting needs of South Africa through training students and conducting applied research.
- Consolidate and develop existing forecasting expertise in the Department of Statistics.
- Generate meaningful research that is applicable in the South African and international contexts.
- Initiate innovative projects in line with the vision, mission and strategic priorities of the University.

Vision

- To become a recognized centre of forecasting expertise in South Africa and internationally.
- Known for innovative approach to problems.
- Able to work across disciplines.
- Academic rigor combined with practical approach.

Housed

- The Centre is housed in the D-block, North Campus. Enquiries: Room D0107.
- Website: <http://www.mandela.ac.za/coef>

CENTRE FOR HIGH RESOLUTION TRANSMISSION ELECTRON MICROSCOPY (HRTEM)

Director Prof JH Neethling
 PhD (UPE)

Mission

To conduct the most advanced nanoscale materials research on the African continent using an analytical atomic resolution transmission electron microscope and related instruments, and train highly skilled MSc and PhD graduates.

Housed

The Centre is housed in the Faculty of Science, Building 124, South Campus.

Objectives and functions

- The main aim of the Centre for HRTEM is to provide a broad community of SA scientists and students with a full range of state-of-the-art instruments needed for nanoscale materials research.
- The research to be carried out in the Centre for HRTEM, in collaboration with other institutions, will make significant contributions in the following focus areas of the National Nanotechnology Strategy: energy, chemical processing, minerals and advanced materials.
- This research is also well aligned with the 3rd Research Focus Area of the University which is: Materials, infrastructure and process development for industry and manufacturing.
- The Centre for HRTEM will contribute greatly to the University mission as an engaged people-centred University since it will collaborate extensively with other universities, institutions and industry in South Africa and abroad, and it will provide excellent training opportunities for postgraduate students.

CENTRE FOR RESEARCH IN INFORMATION AND CYBER SECURITY (CRICS)

Director Prof RA Botha BSc (UPE), BScHons (UPE), MSc (RAU), PhD (RAU), PGCHE (NMMU, MIITPSA)

Mission

The Mission of CRICS is to advance the knowledge and secure practices in the field of Information and Cyber Security. In achieving its Mission, CRICS will develop human capacity through postgraduate research.

Housed

The Centre is housed in the Faculty of Engineering, the Built Environment and Information Technology, R-block, North Campus.

Objectives and functions

To conduct and disseminate research in the fields of Information and Cyber Security, as well as to engage with governmental, public and private organizations and society at large towards the implementation of safe and secure information and cyber security practices.

MADIBAZ/ TELKOM CENTRE OF EXCELLENCE (CoE)

Head Prof JL Wesson
PhD(UPE), MIITPSA, MICSIT

Mission

The Madibaz/Telkom Centre of Excellence (CoE) is a research-based centre that strives to serve the needs of the Information and Communication Technology (ICT) industry by developing highly qualified Master's and Doctoral graduates through applied research in collaboration with its Industry partners.

Housed

The Centre is housed in the Departments of Computing Sciences and Information Systems and Physics in the Faculty of Science.

Distributed Multimedia Applications Unit

Head Prof JL Wesson
 PhD(UPE), MCSSA, MICSIT

Objectives and functions**SmartAssist: A model for a smart environment using natural interaction and smart devices to improve the quality of people's lives**

The aim of this project is to design a model for a smart environment using advanced technology that can improve people's lives. The interaction with this environment will incorporate natural interaction, including gesture-based interaction, multimodal interaction and smart devices. Personalization will be used to recognize the user and allow customization. This smart environment will serve as a prototype for a smart home or a smart office.

Objectives directly related to the research project

1. Designing and building a smart environment using advanced technology to meet the requirements of SmartAssist.
2. Identifying what types of applications are most suitable for SmartAssist users in South Africa.
3. Developing prototype SmartAssist applications for South African users taking the socio-technical aspects into consideration.
4. Designing a model for SmartAssist incorporating natural interaction.

Optical Fibre Research Unit

Head Prof AWR Leitch
 BSc, BScHons, MSc, PhD (UPE)

Objectives and functions

The specific objectives of the Research Unit are the following:

- To research the factors necessary for upgrading to the Next Generation Network (NGN) in South Africa.
- To investigate the factors necessary for the deployment of "Fibre-to-the-Neighbourhood" (FTTX) in metropolitan areas in South Africa.
- To study the issues limiting high-speed optical fibre networks, in particular polarisation mode dispersion (PMD) and chromatic dispersion (CD).
- To support efforts to establish a modern optical fibre network in Africa, through the training of postgraduate students from different African countries in the key technologies.
- To evaluate the cable deployment procedures in order to identify the key factors that may introduce additional PMD.

Housed

The Optical Fibre Research Unit is housed in a modern, well equipped Laboratory in the Physics Department of the Science Faculty.

Photovoltaics

Head Prof EE van Dyk
 PhD(UPE), PrSciNat, PrPhys

Objectives and functions

- To undertake a detailed study of various aspects of solar energy module design and performance, in order to provide a University research base that will enable the industrial partners to better utilize energy resources.
- To design and build a prototype Laser Beam Induced Current (LBIC) system for use in characterizing solar cells and PV modules.
- To develop a prototype concentrator photovoltaic system for remote applications.
- To develop human resources through the training of skilled graduates with expertise in the technical aspects of solar energy, for South Africa's present and future needs as part of

Telkom's Centre of Excellence programme. At present no other university in South Africa offers this specific training.

- To further develop the capabilities of the photovoltaic research facility at the NMMU for the benefit of solar energy users in South Africa and the rest of Africa.

CENTRE FOR RUBBER SCIENCE AND TECHNOLOGY (CRST)

Director Dr SP Hlangothi
 MSc(UNIN), PhD(NMMU), PDBA(NMMU)

Mission

To build knowledge and expertise for the South African rubber science and technology sector.

Housed

The Centre is housed in the Faculty of Science, Physics & Chemistry Building (13), Room 00-05, South Campus.

Objectives and functions

- Advancement of rubber related research and development programs across various disciplines.
- Provide analytical and technical services to the South African rubber and tyre manufacturing and recycling industries.
- Provide training in rubber science, technology and engineering at both undergraduate and postgraduate levels.

CENTRE FOR BROADBAND COMMUNICATION (CBC)

Director Prof T B Gibbon
 BScHons(UPE), HDE(UPE), MSc(UPE), PhD(NMMU)

Mission

The mission of the CBC is to be a leading provider of knowledge and expertise that can drive the development of advanced broadband infrastructure in South Africa. The Centre focuses on primary research, but drives this towards implementable solutions for the South African and African context. The Centre combines multi-disciplinary teams from different academic departments together with industry and sector-specific specialists to solve current problems and drive the broadband infrastructure agenda. The Centre acts as a nucleus for academic research in the field in South Africa, championing projects while working with industry and government stakeholders to achieve outcomes. Additionally, it initiates new technology development and determines future research themes in the field.

Housed

The Centre is housed in the Faculty of Science, Physics Building, Room 13 -01 53, South Campus, along with share facilities in the Department of Computing Sciences.

Objectives and functions

The CBC focuses on the following objectives and functions:

- To develop the human capacity required to support broadband research and industry implementation in South Africa.
- To ensure new technologies meet local requirements and are appropriate.
- To ensure that the rollout of broadband infrastructure enables South African citizens to participate in the information society.
- To ensure that the data produced by MeerKAT and Square Kilometre Array (SKA) can be adequately transported and aggregated for the benefit of humanity

CENTRE FOR COASTAL PALAEOSCIENCE (CCP)

Director Prof RM Cowling (PhD)

International

Deputy Director: Prof CW Marean (PhD)

National Deputy

Director: Dr AJ Potts (PhD)

Vision

By 2021, the CCP will be internationally recognized as a leading institution for conducting research on the Quaternary evolution of the biota (including early humans) of the species-rich south and southeast coast of South Africa.

Mission

The Mission of CCP is to conduct and coordinate Quaternary palaeoscientific research in an interdisciplinary context on the south and southeast coast of South Africa. The Centre also aims to build human capacity through postgraduate training.

Housed

The Centre is housed in the Faculty of Science, Biological Sciences Building, Floor 1, Room 0114, South Campus.

Strategic objectives

The proposed Centre will:

- conduct and stimulate research across all fields of palaeoscience that provide context for understanding the evolution of biota, with a focus on the human lineage;
- promote and facilitate inter-disciplinary, intra-institutional and inter-institutional palaeoscience research; and
- provide tuition in palaeosciences at undergraduate (by exposing students to the palaeosciences within existing modules) and postgraduate levels, and foster co-supervision of postgraduate students by international leaders in different fields.

UNITS***ACTION RESEARCH UNIT (ARU)***

Head Dr M Khau
BScEd (Nat Univ of Lesotho), PGDE (Life Orientation) *cum laude* (RAU), BEd
Hons *summa cum laude* (UKZN), MEd *summa cum laude* (UKZN), PhD (UKZN)

Objectives and Functions

The objectives of the unit are to contribute towards whole school improvement, effect improvement in the personal/professional practice of teachers, provide opportunities for faculty members to become involved in action research, raise the community engagement and research profile of the Faculty of Education and provide undergraduate students with opportunities for research.

DRUG UTILIZATION RESEARCH UNIT (DURU)

Head Prof I Truter
BPharm, MSc, DCom (UPE), PhD (Potch)

Mission

The Drug Utilization Research Unit (DURU) at Nelson Mandela University promotes, educates and informs all interested parties about the rational and cost-effective use of health care resources, with specific emphasis on the management of medicines.

Housed

Faculty of Health Sciences, Department of Pharmacy, Biology Building (12-02-57), South Campus

Objectives and functions

The primary aim of DURU is to be involved in research activities related to the rational and cost-effective use of health care resources.

The scope of activities include:

- Supervision of postgraduate students.
- Generation of research outputs, primarily but not exclusively peer-reviewed journal publications.
- Involvement in the training of health care staff and students in Drug Utilization, Pharmacoepidemiology and various aspects related to Pharmacy Practice, including workshops and short courses.
- Consultation services.

FAMILY BUSINESS UNIT (FBU)

Head Prof E Venter
BComHons, HDE (UOFS), MCom (Stell), MBA (Ghent), DCom (UPE)

Mission

To be the leading Family Business Unit in Africa through academic excellence, practical relevance, and the development and dissemination of knowledge and expertise in the field of family businesses

Housed

Department of Business Management, Mainbuilding, Floor 11, Room 12, South Campus

Objectives and Functions

In striving to achieve this mission, the University Family Business Unit undertakes to:

- Become the driver and leader of family business research, consultation and training in Africa.
- Value diversity and recognise differences in abilities, beliefs, cultures, education, gender, and professions.
- Build partnerships and business affiliations that contribute to the core purposes of the Unit.
- Create a platform to share knowledge and best practices with family businesses.
- Assist family business leaders and/or managers all over Africa to grow and to prosper by offering executive programmes, workshops, short courses, high-quality research, and consulting.
- Be at the forefront, both nationally and internationally, in producing high-quality research outputs that are published in the top academic journals of the world.
- Gain recognition for the field of family-business research as an independent field of study, in the corporate sector, government, and academia.
- Be the only African university to participate in the global STEP (Successful Transgenerational Entrepreneurship Practices) project.

FRICION PROCESSING RESEARCH UNIT (FPRU)

Interim Director Prof DG Hattingh
N Dip Mech Eng, NH Dip Mech Eng, M Dip Tech Mech Eng (PET), PhD (Plymouth), Reg Eng Tech, Pr Tech (Eng), MSAIMechE

Mission

The Unit aims to support the University's mission, to identify and serve the needs of the international/ national friction processing community by contributing to sustainable development through high quality research, technology development and continuing human resource development. The scope of the entity's activities include: Expanding the boundaries of technology by means of technology analysis and innovation to align research outputs with industry needs; Engage in research to grow knowledge in the field of friction processing with a focus on process optimisation, modelling and material characterisation; Advancement of existing research infrastructure with good student supervision.

Housed

The Unit is housed in the Faculty of Engineering, the Built Environment and Information Technology.

HIV & AIDS RESEARCH UNIT

Director Director: Dr RC Kalenga
Dip (Teaching) (Kwame Nkrumah/Zambia), ACE-Maths *cum laude*, Hons Ed (Teaching & Learning) (Potch), MEd (Educ Psych), PhD (Educ Mgt) (NWU)

Vision

To be a unit recognised for its leadership role in driving a sustainable comprehensive response to the HIV & AIDS pandemic.

Mission

To promote and sustain a collaborative response to the HIV & AIDS pandemic through governance, teaching and learning, research, community engagement and service provision.

Underlying Principles

The unit underpins the values, educational purpose and philosophy of the University.

Objectives, role and functions

The HIV & AIDS unit provides leadership and support in the development and promotion of:

- HIV & AIDS Teaching and Learning for staff and students.
- Community engagement, advocacy and HIV & AIDS awareness.
- The Creation and sustainability of an environment that supports research and scholarship in the area of HIV & AIDS.

Housed

The Unit is located in the Psychology Building, South Campus.

SCIENCE, MATHS AND TECHNOLOGY EDUCATION UNIT (SMATE)

Head Prof A du Plessis
HDE (PETC) with distinction, BA (UPE) *cum laude*, MEd (Rhodes University) *cum laude*, PhD (NMMU)

Science, Mathematics and Technology Education

The theme focuses on Language and SMT education; improving teaching, learning and assessment in SMT, SMT literacy; Indigenous Knowledge systems and SMT education; Environmental education and Education for Sustainable Development; diffusion of and challenges pertaining to implementation of ICTs for teaching, learning and assessment in SMT Technology and Integrated Computer Technologies (ICTS-Computers) in education; Blended and Online learning; and Curriculum and Teacher Development in SMT education.

The mission and the purpose of the SMATE Unit are to:

- **Contribute towards improvement in Science, Mathematics and Technology Education in South Africa:** The unit aims at providing research and developmental programmes to encourage and assist teachers to effect positive social and educational change in their immediate environments and spheres of influence through SMT teaching and learning.
- **Provide opportunities for staff at the University to become involved in research and development projects:** The expertise of interested staff members will be channeled and supported within the unit to provide meaningful inputs into SMT education. This approach will facilitate and encourage engagement, developmental and research opportunities and, as such, should help to increase both research outputs and engagement activities.
- **Raise the community engagement and research profile of the Faculty:** Members engage in projects in collaboration with schools, teachers, education departments, NGOs and funding bodies. These activities raise the community engagement profile of the Faculty and provide

opportunities for both faculty members and students to become involved in research projects based on community engagement for higher degree and/or for publication purposes.

Objectives

- To contribute towards improvement in Science, Mathematics and Technology Education in South Africa,
- To provide opportunities for staff at the University to become involved in research and development projects, and
- To raise the community engagement and research profile of the Faculty of Education.

SUSTAINABILITY RESEARCH UNIT (SRU)

Head Prof C Fabricius
PhD (UCT)

Mission

The Sustainability Research Unit develops the capacity for the sustainable management of ecological, social and economic systems through user-inspired research, training and policy contributions.

Housed

The Unit is housed on the 1st Floor in the Research Building, George Campus.

UNIT FOR ECONOMIC DEVELOPMENT AND TOURISM (UFEDT)

Director Dr S van Zyl
BA HDE (UPE), MSc (Bucks-Chilterns, UK), DPhil (NMMU)

Mission and Vision

UFEDT will operate as a specialised research unit within the Faculty of Business and Economic Sciences which will provide the structure needed to conduct research, training and consultation outputs supportive of the Vision and Mission of the Nelson Mandela University relevant to the transformation and development of local communities, the empowerment of staff and graduates, and the acceleration of sustainable economic development in the Eastern Cape, South Africa and the African Continent.

Housed

UFEDT is located within the Department of Economics, Development and Tourism in the Faculty of Business and Economic Science, Main Building, South Campus, 9th Floor Office 0917.

Objectives and Functions

UFEDT will support, facilitate, conduct and disseminate research relative to economic and development planning within the Faculty while encouraging scholarly activity of a basic or applied nature in areas of study accommodated within the Faculty. The UFEDT will also serve as a locus for the stimulating of departmental research, attracting research funds and enhancing the research experience of the faculty, lecturers, students, and visiting scholars. In pursuit of this objective, UFEDT will establish links and strategic partnerships with donors, research institutions and development agencies locally and globally.

UNIT FOR HIGHER EDUCATION INTERNATIONALISATION IN THE DEVELOPING WORLD (UHEIDW)

Head Dr Nico Jooste
BA (UP), BAHons (UFH), MA (RAU), PhD (UFS)

Mission

Unit for Higher Education Internationalisation in the Developing World is the research and engagement arm of University's Office for International Education. The Unit focuses on current higher education (HE) internationalisation activities, practices and approaches around the world,

specifically in the developing and emerging world. Given South Africa's position and role in Africa and the BRICS, specific focus will be paid to the African continent and BRICS countries.

Housed

Office for International Education, Building 87 (Goldfields South), South Campus.

Functions and objectives

Unit's research objectives are to conduct research on practices, approaches and theories of HE internationalisation and develop new and more equitable practices and approaches appropriate for the developing and emerging world. In addition, the Unit will engage with universities, research institutions, academics, researchers and experts from South Africa, Africa, BRICS and other countries on research projects and research collaboration aimed at the transformation of higher education internationalisation globally.

In terms of the engagement objectives, the Unit will focus on promotion of HE internationalisation in the developing and emerging world, offer training and courses in HE internationalisation and organise talks, presentations, workshops, conferences and colloquiums for students, practitioners and experts in this field. The unit will also engage with post-graduate students interested in HE internationalisation and provide guidance, supervision and bursaries.

UNIT FOR POSITIVE ORGANISATIONS (UPO)

Head Prof MR Mey
 NH Dip (Mgt Prac) (PET), BCom (UPE), BComHons (UNISA), MTech (PET),
 DTech (HRM) (NMMU), MIPM, RPP

Mission

Our mission is to inspire and enable leaders to build high-performing organizations that bring out the best in people. We are a catalyst for the creation and growth of positive organizations

Housed

The Unit is housed in the School of Industrial Psychology and Human Resource Management

Objectives

- Engagement
 To act as an organisational catalyst by developing organisational leaders and employees of industry to view the organisational world through a positive lens and to live and lead accordingly.
- Research
 Creating a research platform for researching positive phenomena in organisations. Our domains of research are Positive Leadership, Organisational Well-being, Meaning and Purpose, Ethics and Virtues, Organisational Trust, High Quality Relationships and Culture in an organizational setting.
- Lecturing
 Exposing students of Nelson Mandela University to the theory and academic relevance of Positive Organisational Scholarship (POS) in organisations.

VISUAL METHODOLOGIES FOR SOCIAL CHANGE UNIT (VMSCU)

Head Prof N de Lange
 DEd (UPE)

Mission

The *Visual Methodologies for Social Change Unit* in the Faculty of Education is a research entity that strives to advance the study of visual and participatory methodologies (photovoice, participatory video, digital archives, performance in community-based work) in education settings.

Housed

The Unit is housed in the Faculty of Education, South Campus

Objectives and functions

The objectives of the research-intensive and community engagement unit are to do the following:

- Contribute to the study of visual and participatory methodologies in general: The unit aims to promote the use of photovoice, participatory video, digital archives and performance in community-based-participatory research.
- Provide opportunities for staff at the University to become involved in research projects: The expertise of interested staff members will be channeled and supported within the unit to provide meaningful inputs into education projects. This approach will facilitate and encourage engagement as well as promote developmental and research opportunities and, as such, should help to increase both research outputs and engagement activities.
- Raise the community engagement and research profile of the Faculty: Engaging in projects in collaboration with schools, Education departments, NGOs and funding bodies will raise the community engagement profile of the Faculty and also provide opportunity for both faculty members and students to become involved in research projects for higher degrees and/or for publication purposes.

The unit will achieve its objectives through

- *Use of established and new research projects.*
- *Supervision of postgraduate degrees, i.e., master's and doctoral research.*
- *Generating financial income for the Faculty and University, in the form of direct funding, postgraduate student subsidy and subsidy for publications.*
- *Creating research and engagement opportunities for the Faculty of Education.*

ACADEMIC SUPPORT UNITS

CENTRE FOR ACADEMIC ENGAGEMENT AND COLLABORATION (CAEC)

Objectives and functions

- To facilitate and provide strategic direction for the academic engagement activities of the University in line with its vision, mission, value statements and focus areas.
- To serve as a catalyst in the development of collaborative partnerships between the University and its external community.
- To support the provision of graduate placement, work integrated and service learning opportunities for students.
- To facilitate and support the University community development and outreach projects with marginalised and under-serviced communities.

HIGHER EDUCATION ACCESS AND DEVELOPMENT SERVICES (HEADS)

Mission of Unit

HEADS aims to be a valued centre of excellence that provides sought after institution-wide and research-led services and programmes that focus on optimizing student and staff potential and contribute to higher education transformation.

CENTRE FOR ACCESS ASSESSMENT AND RESEARCH (CAAR)

Objectives and functions

To contribute to broadening access and optimising the development of students by:

- Developing and following fair and equitable admission policies, assessment practices and decision-making processes.
- Conducting research and disseminating information through publications, reports, conference presentations, and workshops to inform admissions criteria and assessment practices, student development, access initiatives, and educational planning.

CENTRE FOR TEACHING, LEARNING AND MEDIA (CTLM)

Objectives and functions

The main purpose of the CTLM is to:

- Enhance the quality of the teaching and learning provided and the assessment practices followed by academic staff through offering workshops, seminars and focused interventions.
- Orientate new academic staff to the teaching, learning and assessment practices promoted at the University.
- Facilitate student development through programmes aimed at enhancing retention, academic and life skills, and language and writing development.
- Provision of turnkey AV technological solutions in support of teaching and learning and the administration of the university

STUDENT COUNSELLING, CAREER AND DEVELOPMENT CENTRE (SCCDC)

Objectives and functions

- To support and enhance wellness and the holistic growth and development of students through co-involvement of the campus community.
- To assist students in identifying and enhancing learning skills which help in effectively meeting their educational and life goals.
- To provide guidance and counselling to students experiencing personal adjustment, vocational, developmental, or psychological problems that require professional attention.

OFFICE FOR INSTITUTIONAL PLANNING

Mission

Our mission is to be a strategic resource for the leadership of Nelson Mandela University in seeking to promote excellence in all aspects of the university, most particularly its vision of generating cutting-edge knowledge for a sustainable future. To achieve this, we adopt a transformative, evidence-based approach to strategic planning, institutional research, management information systems, and institutional performance monitoring and evaluation. This involves providing decision-making support to executive management through sophisticated data analyses, developing and maintaining a cycle of institutional research studies, and contributing to institutional transformation through strategic planning processes and systems.

ACADEMIC PLANNING

Objectives and functions

Our mission is to enable the University to achieve excellence across its academic programmes and organizational systems and processes, through the development, facilitation and provision of academic planning processes that support the University's leadership, academic and professional support staff in the core processes of academic planning and the design and delivery of learning programmes, as well as the provision of effective professional support services.

MANAGEMENT INFORMATION

Objectives and functions

The purpose of this Unit is to direct the effective and efficient provision of management information in order to guide institutional strategic planning and decision-making processes in a manner that is responsive to the demands of the external regulatory environment for Higher Education in South Africa as determined by the Ministry of Higher Education and Training, the Higher Education Quality Committee, Higher Education South Africa, and other role-players. This Unit aims to support executive management in their decisions by modelling future trends through interpretive data analysis techniques, performing statistical analyses of data, developing comparative data and benchmarks in respect of other higher education institutions, and managing timeous and accurate student, staff and space HEMIS submissions in accordance with statutory requirements.

QUALITY ADVANCEMENT

Objectives and functions

The Quality Advancement Unit strives to promote awareness and initiatives around quality assurance within the institution and its various organisational units, so that the University can achieve its strategic priorities with respect to institutional innovation and excellence and the provision of a quality learning experience for all learners. The Unit works with both academic and administrative departments and sections in the design and implementation of quality assurance processes that address both internal and external requirements and benchmarks in a manner that is commensurate with the complex challenges facing higher education. To promote a culture of continuing quality enhancement, the Unit facilitates capacity development within the institution in the context of the core academic responsibilities of teaching, learning, research and engagement, as well as academic and non-academic support services.

TRANSFORMATION, MONITORING AND EVALUATION

Objectives and functions

The purpose of this Unit is to provide ongoing strategic and policy support and advice to the Office of the Vice-Chancellor and MANCO on the pace and efficacy of institutional transformation. This will be achieved through ongoing implementation monitoring and outcomes evaluation of the transformation dimensions identified in the strategic plan to enhance improvement, accountability, organisational learning, dissemination of information, and the alignment between strategic goals and the Vision of the University.

ARTS AND CULTURE

Arts and Culture focuses on the holistic development of students by creating opportunities for their participation in the arts. Arts and Culture provides an environment in which students are able to exercise and develop their need for cultural and artistic expression. It aims at introducing the University to a wider South African community as an institution with a responsibility towards community development and which has a commitment to addressing past imbalances in the arts.

Activities include: First Year's Concert, Campus Life Festival, Isisusa Music festival, Public Speaking, Light Entertainment, Dance and Drama Performances, Debating, Visual Art, Music Concerts for the external and internal University communities.

The Department organises a variety of concerts and events for the community with both local and international artists.

LIBRARY AND INFORMATION SERVICES

Nelson Mandela University has a centralised library and four branch libraries in Port Elizabeth and a branch library in George. Library and Information Services (LIS) are open during office hours and after hours on weekdays as well as Saturdays and Sundays at selected branches.

Membership – Nelson Mandela University students and staff are entitled to free membership of LIS upon registration as a library user. Outside persons, subject to certain conditions, may apply as members. LIS provides an effective and efficient lending service of library materials between the five Port Elizabeth Mandela University campus libraries.

Information Resources – In order to support teaching, learning and research, LIS has acquired over 389,613 titles (559,559 volumes, including e-books), plus 27,386 electronic serial titles. We also subscribe to 731 print serials titles (magazines, journals, newspapers, abstracts and indexes) and provide access to 121 online databases.

Inter-Library Loan (ILL) - Through Inter-Library Loan Services, library users can obtain materials not available at Nelson Mandela University LIS from other South African libraries or from overseas. This service is offered to all registered Mandela University BTech, honours, master's and doctoral students and staff.

Information and Training Services - A team of Librarians provides a people-centered quality information service that helps users with their research and course projects. Scheduled and on-demand training sessions in the use of information resources include:

Generic training for undergraduate students

Subject specific training for postgraduate students and researchers

Training on the Go – at the point of need

After hours training for working students

LIS web site (<http://library.mandela.ac.za>) provides information to current and potential users about LIS' services, facilities, events and information resources. Users have access via the web site to the online catalogue, online databases and other electronic resources.

Facilities

- One online system for all branches
- Computer work stations for accessing Internet and library electronic resources
- Information Commons (South campus) – a comfortable study, reading and computer area
- Research Commons – (South, North, 2nd Avenue and Missionvale Campus Libraries) – a comfortable area for postgraduate students and staff to do their research.
- Photocopiers, printers and scanners
- Wireless access
- Services to students with special needs (personal computers with text-enlarging software and magnifiers)

Regulations - Information brochures explaining all rules, services and facilities are available in the library, at registration and also on the staff and student portals, the intranet and internet.

LANGUAGE POLICY OF THE UNIVERSITY

1. PREAMBLE

The Language Policy of the Nelson Mandela University is designed to be consistent with Sections 6 and 29(2) of the Constitution of South Africa, Section 27(2) of the Higher Education Act of 1997, the National Plan for Higher Education of 2001, the report from the Council on Higher Education, July 2001 (“Language Policy Framework for South African Higher Education”), and the report from the Gerwel Committee, January 2002, on the position of Afrikaans in the university system. The nature and spirit of these national policy documents suggest that the acceptance of the linguistic realities of South African society by incorporating the principles of multilingualism can only lead to communicative empowerment and the optimisation of our country’s intellectual potential. In the context of the geographical area served by the University, this would mean the appropriate and sensible utilisation of established proficiency in the languages best known to learners, coupled with the enhancement of academic skills in English as the predominant language of tuition and assessment. At the same time, it embraces the imperative to develop and promote the isiXhosa language and culture and to ensure as far as possible the retention and strengthening of Afrikaans as an established language of scholarship and science.

The Language Policy will be:

- (i) sensitive to the educational, cultural and language background of students,
- (ii) responsive to the changing language needs and circumstances of the staff and students, inclusive, and
- (iii) non-discriminatory.

The Language Policy seeks to be in consonance with the Nelson Mandela University’s Vision, Mission and Values Statement. This will be done through the recognition of the linguistic and cultural needs of the University’s diverse communities, the eradication of all forms of unfair language discrimination (in accordance with the Constitution and the Bill of Rights) and the promotion of equal access to knowledge by providing for the development of multilingual skills.

2. GLOSSARY OF TERMS

“Additive multilingualism” means the appropriate utilisation of established proficiency in the languages best known to learners in the process of enhancing academic skills in English or another target language.

“Council” means the Council of the Nelson Mandela University.

“English second language student” means a student who took English as a second language in Grade 12.

“Multilingual” means:

- (i) the ability to use more than one language;
- (ii) the actual use of more than one language; or (iii) tolerance towards the use of more than one language.

“Functional multilingualism” means selecting an appropriate language for communication purposes, with due respect to the requirements of the situation and the proficiency of the interlocutors (partners in the communication context). The implication is that not all official languages need to be used in equal measure for all domains and at all levels of usage, so that certain functions may be performed only in English, others only in isiXhosa or in Afrikaans, others in all three languages, etc.

“Official language” means any one of the languages recognised as such by Council.

“Primary language” means the language in which an individual is most proficient, which is generally the language spoken at home.

3. A COMMITMENT TO MULTILINGUALISM

Council, senior management, all staff and students are required to adopt a tolerant approach and a preparedness to give effect to the principles of functional and additive multilingualism through the implementation of this policy.

4. GUIDING PRINCIPLES

The Language Policy is designed:

- (i) to promote diversity, equity and reconciliation;
- (ii) to be constitutional and in consonance with the Language Policy for Higher Education;
- (iii) to be responsive to the needs of the university's constituency;
- (iv) to be sensitive to the changing language needs and circumstances of the staff and students;
- (v) to be academically justifiable, inclusive, non-discriminatory and practicable.

5. FLEXIBILITY AND TOLERANCE

It is accepted that the success of this policy is dependent on the adoption, throughout the institution, of a tolerant, flexible approach to matters concerning language and the recognition of the value of language in communicating clearly and providing unimpeded access to knowledge.

6. THE OFFICIAL LANGUAGES OF THE UNIVERSITY

The official languages of the University will be English, Afrikaans and isiXhosa and its corporate image must reflect this lingual identity.

7. LANGUAGE USE FOR COMMUNICATION

For practical reasons and to avoid duplication, the language of internal governance and of administration will be English.

7.1 Internal written communication

- Documentation submitted to decision-making bodies, such as Council, Senate, Faculty Boards, committees, etc., as well as minutes, agendas and such like will be in English.
- Contributors to University publications, both paper-based and electronic, may use the language of their choice, but English gist summaries are recommended to encourage the furtherance of multilingualism.
- In notices to staff and students, the principle of multilingualism will be applied in as far as is practicable.

7.2 Internal oral communication

English is regarded as the default language for meetings, with the proviso that the principle of functional multilingualism will apply when appropriate.

7.3 External written communication

- The language used for general external correspondence aimed at a cross-section of language speakers will be English.
- However, where the language preference of an individual or body is known, communication will be in that official language as far as is practicable.
- Official documentation that has legal implications for the institution will be available in English only.
- General documentation of an informative nature (e.g. for marketing purposes or explaining health matters) circulated to students and the public will increasingly be made available in all three official languages.

7.4 External oral communication

In verbal communication with members of the public, employees of the Nelson Mandela University should establish the language preference of a member of the public at initial contact and honour such preference inasmuch as it is feasible.

8. TEACHING, LEARNING AND ASSESSMENT

- While English is an international language of communication in science and in business, and is the preferred medium of teaching, learning and assessment in most programmes (with the exception of language and literature departments where other languages are studied), it is the primary language of not more than one third of the Nelson Mandela University's students.
- Whereas it is a major objective to ensure optimal access to language-mediated knowledge, two avenues to achieve this objective need to be pursued:
 - (i) Effective literacy in English, by means of which all students should acquire the ability to communicate through the spoken and written word in a variety of contexts - academic, social, and in their future careers in this language; and

(ii) Optimum use of students' primary language (if not English) to ensure cognitive assimilation into the university sphere of knowledge acquisition.

These two aims should be pursued through an appropriate programme of language development based on additive multilingualism.

- Where assessment is conducted in English, allowances may be made for English second language (see Glossary) and English foreign language students.
- If the language needs in a particular programme and practical considerations (such as the language ability of lecturers, external examiners and students, class size and composition and infrastructure) warrant it, a faculty board can be requested to allow isiXhosa or Afrikaans to be used as the language of teaching and assessment. However, the choice of language must not have a negative impact on access for other language groups.
- Where an entire class shares Afrikaans or isiXhosa as first language, teaching and assessment may be conducted in that language, subject to the ability of the lecturer.
- Language departments will be able to determine the language to be used in their respective units.
- To ensure internal coherence, the teaching and assessment policies of the Nelson Mandela University must be in equilibrium with the language policy.

9. SIGNAGE

All three official languages will be used to generically identify offices and facilities.

In deciding on the language used for the generic component of names of buildings or facilities (if applicable), the criterion of functionality must be applied. The principle of multilingualism could be exercised by alternating the language in cases where multiple signs for the same entity are required.

10. THE DEVELOPMENT OF ISIXHOSA AS AN ACADEMIC LANGUAGE

- Resources should be made available to develop and expand the isiXhosa language for educational and technological purposes as required.
- Staff and students should be made aware of the value and importance of such development.
- The development of these resources should not detract from the importance of maintaining and developing resources in Afrikaans and English.

11. TRAINING AND CAPACITY BUILDING

The Nelson Mandela University will support the development of training programmes which enhance the capacity of employees and students to become proficient in any of the official languages.

12. LABOUR RELATIONS

The principle of functional multilingualism and recognition of the language rights of the employee will be maintained in respect of service contracts, letters of appointment, notifications, explanatory documents (e.g. with reference to pension benefits).

13. IMPLEMENTATION OF THE LANGUAGE POLICY

A joint Senate Management Committee, consisting of relevant stakeholders in the University community, will be appointed and be responsible for overseeing the implementation of the Language Policy.

The University acknowledges that the implementation of this policy may give rise to uncertainties in its practical application from time to time. For that reason, the University commits itself to playing a supportive role in assisting staff to meet their commitments in terms of the policy. The Implementation Committee is empowered to issue guidelines at the request of individual staff members and/or faculties to serve as guidelines on how this policy should be applied.

ADMISSION POLICY OF THE UNIVERSITY

1. PURPOSE

The purpose of this policy is to spell out how the Nelson Mandela University gives effect to its commitment to enrolling students based on academic merit and fostering equity of access, opportunities and educational outcomes through its approach to admissions and the criteria employed in making an admission decision. In this regard, the policy addresses the principles that underpin Nelson Mandela University's approach to student admissions, the setting of admission requirements, and the admissions process.

2. DEFINITION OF TERMS

Access "The widening of access to higher education is an equity-driven concern and relates to the strategies and procedures that an institution undertakes to make its educational services accessible to a diversity of students" (Council for Higher Education, 2004, ITL Resource No. 3. Access & Admissions, p. 3). In order for access to be meaningful, students who gain access must have a reasonable possibility of succeeding in their studies. To this end, Osborne and Gallacher (2004) conceptualise access as consisting of three components, namely, "getting in, getting through, and getting on" (p. 11). This implies that universities should:

- a. have flexible admissions criteria, pathways/articulation routes and admissions procedures and processes in place (getting in);
- b. respond to a diversifying student body by aligning the programmes, services, approaches to curriculum development, teaching and learning that it has in place to enable students to persist at their studies and graduate (getting through); and
- c. educate students for life and work in the 21st century (getting on).

Access Routes A range of access or entry routes to Higher Education (HE) studies should be in place. These include access assessment/testing, bridging/access programmes, Recognition of Prior Learning (RPL), and articulation possibilities between programmes and institutions.

Admissions Requirements Minimum admissions requirements for qualifications offered at HE institutions are legislated nationally (see section 3.2.3). Furthermore, HE institutions may set additional admission requirements for specific programmes.

Admissions Management This entails the policies, systems, procedures, structures and staffing that are in place to manage the admission, selection, placement and streaming of students. This includes student recruitment, processing applications, making admissions decisions and admissions offers, and integrating admissions offers with other services (e.g., financial aid, student housing) as well as the provision of student support.

Capping In some undergraduate and postgraduate programmes, the number of first-time entering applicants that are admitted has to be limited/capped in accordance with:

- a. The enrolment plan agreed to with the Department of Higher Education and Training (DHET).
- b. Available resources, infrastructure and staff capacity.
- c. Prescriptions of professional bodies.

Therefore, Senate and Council approve the capping of student numbers in specific programmes annually. In view of this, applicants are made aware that meeting the minimum admission requirements does not guarantee acceptance.

Enrolment Management Enrolment refers to the regulation and management of admissions. HE institutions develop enrolment plans and reach agreement with the DHET regarding enrolment targets, which includes equity targets. Institutions then institute procedures and processes to manage their enrolments according to the agreed targets.

Placement As part of the admissions process, should an applicant not be admitted to a mainstream programme, he/she could be placed in an extended, articulation or developmental programme, where relevant.

Selection To meet enrolment targets, especially in programmes with a limited intake or with very specific admissions criteria (e.g., in some professional programmes), selection is undertaken. Selection needs to be done in a transparent way using published selection criteria and a process which is sensitive to achieving equity and redress.

Streaming Where a range of cognate programmes (e.g., Higher Certificate, Diploma, and Degree) are available in the discipline/career focus for which an applicant has applied, an applicant who is unsuccessful for one programme could be offered an admissions place in a cognate programme.

3. CONTEXT

Admission to study at Nelson Mandela University is informed and guided by:

- a. The *Constitution of the Republic of South Africa*, national policies and legislation pertaining to promoting equity of access and outcomes and admission requirements.
- b. Nelson Mandela University's Vision, Mission, Values, Strategic Priorities and Vision 2020 Strategic Planning Framework.
- c. Related Nelson Mandela University policies such as the *Recognition of Prior Learning Policy*, the *Readmission to Undergraduate Programmes Policy*, the *Teaching and Learning Policy* and the *Master's and Doctoral Degrees Policy*.

3.1 Equity, Redress, Diversity and Access for Success

In the *Bill of Rights* contained in Chapter 2 of the *Constitution of the Republic of South Africa* (Act 108 of 1996), it is indicated in paragraph 29 (1) that all South Africans have the right "(a) to basic education ... and (b) to further education, which the state, through reasonable measures, must make progressively available and accessible". Building on this, in the *Education White Paper 3* (2007) one of the focus areas in higher education is identified as being "an inequitable distribution of access and opportunity for students and staff along lines p. 8)¹. Consequently, "equity and redress" is identified as being a fundamental principle in terms of providing opportunities for students to gain access to higher education studies and to be successful in such studies (*Education White Paper 3*, 2007). This is echoed in the *National Plan for Higher Education in South Africa* (2001)² in that it is indicated that higher education institutions need to "promote equity of access and fair chances of success to all who are seeking to realise their potential through higher education, while eradicating all forms of unfair discrimination and advancing redress for past inequalities" (p. 6). As reflected in this statement, the onus on Nelson Mandela University is to broaden access in a responsible way

¹ Department of Education (2007). *Education White Paper 3: A Programme for the Transformation of Higher Education*. Pretoria: Department of Education.

² Department of Education (2001). *National Plan for Higher Education*. Pretoria: Department of Education.

as students who are admitted should have a reasonable chance of succeeding in their studies and actualising their potential.

Furthermore, promoting social equity and redress enables Nelson Mandela University to enrol a diverse student body which creates a vibrant “diverse intellectual and social”³ learning environment that enriches the quality of the student learning experience, intellectual debate and “greater social cohesion in our deeply fractured society” (Badat, 2011, p. 7)³.

3.2 Legislative, Regulatory and Policy context

3.2.1. *White Paper for Post-school Education and Training*⁴

The South African post-school system requires expansion and diversification to meet the training and HR development needs of our society. Consequently, the *White Paper for Post-School Education and Training* was released by the Department of Higher Education and Training (DHET). Among the key objectives outlined in the White paper are to develop “a post-school system that can assist in building a fair, equitable, non-racial, non-sexists and democratic South Africa”, “a single, coordinated post-school education and training system”, and to achieve “expanded access, improved quality, and increased diversity of provision” (p. xi). The White Paper sets out a vision for a transformed post-school system which ... will be more equitable, much expanded and more diverse” (p. xvii-xviii) with a view to contributing to economic growth and development as well as reducing poverty.

The Higher Education sector is one of the key role players in the post-school system in South Africa. As such, Nelson Mandela University needs to be responsive to broadening access and articulation opportunities to learners from the envisaged expanded post-school system as a means of contributing to our country’s development agenda.

3.2.2 *Higher Education Act:*

Section 37(4) of the *Higher Education Act*, Act 101 of 1997 as amended, makes provision for universities, with the approval of Council and Senate, to determine their admission requirements. These requirements must be transparent in that they must be published and must be sensitive to facilitating access for a diverse range of students that have the potential to succeed.

3.2.3 *Minimum admission requirements:*

Applicants must meet the minimum admissions requirements that have been legislated for all the programme types included in the Higher Education Qualifications Sub-Framework^{5,6}(HEQSF). Furthermore, minimum admission requirements for Higher Certificate, Diploma and Degree programmes based on different qualifications on Level 4 of the National Qualifications Framework (NQF)⁷ and for international/foreign school-leaving qualifications⁸ have been gazetted and must be complied with when admitting applicants to undergraduate programmes. In addition, Section 37(4) of the *Higher Education Act*, Act 101 of 1997 as amended, makes provision for universities, with the approval of Council and Senate, to determine additional admission requirements (over and above the statutory minimum admission requirements) for each programme.

3.2.4 Enrolment Planning

Enrolment to universities is regulated through six-year enrolment plans (or as otherwise required) that universities submit and agree to with the Department of Higher Education and Training. University subsidies are partly linked to enrolment targets. In developing the enrolment targets a number of variables are used such as undergraduate and postgraduate numbers; enrolments per faculty and in scarce and critical skill areas, and enrolments by race, gender, class and geographical location. Furthermore, enrolment plans also take available resources and staff capacity into account. Enrolment planning is linked to admission in that the number of students enrolled in a year is shaped by the agreed upon enrolment plans.

3.2.5 Key strategies that focus on building capabilities of individuals and the South African economy and society

When determining the nature of the qualifications into which students are admitted and also the University's enrolment plan, imperatives related to responsiveness to economic and societal needs in the following national and provincial strategic plans and strategies are *inter alia* taken into account:

- a. *National Development Plan Vision for 2030*⁹
- b. *National Research and Development Strategy (NRDS)*¹⁰
- c. *Ten-Year Innovation Plan (TYIP)*¹¹
- d. *Draft Strategy for Human Capital Development for Research, Innovation and Scholarship*¹²
- e. *Department of Higher Education and Training (DHET) Strategic Plan: 2010/11 - 2014/15*¹³
- f. *Department of Science and Technology (DST) Strategic Plan: 2011-2016*¹⁴
- g. *Eastern Cape Provincial Industrial Development Strategy (March 2010)*¹⁵

3.3 Nelson Mandela University Context

Nelson Mandela University's approach to the admission of students is underpinned and guided by its Vision, Mission, Values and research themes and focus areas. The Vision 2020 Strategic Planning Framework positions Nelson Mandela University as a responsive and engaged institution that contributes to a sustainable future through *inter alia* providing access and equality of educational outcomes to a diverse range of students with the potential to succeed academically, and especially for those groups that were historically disadvantaged or continue to be disadvantaged and under-represented (e.g., rural students). In addition, in accordance with the University's value of Excellence and linked to Vision 2020 strategic goals related to student access, emphasis is placed on attracting a greater number of academically talented students from diverse backgrounds to Nelson Mandela University while still catering for students who are less well prepared, but talented academically.

The way in which the University promotes academic merit, equity of access and redress in its admission of students is outlined in the sections below.

4. POLICY STATEMENT

Subject to legislation and higher education policy (see section 3), and mindful of its vision, mission and values, Nelson Mandela University seeks to enrol students who have the potential to succeed at the higher education level. Furthermore, the University actively seeks to enrol a student body that reflects the broad diversity of cultural, linguistic, ethnic, socio-economic and educational backgrounds, locally, regionally and nationally. Nelson Mandela University further seeks to enrich the diversity of its student body through a process of internationalisation by drawing students from other African countries, as well as from the wider international community.

The University is committed to both attracting increasing numbers of academically talented students and broadening access to its academic and research programmes through a variety of strategies by increasing the participation rates of students from historically disadvantaged and non-traditional educational backgrounds, from working class and rural backgrounds, of women, and of students in under-represented fields of study. The University also provides access to students with disabilities¹⁶ based on academic merit and within the context of the university's ability to make reasonable provision for such students.

Nelson Mandela University is mindful that access to education is a basic human right enshrined in the *Constitution* (see section 3.1). However, this has to be balanced by the availability of resources to ensure that the University can provide the students that it enrolls with the necessary teaching, learning and research resources so that they are provided with a quality learning experience and to enable them to successfully complete their studies. For this reason, enrolments in some programmes may be limited (see section 5.6).

To guide the implementation of this policy statement, eleven underpinning principles have been developed.

5. UNDERPINNING PRINCIPLES

The following principles¹⁷ underpin the implementation of Nelson Mandela University's *Admissions Policy*:

5.1 Procedures for the recruitment of students to Nelson Mandela University are clear and explicit and are implemented consistently and professionally.

Ways in which effect is given to this principle include targeted marketing and recruitment strategies, and the availability of scholarships, bursaries and merit awards to attract qualifying applicants. For undergraduate admissions, while targeted marketing and recruitment strategies are largely aimed at Grades 10 to 12, for under-represented groups (e.g., rural learners) such strategies are implemented earlier, the admissions process is unpacked, and assistance is provided to complete and submit application forms.

5.2 Nelson Mandela University's promotional materials are accurate, relevant, current, and accessible, and provide information that will enable applicants to make informed decisions about their study options.

¹⁶ Note: Nelson Mandela University is working progressively towards enhancing access for students with disabilities. Disabled applicants are offered a place if they meet Nelson Mandela University's admission requirements and whatever additional requirements that may be necessary to ensure that reasonable accommodation can be made. The nature and extent of the individual's disability as well as the learner resources available to support the disabled student at Nelson Mandela University are considered by the Disability Unit in collaboration with the relevant programme coordinator/HoD to determine whether Nelson Mandela University is able to offer reasonable accommodation or not. Such decisions are made on an individual basis.

¹⁷ These principles have been significantly informed by the Quality Assurance Agency for Higher Education (QAA) (2006), Code of Practice for the Assurance of Academic Quality and standards in Higher Education. Section 10: Admissions to Higher Education. Can be accessed from www.qaa.ac.uk

In terms of equity and redress, ways in which this principle is demonstrated include having promotional materials available in print and electronic forms, school visits and career fairs/exhibitions, advertisements, and through subject choice workshops and career guidance for school learners (some of which is achieved through empowering Life Orientation educators) and career counselling for students. Where a minimum number of student enrolments are required for a programme to be presented, such information is made known in advance with clear closing dates for the submission of applications.

5.3 To broaden access, a range of access and articulation routes are available and information on them is provided to applicants.

This principle is demonstrated through the availability of preparatory, bridging and articulation programmes some of which may be offered by Technical and Vocational Education and Training (TVET) Colleges, in incubator schools, as short learning or research capacity building programmes, as Summer/Winter Schools, or as extended programmes. As a comprehensive university, access to Nelson Mandela University is enhanced by students who enter qualifications at a lower HEQSF level being able to advance to different programme types and/or higher level qualifications through the application of articulation rules¹⁸ between programmes. Furthermore, mature and non-traditional students can obtain information about and gain access to studies through Nelson Mandela University's recognition of prior learning processes¹⁹.

5.4 To promote equity of access, admissions criteria and procedures are sensitive to the different starting points of applicants and seek to include those with the potential to succeed.

Effect is given to this principle by:

- a. The admissions requirements to the various programmes offered by the University consisting of both the statutory admission requirements²⁰ as well as additional requirements for admission to specific programmes approved by Senate²¹.
- b. Encouraging applications from applicants who meet both the statutory and specific admissions requirements. Nonetheless, Nelson Mandela University also makes provision for various forms of alternative access/admission routes into its academic programmes. Alternative admissions routes are provided through satisfactory performance on admissions assessment measures²², interviews, portfolio presentations, submission of a research proposal, the use of Senate's Discretion admission²³, the application of a policy and procedures for the recognition of prior learning¹¹, and programme articulation agreements/rules.
- c. In addition, should applicants not meet the requirements to be admitted to a certain programme type, they could be streamed²⁴ into a related programme type, if available.

¹⁸ These are contained in the relevant programme rules in the *Prospectus* of each faculty. Articulation rules are guided by progression and articulation stipulations in the HEQSF.

¹⁹ Refer to Nelson Mandela University's *Recognition of Prior Learning Policy*. (D/365/08)

²⁰ See section 3.2.3

²¹ See the relevant sections on general and specific admission requirements to programmes and modules in the relevant faculty *Prospectus*; or the *General Information and Admission Requirements for Undergraduate Programmes*; or the *General Information and Admission Requirements for Postgraduate Programmes*.

²² For undergraduate admissions, the access assessment battery used is linked to core entry level competencies that are required to succeed at higher education and is not based on the outcomes of one specific school leaving qualification. For postgraduate admissions research knowledge and competencies, discipline-specific knowledge, or suitability for a career or profession may be assessed.

²³ Senate's discretionary admission, which is granted to an applicant who has not met the minimum requirements for degree/diploma studies but who demonstrates in an assessment process approved by Senate that he/she is suitable for degree/diploma studies or has completed a recognized Access course or a Foundation programme. (<http://www.hesa-enrol.ac.za/mb/faq.htm>).

²⁴ This is based on school and access test performance as well as career interests in the case of undergraduate programmes and on previous academic performance and career interests for postgraduate students.

- d. In terms of equity and redress, Nelson Mandela University actively markets its different undergraduate access and admission routes among schools, Technical Vocational Education and Training (TVET) Colleges, Community Colleges, parents, learners and Life Orientation educators. In terms of the postgraduate access and admission routes, these are marketed to students at Nelson Mandela University, at other universities and the public through various marketing campaigns.

5.5 *Transparent, research-informed admission requirements are published and applied consistently during the admissions decision-making process.*

Nelson Mandela University's admission requirements:

- a. Comply with legislative and regulatory requirements.
- b. Are informed by research and are as appropriate and valid as possible.
- c. Are transparent and sensitive to both the need to broaden access as well as to admit a diverse range of students with the potential to succeed²⁵.
- d. Are formally approved before they can be applied (see Appendix A and B for a flowchart of the approval process for undergraduate and postgraduate qualifications respectively)
- e. Are published annually, internally and externally.

To enhance the consistency and accuracy of admissions decisions, capacity building opportunities are provided to staff involved in the admissions process. In addition, regular audits and reviews are conducted to ensure that admissions requirements are applied consistently (see also section 5.10).

5.6 *While Nelson Mandela University's approach to admissions is one of inclusivity, to meet equity-based enrolment targets and where places in programmes are capped/limited, selection mechanisms are made public. As there are normally more applications than places available, entry to these programmes may be competitive and for this reason the selection process is conducted in a confidential way*

Nelson Mandela University's admission requirements and processes are designed to include a diverse range of students (see section 4, 5.3 and 5.4). Nonetheless, as indicated in section 3.2.4, The University's enrolment plan contains equity-based enrolment targets, which are responsive to national strategic priorities. Furthermore, as indicated in section 2 and in 3.2.4, in some undergraduate and postgraduate programmes, the number of first-time entering applicants that are admitted is capped/limited. Consequently, where certain groups are under-represented in a programme and where the number of students to be admitted to a programme is capped, Nelson Mandela University applies selection mechanisms when making admissions offers in these programmes. When determining selection mechanisms care is taken that they facilitate equity and redress rather than enforcing past/present privilege or promoting elitism and that Nelson Mandela University's internationalisation strategy is taken into account. The selection mechanisms must be approved by the Faculty Management Committee, reported to the Admissions section, and be published. In this way applicants are made aware that meeting the minimum admission requirements does not guarantee acceptance whilst being informed of the transparent selection mechanisms and that the process is conducted in a confidential way, with due regard to the applicant's right to request reasons for a rejection. Selection mechanisms should be implemented in such a way that they expedite rather than delay applicants being informed of the outcome of their application and that selection decisions are appropriately recorded.

5.7 *When deciding on the admission of students to master's and doctoral studies, the admissions requirements are considered together with available resources and the*

²⁵ An example of how this is put into effect is that applicants that do not meet the direct admissions requirements for undergraduate studies could be given a further opportunity to demonstrate their ability to succeed at higher education studies through an assessment process. Applicants' school/academic performance needs to fall in a certain range for them to be given a further opportunity to gain admission. This range is provided in marketing materials and in the relevant faculty *Prospectus*.

alignment of the applicant's proposed research with institutional and faculty research themes

While Nelson Mandela University is committed to enrolling increasing numbers of students in master's and doctoral programmes, care is also taken to ensure that the academic department/faculty has the necessary supervisory capacity and research and teaching expertise available to guide the student through the research and learning process to successfully complete the qualification. Furthermore, consideration also needs to be given to the availability of appropriate research laboratories, where relevant, and research funding. Nelson Mandela University's research agenda is focused on key institutional and faculty research themes/areas and alignment of the applicant's research focus with these themes is preferable. Consequently, other than meeting the admission requirements, consideration is given to available supervisory, infrastructure and funding resources as well as alignment of the applicant's proposed research focus with the institutional/faculty research themes before an admissions offer is made.

5.8 *The admissions processes is conducted efficiently, consistently, fairly, professionally and courteously according to fully documented operational procedures that are readily accessible to all those involved in the admissions process, both within and without the institution, including applicants.*

Nelson Mandela University's admissions procedures are designed to be simple, efficient and fair and staff members discharge their duties courteously, professionally, ethically and as consistently as possible during the recruitment and admissions process. The procedures are documented in *Procedures for Implementing Nelson Mandela University's Admission Policy for Undergraduate Programmes* and in Nelson Mandela University's *Master's and Doctoral Degrees Policy*.²⁶ Flowcharts of the undergraduate, honours, and master's and doctoral admissions processes are provided in Appendix C, D and E respectively. More detail is also provided in section 7.

To ensure efficiency, in instances where final results are not yet available, pre-final results for the school-leaving qualification or the prerequisite prior higher education qualification are used when making an initial admissions offer. Prior to registration, the onus is on the applicant to furnish the university with all the necessary documentation confirming their final results and attainment of a school-leaving qualification or the prerequisite prior higher education qualification.

Procedures are in place in Academic Administration for responding to applicants' queries about an admission decision, complaints about the admissions process and to ensure that all staff members involved with admissions are familiar with the policies and procedures. The procedures are documented in *Procedures for Implementing Nelson Mandela University's Admission Policy for Undergraduate Programmes* and in Nelson Mandela University's *Master's and Doctoral Degrees Policy*.

5.9 *Procedures are in place for informing applicants and staff on what grounds appeals against the outcome of an admissions decision may be considered and how applicants' appeals are considered and responded to.*

²⁶ The Nelson Mandela University *Honours Degree Policy*, which will include a section on the admissions process, is being developed. In the interim, the principles outlined in the **Admissions Policy** and the flowchart of the admissions process in Appendix D should be used.

Procedures are in place in Academic Administration for informing applicants on what grounds and how they can appeal an admissions decision. An applicant must appeal in writing to the Admissions office. Appeals are considered by an individual/committee involving staff not directly involved in the original decision. The Admissions Office communicates the outcome of the appeal to the applicant. Specific detail on appeal processes is contained in the *Procedures for Implementing Nelson Mandela University's Admission Policy for Undergraduate Programmes* and in Nelson Mandela University's *Master's and Doctoral Degrees Policy*. In the case of undergraduate students applying to transfer to a programme in another faculty, the appeal will be considered by the Admissions Committee. In the case of Honours applications, the appeal is dealt with by the Faculty Management Committee (FMC).

5.10 Successful applicants are provided with relevant information about their studies and how to access and optimise the learning support available.

Effect is given to this principle by:

- a. Informing prospective students at the time an initial admissions offer is made of the obligations placed on them (e.g., that they must inform Admissions of their final school-leaving or course marks for a prior higher education qualification).
- b. Informing prospective students timeously of any significant changes to a programme made between the time an initial admissions offer is made and registration is concluded, and advising them on its implications and if relevant, of the options available in these circumstances.
- c. Providing successful applicants with information about the registration and orientation of new students and the range of support and holistic development opportunities that Nelson Mandela University provides.

5.11 The integrity of admissions information, systems and processes is ensured by implementing quality control procedures.

Examples how this principle is demonstrated include:

- a. Quality control procedures that are in place during the admissions process (e.g., computer system validation reports).
- b. After each admissions cycle, conducting regular audits and reviews of student admissions, selection mechanisms, the admissions process and the data that have been captured, and quality assurance interventions instituted by Nelson Mandela University.
- c. The role played by the Nelson Mandela University Admissions Committee and the Nelson Mandela University Postgraduate Studies Committee in reviewing the admission process and decision-making standards.

6. APPLICANTS' RIGHTS AND RESPONSIBILITIES

Throughout the admissions process outlined in section 5 and spelt out in more detail in the *Procedures for Implementing Nelson Mandela University's Admission Policy for Undergraduate Programmes* and in Nelson Mandela University's *Master's and Doctoral Degrees Policy*, **the applicant has the right to expect that:**

- Nelson Mandela University will apply the published admissions principles, criteria and procedures.
- Their application will be processed in a careful and fair way based on principles that are consistently applied during an admissions cycle.
- They will not be discriminated against based on race, ethnicity, nationality, gender, sexuality, religion, disability or age.
- They will receive the outcome of their application within a reasonable time-frame.

- Should their application be unsuccessful, they have a right to seek information about why the application was unsuccessful and appeal the decision.
- Should their application to their first-choice programme be unsuccessful, they could request to be considered for an alternative programme.
- Where their application is successful, that Nelson Mandela University will provide them with information regarding the submission of final marks and registration requirements.

Applicants to Nelson Mandela University also have certain **responsibilities**, which, if they are met, will ensure that applications are processed and admissions decisions are reached as soon as possible. Applicants need to **accept responsibility to:**

- Read the instructions on the Application Form carefully before completing and submitting their application.
- Complete the Application Form honestly and accurately.
- Provide complete and verified supporting documentation with the application where requested²⁷.
- Where previous post-school studies have been undertaken, complete academic records/transcripts must be submitted along with a statement of good conduct.
- Accept the conditions as set out in the *Declaration by applicant* (section F of the Application Form)

7. EQUITY OF ACCESS AND SUCCESS

Nelson Mandela University's commitment to promoting equity of access and enrolling a diverse student body is evident both prior to and beyond the admissions process. To contribute to the preparation of high school learners for university studies, Nelson Mandela University partners with schools to provide summer and winter schools in gateway subjects, enhance mastering Mathematics and Science in Grades 10 to 12, provide educator in-service training, career fairs, and school visits, for example.

As Nelson Mandela University is working progressively towards enhancing access for students with disabilities, applicants with a disability are encouraged to disclose this on their application form. This ensures that in addition to considering the admission requirements to the programme applied for, additional requirements that may be necessary to ensure that reasonable accommodation can be made can also be considered. This enables the University to evaluate the nature of the reasonable accommodations that will be needed to support a disabled applicant's learning and whether such accommodations can be made. Failure on the part of applicants to disclose a disability may impact on the University's ability to make reasonable accommodations for them.

Once admitted, students are provided with effective support and capacity-building opportunities to enable them to cope with the demands of their academic programmes and to prepare them for the demands of their work and life²⁸. This support includes developmentally-focused assessment of student needs; academic development and co-curricular programmes; foundational/fundamental modules and resources; research capacity development; writing development and guidance on upholding academic integrity in all scholarly activities; accessing language editing; access to computers and the Internet; library and information services; peer-facilitated learning in small groups; counselling and career guidance; and effective teaching and learning practices that *inter alia* facilitate epistemological access.

Nelson Mandela University also assists students, who have the potential to succeed academically, to access research funding and financial aid from bursaries and loans that are

²⁷ An applicant who submits a document in support of their application, which contains a false statement, is altered or forged, will be prosecuted both criminally as well as in terms of the Student Disciplinary Code. The findings of the Disciplinary Committee will be communicated to all tertiary institutions in the country.

²⁸ Refer to Nelson Mandela University's *Teaching and Learning Policy* for more information in this regard.

made available by Nelson Mandela University as well as by other sources. By means of the strategies outlined in this section, Nelson Mandela University endeavours to create a supportive learning environment so that students that are admitted have the opportunity to achieve to their potential and complete their programmes successfully. As students need to take co-responsibility for their learning experience, they need to exercise responsibility to make use of the support and development opportunities that Nelson Mandela University provides.

8. IMPLEMENTATION OF ADMISSIONS POLICY

As indicated in section 5.7, in reaching a decision on admission, Nelson Mandela University makes use of an admissions process that is fair and transparent.

Detailed admissions procedures²⁹ for implementing the *Admissions Policy* for undergraduate and postgraduate admissions are documented separately. Academic Administration is responsible for making these documents accessible to applicants and all those involved in the admissions process.

In implementing the *Admissions Policy* cognisance is also taken of general and faculty specific rules and related policies³⁰.

The following role players are responsible for affecting various aspects of the admissions process:

a. Executive Deans

- i. Directing mechanisms for broadening access to programmes in the faculty.
- ii. Directing enrolment planning in the faculty as well as equity-based admissions target setting.
- iii. Directing the setting and approval of admission requirements.
- iv. Directing the mechanisms for selecting applicants in limited intake/capped programmes.
- v. In exceptional circumstances making a decision to admit a meritorious late applicant.
- vi. In exceptional circumstances, in consultation with the HoD/DoS, adjusting the approved cap for a programme during an intake.

b. HoDs/Programme Coordinators/Heads of Programmes

- i. Proposing the overall admissions requirements and subject requirements (where relevant) for a programme and submitting them for approval to relevant committees.
- ii. Proposing admission requirements stipulated by professional or external accrediting bodies and submitting them for approval to relevant committees.
- iii. Proposing alternative selection mechanisms, where relevant.
- iv. Approval of testing bands and access assessment standards for undergraduate applicants admitted on the basis of school and access assessment results.
- v. Identifying programmes where targeted groups are under-represented and/or where enrolment must be capped and proposing selection mechanisms in these programmes to the Faculty Management Committee³¹.

²⁹ A Central Applications System (CAS) is being developed nationally. The CAS will receive all applications for undergraduate university study and distribute them to the universities that applicants indicate. Universities will still be responsible for making admissions decisions. CAS will be phased in over the next decade and currently does not impact on Nelson Mandela University's undergraduate admissions procedures.

³⁰ *Inter alia* the *Recognition of Prior Learning Policy* and the *Readmission to Undergraduate Programmes Policy*. The *Readmission Policy* is applied when readmitting and registering or refusing readmission to returning undergraduate students each year.

- vi. Making admissions decisions for postgraduate applicants and for undergraduate applicants with further or additional education and training or for transferring students.

c. Admissions Officers

- i. Making direct entry admissions decisions to undergraduate programmes based on:
 - 1. Statutory requirements
 - 2. Composite point score
 - 3. Subject requirements
- ii. Such decisions may also require implementing selection mechanisms approved by the Faculty Management Committee where the new intake into a programme is capped or where the number of admissions of applicants from under-represented groups needs to reach a specific proportion.
- iii. Referring applicants for undergraduate studies whose composite point score falls in the testing band to CAAR for access assessment.
- iv. Consulting with HoDs and Programme Coordinators regarding the application of admissions criteria, particularly in difficult cases.
- v. Regularly communicating with HoDs and Programme Coordinators regarding the number of applicants accepted, the requirements of professional or external accrediting bodies, and regarding applicants with further studies and transferring students.
- vi. Ensuring that quality control measures are in place and are adhered to for the purposes of data and decision-making integrity.

d. CAAR Consultants

- i. Development of profile-based access assessment standards for undergraduate programmes.
- ii. Advising academic departments on testing bands, admissions criteria and selection approaches.
- iii. Admissions decisions to undergraduate programmes based on approved access assessment standards.
- iv. Admissions decisions to undergraduate programmes based on approved access assessment standards and other relevant information, such as relevant work experience and other studies, in conjunction with the HoD/Programme Coordinator if necessary.
- v. Consulting with HoDs and Programme Coordinators regarding the application of admissions criteria, particularly in difficult cases.
- vi. Communicating with HoDs and Programme Coordinators regarding the profile of students accepted/placed after CAAR testing and the range of developmental recommendations made.
- vii. Ensuring that quality control measures are in place and adhered to for the purposes of test data and decision-making integrity.

e. Departmental Selection Panels

Informed by the principles underpinning Nelson Mandela University's approach to admissions outlined in section 5, these panels are responsible for:

- i. Proposing and gaining approval for the selection process to be used.
- ii. Determining and gaining approval for the composition of selection panel and the frequency of the panel's meeting dates.

³¹ *The Management Information section supplies data to guide capping and the identification of programmes where targeted groups are under-represented. The Centre for Access Assessment and Research (CAAR) can assist in the design of selection mechanisms and processes.*

- iii. Putting mechanisms in place to ensure that the decision-making process is fair and transparent.
- iv. Communicating the admissions decisions to the Admissions Office.

f. Faculty Management Committees

The Faculty Management Committees are responsible for:

- i. Instituting enrolment planning.
- ii. Determining the number of students that can be accommodated in each programme in the faculty, on the basis of which caps are proposed to the Executive Committee of Senate, where appropriate.
- iii. Approving selection criteria, mechanisms and processes to be used in programmes where selection is required.
- iv. Where appropriate, approving the composition of a departmental selection panel and the date by when the selection process will be concluded.
- v. Using data provided from Management Information, monitor the number of students admitted throughout the admissions process.
- vi. Dealing with admissions appeals where the admissions decision has been made by a HoD/DoS.

g. Office for International Education

- i. Receive applications for international applicants
- ii. For undergraduate applications. The Office for International Education works in collaboration with Admissions to effect admissions decisions.
- iii. For postgraduate applications, the Office for International Education refers the application to the relevant HoD/DoS for a decision.

h. Disability Unit

The Disability Unit is responsible for:

- i. Identifying prospective applicants who have confirmed disabilities, in conjunction with school principals and Nelson Mandela University Communication Stakeholder Liaison, and advising them of the assistance that can be provided.
- ii. Together with Student Counselling, Career and Development Services, faculties and other relevant stakeholders exploring the most appropriate career choices for prospective applicants.
- iii. Consulting with HoDs and Programme coordinators regarding reasonable accommodation concessions, assistive devices and study material conversion requirements for prospective applicants.
- iv. Providing additional information (e.g., regarding Braille or JAWS screen proficiency, mobility, and assistive devices) to Admission Officers, CAAR consultants, Departmental Selection Panels and HoDs, where relevant, that can assist in reaching an admissions decision.
- v. Once admitted, issuing accommodation letters to students and introduction letters to HoDs and Programme coordinators.
- vi. Regularly communicating with HoDs and Programme coordinators regarding the number of students accepted and disabilities involved.
- vii. Adhering to all aspects with regard to confidentiality.

i. Admissions Committee

As a committee of Senate, the Admissions Committee:

- i. Provides guidance related to admissions decisions.
- ii. Considers and reaches decisions about undergraduate appeals in an ethical and transparent way.
- iii. Advises Senate on appropriate admission criteria and methods and mechanisms for managing capping targets or the admission of under-represented groups.
- iv. Submits reports to Senate regarding the efficiency of undergraduate admissions decision-making process and suggested improvements.
- v. Monitors the implementation of the *Admissions Policy* and the procedures for its implementation for undergraduate studies and suggests refinements when necessary.

j. Postgraduate Studies Committee (PGSC)

As a committee of Senate, the PGSC *inter alia*:

- i. Advises Senate on appropriate postgraduate admission criteria and methods and mechanisms for managing capping targets or the admission of under-represented groups.
- ii. Submits reports to Senate regarding the efficiency of postgraduate admissions decision-making process and suggested improvements.
- iii. Monitors the implementation of the *Admissions Policy* and the procedures for its implementation for postgraduate studies and suggests refinements when necessary.

k. Faculty Postgraduate Studies Committee (FPGSC)

The FPGSC *inter alia*:

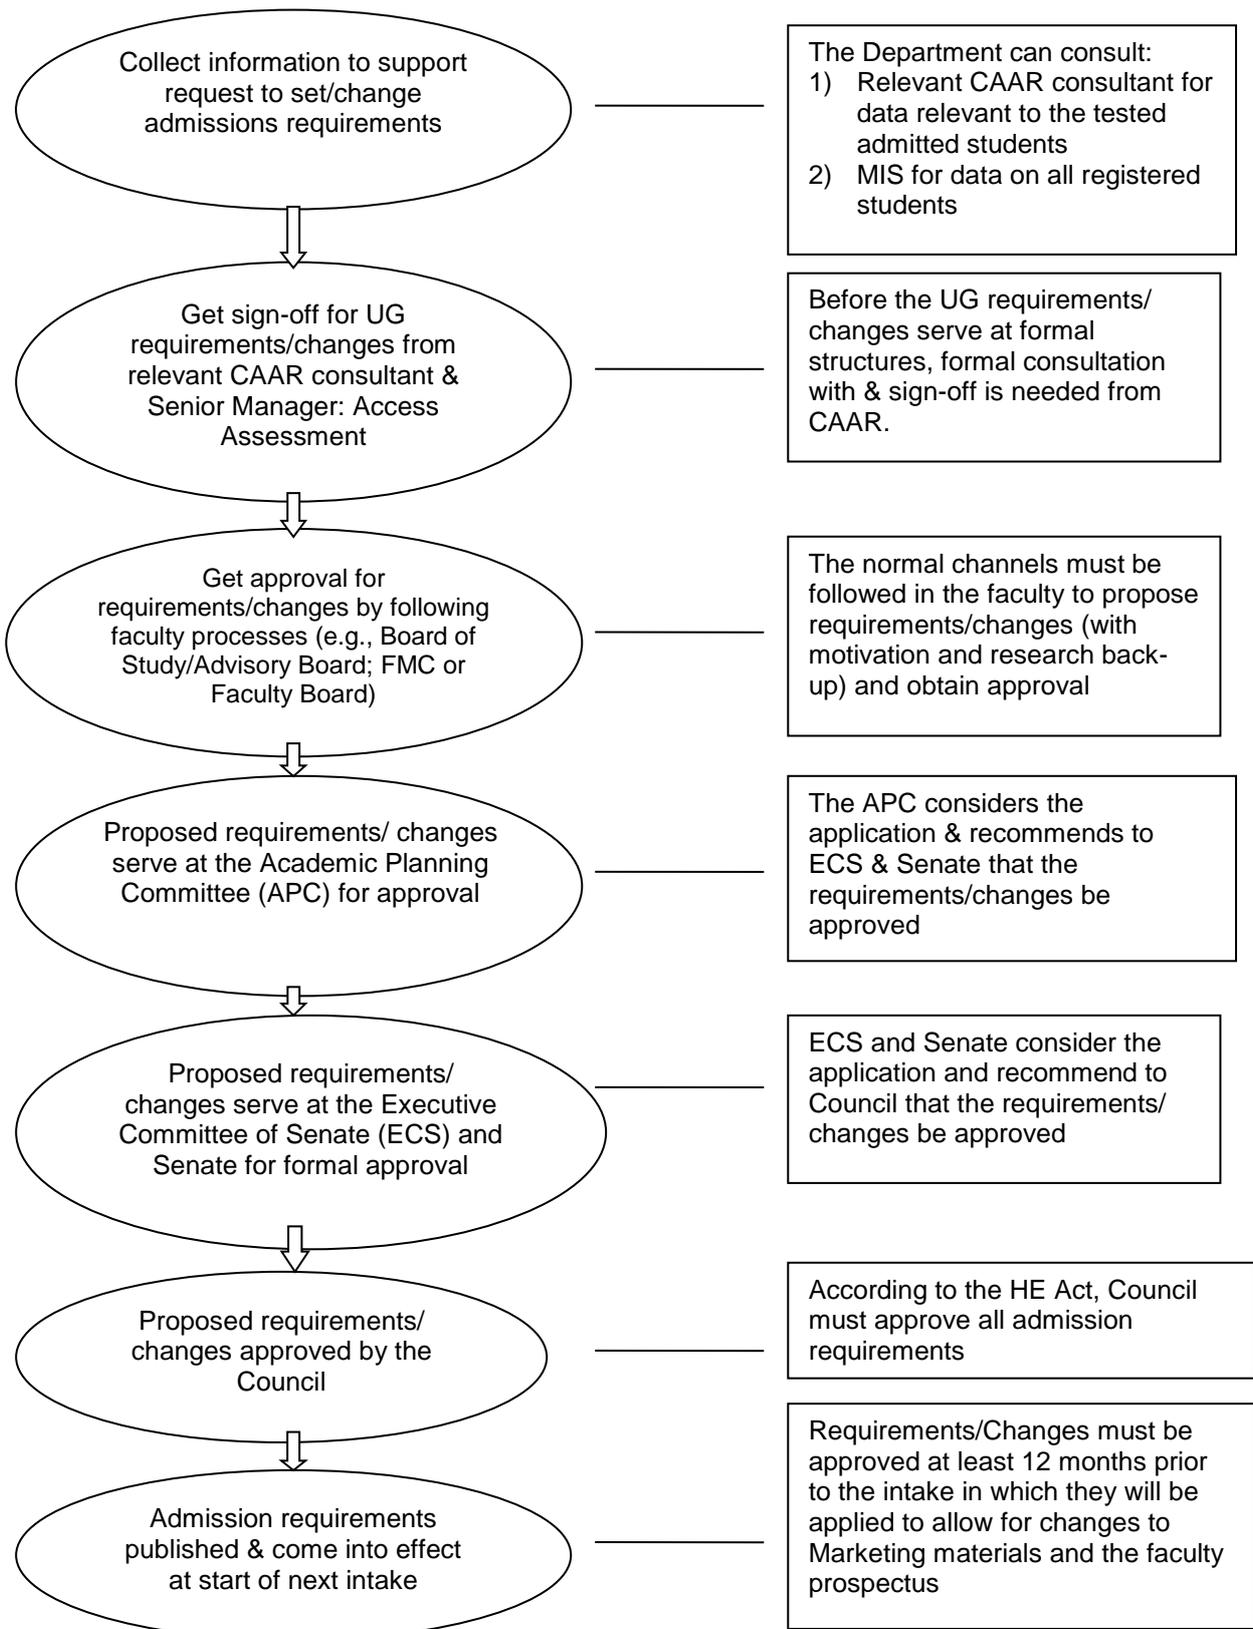

- i. Ratifies postgraduate admissions decisions based on the recommendation of HoDs.
- ii. Considers and reaches decisions about postgraduate admissions appeals in an ethical and transparent way.

9. MONITORING IMPLEMENTATION OF, REVIEWING AND UPDATING THE ADMISSIONS POLICY

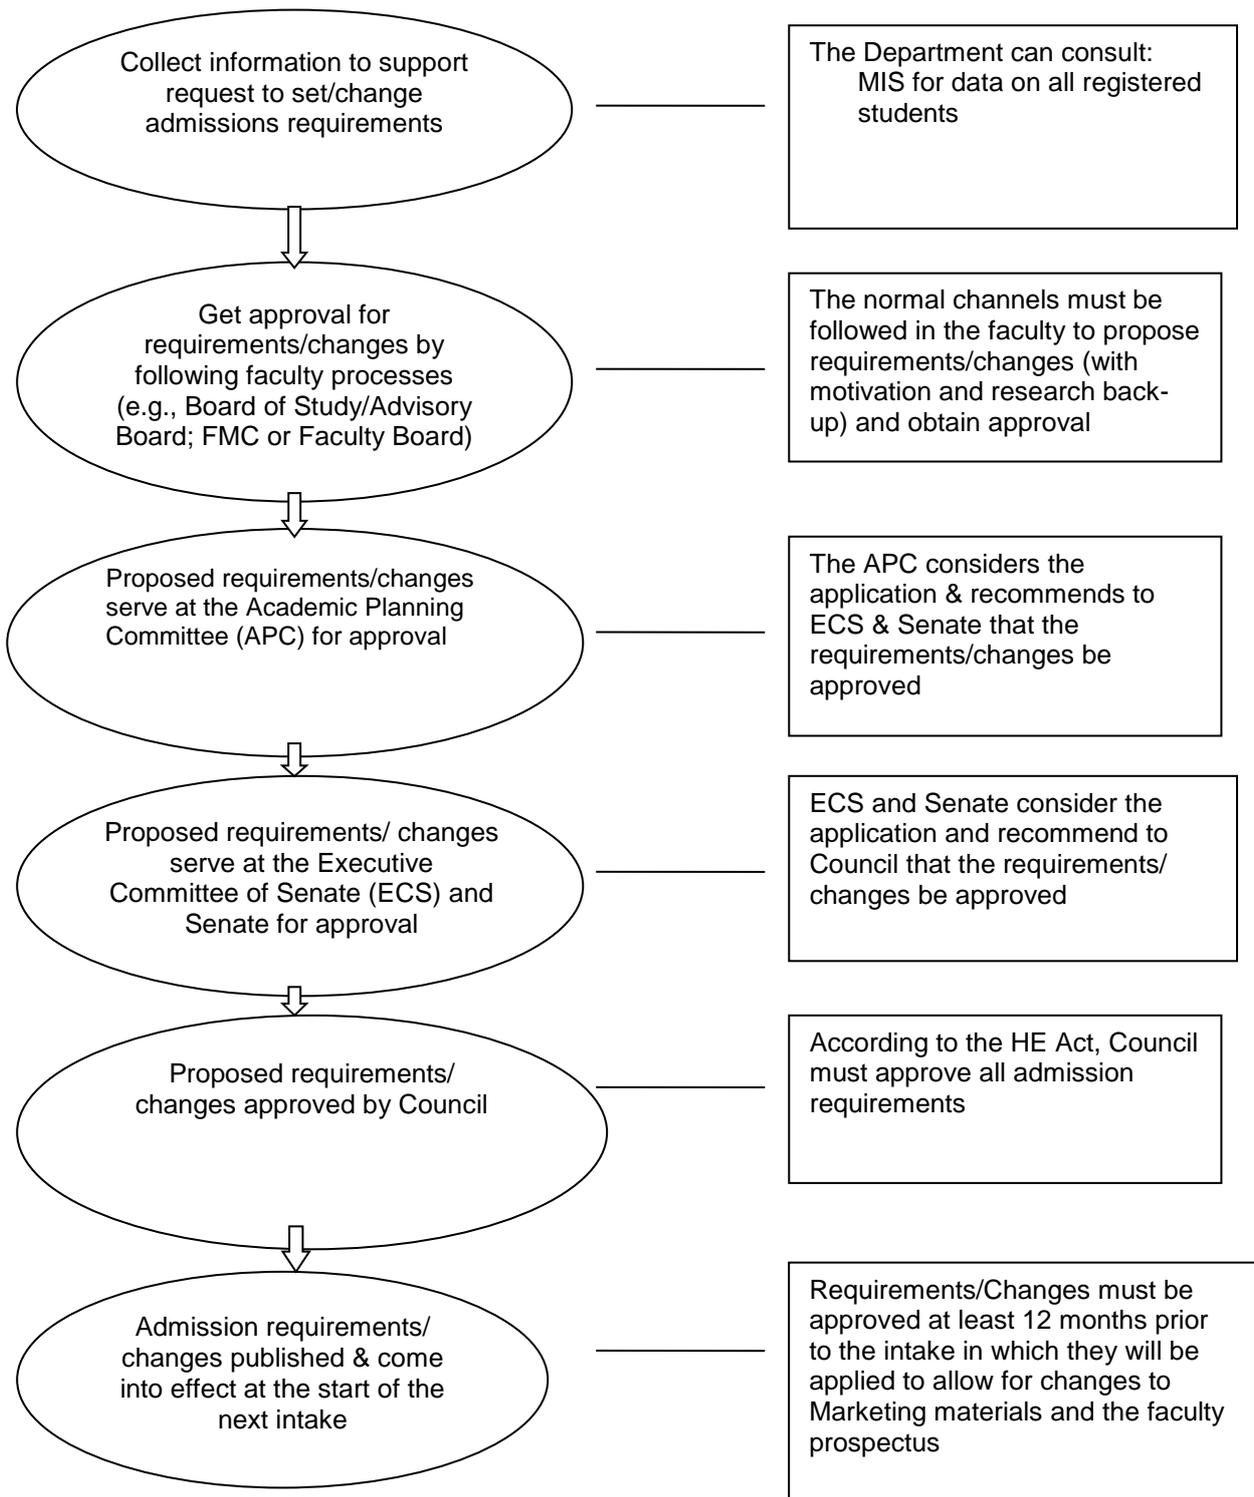

Nelson Mandela University's Senate has established an Admissions Committee and a Postgraduate Studies committee *inter alia* to:

- a. monitor the admissions process and the consistency of admissions decision-making for undergraduate and postgraduate admissions respectively;
- b. ensure that the *Admissions Policy* and procedures for implementing it continue to support the vision, mission, values and strategic priorities of Nelson Mandela University as well as national priorities, and that they remain current and valid; and
- c. advise Senate on matters related to the admissions policy, processes, standards and requirements and when necessary, make recommendations regarding changes and refinements to Senate via the faculty and institutional committee structures.

ADMISSION AND READMISSION TO UNDERGRADUATE PROGRAMMES

1. PURPOSE OF THE POLICY

Section 37(4) of the Higher Education Act, Act 101 of 1997 as amended, stipulates as follows:

- (4) *Subject to this Act, the Council may, with the approval of senate:*
- (a) *determine the entrance requirements in respect of particular higher education programmes;*
 - (b) *determine the number of students who may be admitted for a particular higher education programme and the manner of their selection;*
 - (c) *determine the minimum requirements for readmission to study at the public higher education institution concerned; and*
 - (d) *refuse readmission to a student who fails to satisfy such minimum requirements for readmission.*

The purpose of this policy is to indicate both the process by which Senate determines readmission requirements and who has the authority to refuse readmission to a student who fails to satisfy such minimum requirements for admission. The policy furthermore addresses where a student can obtain information on readmission requirements and the process to be followed to appeal a readmission refusal decision.

2. POLICY

2.1 Review of academic progress

Among the principles underpinning learning at the Nelson Mandela University¹ is that lecturers have high expectations that students will succeed in their studies. Consequently, many learning and development opportunities are provided by lecturers and professional academic support staff to develop and assist students in their learning endeavours and to foster academic success. Furthermore, in accordance with sound educational practices related to enhancing academic success, procedures need to be in place to regularly review the academic progress of students. **Each Faculty Board must thus approve a process to review the performance of students at a module and/or programme level in their Faculty, submit the process to the University Teaching and Learning Committee for approval, and monitor the implementation of the review process.** It is foreseen that for faculties to effectively manage the review of student progress, certain administrative processes might have to be collaboratively developed by the faculties and Faculty Administration. The review must be done regularly (so that lecturers/programme coordinators/Heads of Departments are better informed of the progress of students, and they could become aware of any personal, academic or other circumstances that might be negatively impacting on the progress of students). Where specific student needs and problems are identified, students should be referred to resources and professional services that can assist them (e.g., referral to Keys to Success workshop; Supplemental Instruction; Student Counselling, Career and Development Services; Financial Aid; Campus Health). It is the responsibility of the student to contact the support service that they have been referred to and to participate in the various development and support activities that could assist them to succeed academically.

¹ *Policy on the Underpinning Principles of Learning Experience Provision and the University Teaching and Learning Policy*

2.2 Minimum Requirements for Readmission

Minimum requirements for readmission must be determined by faculties, submitted for approval to Senate and published in the faculty prospecti. **It is thus the responsibility of each Faculty Board to ensure that:**

- 2.2.1 The general principles for determining readmission rules contained in Appendix A are used as a guideline when determining the minimum requirements for undergraduate programmes in the faculty.
- 2.2.2 Readmission requirements for each programme (for all year levels) are determined, submitted for approval to Senate via the Academic Planning and Quality Committee, and published in the faculty prospectus. Faculty Boards may decide to determine generic readmission requirements for all or groups of programmes in the faculty instead of determining the requirements per programme. Generic faculty readmission requirements must also be submitted for approval to Senate via the academic Planning and Quality Committee and must be published in the faculty prospectus.
- 2.2.3 The attention of students is drawn to the readmission requirements during the registration process. This is especially important if a student's academic progress is unsatisfactory and conditions are placed on his/her readmission. In this instance, the Faculty Management Committee (FMC) in collaboration with Faculty Administration must determine the process to be followed to record the conditions for readmission on the student record and to notify the student of the conditions.

2.3 Process to determine if Readmission Requirements Have Been Met and to Refuse Readmission

The following process must be followed when reaching a decision that a student has not met the readmission requirements:

- 2.3.1 The performance of all students registered for a programme in a faculty must be reviewed against the readmission requirements. Unless the Faculty Board decides otherwise, this review will normally take place at the end of an academic year. The Faculty Officer will identify the students that do not meet the readmission requirements and discuss them with the Head of Department/Director of School/Executive Dean (whichever is applicable). The Head of Department/Director of School/Executive Dean has the delegated authority to refuse the readmission of students who have not met the readmission requirements.
- 2.3.2 The Head of Department/Director of School in collaboration with the Faculty Officer must convey the fact that readmission has been refused and the reasons for this in writing to the student. A copy of this letter must be attached to the Student Record. The Head of Department/Director of School must be able to provide the detailed information that informed the decision, should the decision to refuse readmission be appealed.
- 2.3.3 A student who has been refused readmission can apply to be enrolled in a different programme via the Admissions office provided that he/she had only been refused readmission on one occasion². The Head of Department/Director of School, (whichever is applicable) has the delegated authority to decide whether or not the student should be admitted. The decision is guided by whether the student meets the admissions requirements for the programme and possible additional information such as a recommendation from the CAAR assessment consultant regarding the student's results on the Access Assessment Battery, and/or a recommendation from a student counsellor regarding the alignment

² If a student has been refused readmission more than once, he/she cannot apply for admission to a different programme.

between the student's career aspirations and aptitude and the programme applied for. When deciding to admit the student, the Head of Department/Director of School may impose reasonable requirements that the student must meet in an attempt to enhance the chances that the student will be academically successful. The outcome of the application for admission must be communicated to and placed on the student's record by the relevant Admissions Officer.

2.4 Appeal procedure

The student has the right to appeal against a decision to refuse readmission. The appeal will normally be handled by the Faculty Management Committee, unless the Faculty Board determines that another faculty committee must consider the appeal. In the latter instance, the Faculty Board must determine the composition of the committee. The decision reached by the appropriate faculty committee regarding the readmission appeal will be final and no further appeal will be permitted.

The process followed to apply for, consider and deal with a readmission appeal is as follows:

- 2.4.1 A student must submit their appeal in writing on a prescribed readmission appeal form, with full motivation and supporting documentation, to the Faculty Administration by either the last day of the re-examination period or within five (5) working days of receiving notification of readmission refusal, whichever date is the latest. The Faculty Administration must forward the appeal, together with a copy of the student's study record and the letter in which the student was informed that he/she was being refused readmission, to the Faculty Management Committee.
- 2.4.2 The Faculty Management Committee will then handle the appeal where consideration could be given to factors such as:
- (a) The student's academic record.
 - (b) The appropriateness of the reasons for the refusal to readmit the student
 - (c) Whether there are any special circumstances related to the student's unsatisfactory academic performance that should be taken into account and which could mitigate against refusing readmission
- 2.4.3 A statement of the outcome of the appeal and a motivation for the decision reached must be communicated to and placed on the student's record by the Faculty Administration.

3. APPLICATION OF THIS POLICY AND MONITORING OF IMPLEMENTATION

This policy is applicable to all students, academic lecturing staff and relevant administrative staff.

The Executive Dean of each Faculty must annually submit a report on the number of decisions to refuse readmission, and on the appeals lodged and how these were dealt with, to the University Teaching and Learning Committee, whose responsibility it will be to review the application of the policy across the faculties, to report to the Executive Committee of Senate on the readmissions process annually, and to recommend revisions to the policy when necessary.

APPENDIX A

GENERAL PRINCIPLES FOR DETERMINING READMISSION RULES FOR UNDERGRADUATE PROGRAMMES (*Excluding Honours & BTech*)

1. General Principles

The following general principles will apply:

- a) Faculties should consider not only a level (i.e., number of credits accumulated per year of registration) at which students are excluded, but also a range in which conditional readmission/warnings will apply;
- b) Faculties should have the discretion to determine the minimum credit value for readmission to a particular programme;
- c) In the light of all the factors that impact on students in their first year of study, students should normally be given a second chance, subject to possible conditional readmission/warnings;
- d) In terms of space constraints and the resultant capping of student numbers in certain programmes, the conditions attached to the readmission of a student who has made unsatisfactory progress after their first year of study, should be considered very carefully so that good students that are applying for the first time are not turned away;
- e) Where the maximum study period has been reached, but a student is close to graduating in that he/she only requires a few credits to graduate, the Faculty should have clear criteria in place to apply discretion to readmit the student;
- f) Faculties should have the discretion to deal with possible exceptions, including readmitting students not complying with the stated readmission requirements.

2. After the 1st year of registration

Students will normally be eligible for readmission to the 2nd year. Students who have obtained less than a specified number of credits (*see section 6*) will normally only be allowed to register for the next year subject to certain conditions. Such conditions may include being referred to the Student Counselling, Career and Development Center for assessment and intervention, limiting the modules for the next year and/or deregistration at the end of the first semester should defined performance requirements not be met. However, depending on certain circumstances in a particular programme, like space limitations, faculties can set minimum conditions for readmission to the 2nd year. In other words, students who have obtained less than a specified number of credits (*see section 6*) cannot be readmitted. Other options include the channelling of students to other programmes, career guidance, etc.

3. Subsequent years of registration (e.g. 2nd , 3rd, 4th year)

Students must have obtained a specified number of credits to be eligible for readmission (*direct readmission*). Students, who have obtained less than the credits required for direct readmission, but more than a specified number of credits, will be allowed to register for the next year subject to certain conditions (*conditional readmission*). Such conditions may include limiting the modules for the next year and/or deregistration of modules at the end of the first semester should the specified performance requirements not be met. Students who have obtained less than a specified number of credits will not be eligible for readmission to the same programme. Students who have been refused re-admission to their current qualification will only be allowed one further opportunity to change qualification. Students who had a break in studies of one academic year or more will be required to re-apply for admission.

4. Maximum period of study

4.1. **Full time:** The following maximum periods of study are allowed for full-time students:

Programme Credits	Minimum Period of Study	Maximum Period of Study
120 credits	1 year	2 years
360+ credits	3 years	5 years
480+ credits	4 years	6 years

4.2. **Full time Extended Programmes:** The following maximum periods of study are allowed for full-time students in extended programmes:

Programme Credits	Minimum Period of Study	Maximum Period of Study
120 credits	2 years	3 years
360+ credits	4 years	6 years
480+ credits	5 years	7 years

4.3. **Part Time:** The following maximum periods of study are used as a guideline for part-time students taking due cognisance of personal circumstances:

Programme Credits	Minimum Period of Study	Maximum Period of Study
120 credits	2 years	3 years
360+ credits	4 years	7 years
480+ credits	6 years	8 years

5. Maximum period of study exceeded

In the event that a student exceeds the maximum allowable period of study, the student will only be readmitted under special circumstances (e.g. when the student, with due consideration of his/her academic record, is likely to complete his/her qualification by the end of the year).

6. Progress-based readmission criteria in table format

6.1. Full time students

The following template serves as an example to be used by faculties for full time students:

Period of Registration	3 year programme (360+ credits)			4 year programme (480+ credits)		
	No action	Conditions	No readmission	No action	Conditions	No readmission
After 1 year	*72+	Less than 72	None	80+	Less than 80	None

G1	GENERAL RULES FOR ALL QUALIFICATIONS
-----------	---

SCOPE AND DEVIATIONS**Scope**

Unless stipulated otherwise elsewhere, these rules apply to all qualifications and students registered in 2018.

Students must familiarise themselves with the general rules, financial rules and other policies of the University. These documents can be accessed on the Student Portal.

Deviations

Students and staff of the University must comply with these rules. In accordance with the Document on Delegation of Authority, any deviation from these rules must be considered by the Executive Committee of Senate or its delegated committee.

G1.1 Definition of Terms

In these rules, unless the context otherwise indicates –

- 1.1.1 **“articulation”** means enabling progress and mobility of students within and across HEQSF qualifications.
- 1.1.2 **“assessment”** means collecting evidence of a student’s competence to demonstrate the achievement of the learning outcomes of a module;
- 1.1.3 **“core module”** means a compulsory module;
- 1.1.4 **“co-requisite”** refers to a module that must be taken concurrently with another module;
- 1.1.5 **“coursework master’s degree”** is a master’s degree where, in addition to the treatise, if any, study modules are prescribed;
- 1.1.6 **“day”** refers to a working day (i.e. not Saturday, Sunday or a public holiday);
- 1.1.7 **“dissertation”** means the written or other approved* research work submitted in fulfilment of the requirements set for obtaining a research master’s degree;
(Note: *Refers to e.g. artefacts, original music compositions, etc.)
- 1.1.8 **“elective modules”** refer to modules which form part of a curriculum which are not compulsory and in respect of which students can exercise a choice;
- 1.1.9 **“exit level module”** means a module which has outcomes and level descriptors at the exit level of the qualification;
- 1.1.10 **“external examiner or external moderator”** refers to a person who is not an employee of the University and not involved with any academic work with the University, who is appointed to assess or moderate academic material;
- 1.1.11 **“final results”** means results which have been approved by the relevant Faculty structure.
- 1.1.12 **“formal qualification”** means a qualification listed in the Programme and Qualification Mix (PQM) of the institution as approved by the Department of Higher Education and Training;
- 1.1.13 **“major module”** means an exit level module which has been identified as a major module in faculty rules;
- 1.1.14 **“module”** means a coherent, self-contained unit of learning, which is designed to achieve a set of specific learning outcomes that are assessed within that unit of learning, and is a unit for which a final mark is entered in the student record;
- 1.1.15 **“occasional student”** means a student who has registered for one or more modules at the University, but who is not registered at the University as a student for a specific qualification;
- 1.1.16 **“pipeline programme”** means a programme which is being phased out, has no new intake and has been indicated as such in the Faculty Rules;
- 1.1.17 **“pipeline student”** means a student who is registered for a pipeline programme;

- 1.1.18** “**pre-requisite**” refers to a requirement that must be met prior to a student being allowed to register for a specific module;
- 1.1.19** “**programme**” is a purposeful and structured set of learning experiences that leads to a qualification;
- 1.1.20** “**provisional results**” means results which have not yet approved by the relevant Faculty structure.
- 1.1.21** “**re-assessment**” means a second assessment opportunity for modules assessed by continuous assessment.
- 1.1.22** “**recognition of prior learning (RPL)**” means the granting of credit to a student for specified knowledge and experience previously obtained in whatsoever manner;
- 1.1.23** “**student**” means any person registered with the University for any form of study, and includes an applicant or prospective student who has lodged an application for any form of study at the University, as well as any person attending an orientation programme, prescribed for new entrants, at the university;
- 1.1.24** “**syllabus**” of a module means a description of amongst others the learning outcomes and learning content dealt with in the module;
- 1.1.25** “**thesis**” means the written or other approved research work submitted in fulfilment of the requirements set for obtaining a doctor's degree or partial fulfilment in the case of a professional doctoral degree;
- 1.1.26** “**treatise**” means the written or other approved research work that is submitted in partial fulfilment of the requirements set for a postgraduate qualification or a professional bachelor's degree;
- 1.1.27** “**weighted average mark**” means the average of a set of final marks, each of which has been weighted by either the credit value or the relative course weight (RCW) of the individual module.

G1.2 Admission

- 1.2.1** Please consult the *Admission Policy* of the University. Admission of International applicants is subject to the conditions set out in the Immigration Act, 2002, as amended.
- 1.2.2** An applicant must apply to be admitted to the University on the prescribed application form. This form may be completed manually or electronically (online). The prescribed fee, where applicable, together with relevant documentation, must accompany the application.
- 1.2.3** By submitting the official application form, students confirm their acceptance of the rules and regulations of the University, their liability to pay prescribed fees and any amendments thereto for the duration of their studies. It is the student's responsibility to be acquainted with all the rules and regulations of the University.
- 1.2.4** Please consult the *Academic Programme and Almanac* section for closing dates for applications. Applications for admission as a student received after these official closing dates shall be regarded as “late” applications.
- 1.2.5** Certificate of good conduct and transcript of academic record:
An applicant who was previously registered at another/other University/ies, must submit an official certificate of good conduct and a transcript of academic record issued by such previous University/ies upon application to this University.
- 1.2.6** All applications for admission are subject to selection. An applicant will be notified of the outcome of his/her application. This notification may be via letter or electronic communication.
- 1.2.7** The admission requirements for all formal programmes are set out in the Faculty Prospectuses of the University and the Information Guides

Articulation

- 1.2.8** Articulation between qualifications is managed in terms of the official Articulation Policy of the University. A student or applicant who has completed a Higher Certificate/ Diploma and who may not have obtained the required endorsement status on his/ her National Senior Certificate (NSC) may be admitted to a cognate programme. Please refer to the Articulation Policy.

G1.3 Registration as a Student**1.3.1 General Rules Regarding Registration**

1.3.1.1 In order to pursue studies at the University, a student must register online. Prior to registration a student must ensure that all the required fees have been paid.

1.3.1.2 Students are required to register for all the prescribed modules applicable for the particular academic year or period subject to Rule 1.3.1.9

1.3.1.3 After the completion of registration, it is the student's responsibility to check his/her proof of registration to ensure that he/she is correctly registered for the qualification and modules.

1.3.1.4 A student, who registers at the University for the first time, where applicable, must furnish proof (original documents) that he/she complies with the prescribed admission requirements.

1.3.1.5 Students have to provide their correct contact details, which include four addresses (namely a postal, account, study and home address) and cellphone number. If, during the course of the academic year, any changes to a student's contact details occur, the Student Records Office must be notified of this in writing. Official correspondence sent to the contact details thus provided by the student will be deemed to have been received by him/her.

1.3.1.6 A student must renew his/her registration for study on an annual basis until he/she has complied with all the prescribed requirements for the qualification. Such registration must take place within the normal registration period as stipulated in the Almanac of the University. Late registrations shall be accepted up to the predetermined date published in the Almanac of the University.

No person who is in arrears with the payment of any fees due to the University shall be registered as a student.

Registration for experiential learning is subject to the requirements stipulated above.

1.3.1.7 Prospective students shall register for a module before the commencement of such module. Late registrations or registration amendments shall be accepted up to the predetermined date published in the General Prospectus only if the student has attended the module(s) in question from the commencement thereof. After the last day for registration a student may only be allowed to participate in academic activities in modules for which he/she has been registered.

1.3.1.8 Written notification of qualification/module cancellations must be submitted to the Faculty Administration Office. The date on which such written notification is received will be deemed as the official date of cancellation. Module cancellations may be submitted electronically (online). The onus is on the student to ensure that he/she is duly registered correctly.

1.3.1.9 Maximum number of credits that can be registered per academic year

A student shall not be allowed to register for more than 120 credits per academic year unless prescribed in the relevant Faculty Rules. In exceptional cases, a deviation may be approved by the Executive Dean on recommendation of the Head of the Department or Director of the School.

1.3.1.10 Change of curriculum/qualification/programme

A student applying for a change of curriculum/qualification/programme, must apply in writing to the Faculty Administration Office by the date published in the University Almanac. In addition a student must ensure that he/she complies with the requirements of the new qualification/programme. Applications will be subject to selection by the relevant academic department. It is the student's responsibility to apply for recognition of credits already completed.

1.3.1.11 Subject to rule G1.4, a student who wishes to complete his/her studies at the University by registering for module/s at another university recognised by Senate for this purpose, may do so only with the permission of the Head of Department. An Application to Study Elsewhere must be submitted prior to registration at the other institution. The relevant application form is available on the student portal (online) and from the Faculty Administration Office.

- 1.3.1.12** Compliance with qualification requirements:
The onus is on the student to ensure that the module(s) he/she is registered for will enable him/her to complete the qualification within the prescribed period.
- 1.3.1.13** Concurrent registration:
Except by permission of the Faculty Management Committees, no student shall concurrently be registered, in the same academic year for more than one qualification at the University.

Subject to G1.3.3, except by permission of the Faculty Management Committees, a student may not, in the same academic year, be registered for a formal qualification/module(s) of another higher education institution.
- 1.3.1.14** Offering of programmes and modules:

Subject to the provisions of rule G1.3.2.2, Senate may, with the approval of Council, determine the minimum number of students who must register for a programme/module for it to be offered. Once such programme/module offering has commenced, the offering thereof shall continue for at least the time within which the registered students could reasonably have been expected to complete the programme/module. In addition, Senate may with the approval of Council, determine the maximum number of students that may register for a particular programme/module.
- 1.3.1.15** If only a small number of students wish to register for an elective module in any year, the Faculty Management Committee may, after consideration of the staffing resources and after consultation with the Head of the Department concerned, decide that such module shall not be offered in that year, provided that students are advised of this before the commencement of the second week of lectures.
- 1.3.1.16** Special requisites for particular modules:
A student shall not be admitted to a particular module unless he/she has met the requisite requirement(s) as stipulated in the faculty rules. In exceptional circumstances a deviation may be approved by the FMC.
- 1.3.1.17** If it becomes clear that a student is following a module for which he/she has not met the relevant admission requirements or pre-requisite, the registration for the module will be cancelled immediately.
- 1.3.1.18** Lecture Timetables:
Lecture timetables are prepared in accordance with curricula linked to the academic year of study and students who intend to register for modules across years of study may experience clashes.
Students may not register for modules that clash on lecturing timetables, except with the permission of the Executive Dean concerned. It is the responsibility of the student to ensure that he/she is not registered for modules that clash on the timetable. In the event of a clash, the responsibility is on the student to amend his/her registration accordingly.
- 1.3.1.19** A student must ensure that he/she attends the class group (including practicals and tutorials) he/she is assigned to. Where a module has been linked to a class group, the onus is on the student to ensure that it does not result in a clash with another module on his/her timetable. If a clash is determined after registration, the onus is on the student to amend his/her registration accordingly.
- 1.3.2** **Transitional General Rules for Undergraduate Qualifications**
- 1.3.2.1** Transfer of students' registration between campuses:
A student who has registered for a qualification at a given delivery site or campus, will participate in academic activities including assessments only at that site or campus. For purposes of this rule, the North and South Campuses are considered as one campus. Upon application and approval, transfer to another site or campus may occur only at the beginning of a subsequent registration period.

- 1.3.2.2** Phasing out of pipeline programmes:
Unless Senate decides otherwise, pipeline programmes shall be offered for two years longer than the minimum duration of the programme. Individual modules offered in programmes that are being phased out may be discontinued earlier. (See faculty rules for further details.)
- 1.3.3** **Registration as an Occasional Student**
An applicant who does not wish to register for an approved qualification, but is only interested in a specific module(s), may register as an occasional student for non-qualification purposes. The normal admission and registration rules shall apply. Students registered for formal programmes who wish to register for additional modules on an occasional basis must apply for permission from the relevant Head of Department.
- G1.4** **Recognition and Retention of Credits**
- 1.4.1** The relevant Head of Department may grant a credit for a particular module to a student if he/she has, at the University or at another accredited institution, previously passed a module(s), the required outcomes of which are sufficiently similar to those required for the module in question.
- 1.4.2** A student may accordingly, on grounds of having completed sufficiently similar modules at other accredited institutions, be granted credits in respect of modules with a cumulative credit value of not more than half of the total credit value of the relevant programme or qualification at the University.
- 1.4.3** A student shall be required to complete all the exit level modules at the University, provided that the Faculty Management Committee may approve that not more than half of the total credit value of the exit level modules may be completed at another institution. On recommendation of the Faculty Management Committee, the Executive Committee of Senate may approve a deviation in respect of more than half of the total credit value of the exit level modules.
- 1.4.4** Applications for recognition of credits must be submitted to the Faculty Administration Office before the commencement of study. The prescribed form must be completed in full. In the case where modules from another accredited institution are presented for recognition of credits, the academic record of the student and the relevant year's syllabi of the modules must accompany the application. The prescribed fee is payable to the university before consideration of the application by the relevant faculty.
- 1.4.5** If a student wishes to graduate in a particular year, written application for recognition of credits must reach the University annually by the date published in the University Almanac.
- 1.4.6** Where a student has had a break in studies for a year or longer, such student must re-apply for admission. In some instances, the retention of credits may be subject to departmental or equivalent structure approval.
- 1.4.7** A student may be granted credits in respect of modules obtained towards a completed qualification, provided that such credits shall not constitute more than 50% of the credits required for the new qualification.
- G1.5** **Attendance Requirements**
- 1.5.1** A department may set attendance requirements, in which case satisfactory attendance must be clearly defined. Students must be notified thereof in writing through the module guide at the commencement of each module.
- 1.5.2** Departments may exclude students from an assessment or examination in a module on the basis of unsatisfactory attendance.
- G1.6** **Assessment**
- 1.6.1** **Assessment Manner**
The assessment of all students in every module shall be in the manner as approved by Senate and the final mark so obtained for a module shall be entered into the academic

records of the students. A final mark is usually determined by calculating the weighted average of the class mark and an examination mark.

1.6.2 Final Assessment

The time and venue for the final assessment of a module shall be determined by Senate.

1.6.3 Notification of Assessment Manner

Notification of how and when assessments will be conducted and exactly how the class and final mark will be computed will be by means of the module guide which will be handed to students at the commencement of each module.

1.6.4 Absence from Assessments

Satisfactory documentary evidence, e.g. a medical certificate, is required for absence from all types of assessments. Such documentary evidence must be submitted to the relevant lecturer no later than three (3) working days after the assessment. Students who choose not to participate in assessments on particular dates/times due to religious or cultural observance or sporting events may apply to the lecturer concerned to participate in such assessments at an alternative date/time. Any such application must be supported by proof on a letterhead from the relevant ordained religious leader or designated authority confirming that the identified dates/times are of particular significance. The lecturer will endeavour to accommodate the students where possible.

1.6.5 Release of Provisional Examination Results

Provisional results are released for the sole purpose of giving students advance notification of potential re-examinations/ special examinations/ extraordinary examinations. The onus is on a student to obtain his/her final examination results when published. (Refer Rule 1.6.19)

1.6.6 Examination Admission and Notification

Subject to rule G1.5, a class mark of at least 40% must be obtained in a specific module for admission to the examination in that module. Class marks will be published on the student portal and the onus is on the student to ascertain whether he/she qualifies for examination admission.

Request from faculties for exceptions may be approved by Senate subject to satisfactory empirical investigation and motivation. Such exceptions will be clearly indicated in the module guides.

1.6.7 Examination Timetable

Official notification of the examination timetable will be by means of email to the students' University email addresses as well as on the Student Portal. A provisional examination timetable normally precedes the final examination timetable and the onus is on students to ensure that their modules do not clash and point out any clashes to the Examinations Office. It remains the responsibility of a student to consult the final examination timetable when it is published as dates and/or times may have changed when compared to the provisional timetable.

1.6.8 Determination of Class Mark

1.6.8.1 A class mark is determined by means of the assessment (during the course of an academic term or semester) of a student's performance in a module through various methods, e.g. tests, practical work, assignments, etc.

1.6.8.2 A class mark is not transferable and is valid only for the specific registration period in which it has been achieved.

1.6.9 Determination of Examination Mark

In cases where a module has more than one examination paper:

- the examination mark for that module consists of the weighted average mark of the marks obtained for each question paper;
- departments may set subminima for question papers.

1.6.10 Determination of Final Mark

The final mark of a module is determined by weighting the class mark and the examination mark in a ratio which is normally in a range between 30:70 and 70:30. In some instances, for example portfolios, the class or examination mark may be set at 100%.

1.6.11 Continuous and Alternative Assessments

- 1.6.11.1** Senate may approve continuous and alternative assessment methods for a module. Such alternative assessment methods may include portfolios.
- 1.6.11.2** At the commencement of a module, the student shall be informed by means of the module guide of the manner in which such alternative assessment of a module will take place, as well as any further requirements in respect of the module. This information must include the way in which a re-assessment, if any, will be conducted. Such re-assessment must be finalized before the due date for finalization of normal examination marks (June and November).

1.6.12 Pass Requirements

- 1.6.12.1** A student must obtain a final mark of at least 50%, subject to a subminimum mark of 40% for the examination, in order to pass a module.
- 1.6.12.2** Passing of linked modules
It is acknowledged that certain modules, while being stand-alone modules for which individual credit may be obtained in terms of Rule 1.6.12.1 above, are nevertheless intrinsically linked to one or more other modules. Such linkages must be confirmed by specific faculty rules which must adhere to the following general rules:
- 1.6.12.2.1** In the case where learning in the subsequent module builds cumulatively on the learning in the previous module, the previous module may be passed if the weighted average mark for the two modules is at least 50%, provided that the subsequent module must have been passed on its own and that a minimum final mark of at least 40%, as well as a subminimum mark of at least 40% for the examination, must have been obtained for the first module.
- 1.6.12.2.2** In the case where the content of two or more modules form an integrated whole, these modules may be passed if the weighted average mark of these modules is at least 50%, provided that a minimum final mark of at least 40%, as well as a subminimum mark of at least 40% for the examination, must be obtained for each individual module.
- 1.6.12.2.3** If all linked modules have not been passed in terms of rules 1.6.12.2.1 and 1.6.12.2.2 above, credit is retained for the modules which were passed on their own; modules which were not passed must be repeated and individually passed in a subsequent academic year.
- 1.6.12.2.4** The linking of modules and the consequent averaging of marks is only allowed in respect of the same academic year.
- 1.6.12.2.5** A specific faculty rule may determine that the minimum final and subminimum marks referred to in rules 1.6.12.2.1 and 1.6.12.2.2 above shall be at least 45%.
- 1.6.12.2.6** The linking of modules and the application of these rules must be explained in the module guide of a linked module which is handed out at the commencement of each module.

1.6.13 Passing a module with Distinction

A student passes a module with distinction if he/she attains a final mark of at least 75% in that module.

1.6.14 Obtaining a Certificate/Diploma/Degree Cum Laude

(Excluding BTech, Postgraduate diplomas, Honours, Master's and Doctoral degrees)

Unless Senate has approved a different faculty rule in respect of sub-rule (d) below, a qualification is awarded **cum laude** if the student:

- (a) completed the qualification in the prescribed minimum period of study for the applicable full-time or part-time programme;
- (b) passed all the prescribed modules of the qualification at the first attempt for each module;
- (c) obtained a weighted average mark of at least 75% across all the modules of the qualification; and
- (d) obtained a weighted average mark of at least 75% across all the major modules of the qualification as identified in the faculty rules.

1.6.15 Special Examinations

1.6.15.1 A student prevented from sitting for, or completing, a normal examination due to circumstances beyond his/her control may be granted permission by the Head of Department to sit for a special examination. Such a student must submit a written application, supported by documentary evidence to the Examination Office before the first examination, but no later than three (3) working days after that examination. In the case of illness a medical certificate must be submitted, in the case of death in the family*, a certified copy of the death certificate must be submitted and if the application is on religious grounds or cultural practices or observances, a letter from the relevant ordained religious leader or designated authority in charge on an official letterhead must be provided.

* "family" includes the following persons: student's spouse or life partner or student's parents, brother, sister, adopted parents, grandparent, child, adopted child, grandchild, or his/her legal spouse's parents

1.6.15.2 A medical certificate must clearly indicate the nature of the illness and confirm that the student was, according to the clinical opinion of a medical practitioner, unfit to sit for the examination(s) on the day(s) of the examination(s) in question. The University also reserves the right to investigate the validity of a medical certificate and to make a final decision informed by the investigation.

1.6.15.3 A special examination will not be allowed if a student:

- (a) Misreads/misinterprets the examination timetable;
- (b) Acts on unofficial information;
- (c) Arrives late for an examination;
- (d) Is unable to identify him- or herself satisfactorily at the examination venue.
- (e) Has completed an examination and afterwards applies for a special examination on the basis of illness or other circumstances.

1.6.15.4 A special examination may be granted by the relevant Head of Department, to a student who is required to take part in any recognised sport, cultural or other student activities at provincial level or higher, at a time which is likely to affect his/her preparation for and/or writing of an examination. Students participating in University approved activities may also be eligible to be granted special examinations by the relevant Head of Department.

1.6.15.5 If a student fails to write a special examination, the opportunity shall be forfeited, unless deemed otherwise by the Faculty Management Committee. An appeal to the Faculty Management Committee must follow the procedure outlined in 1.6.15.1

1.6.15.6 A student who upon writing a special examination and is eligible for a re-examination or extra-ordinary examination shall write such examination on a date/time to be determined by the Examination Office.

1.6.15.7 The procedure as described in G1.6.19 below is applied for the notification of students for special examinations.

1.6.15.8 A special examination is written at the same time as the re-examination in that particular module.

1.6.16 Students whose religious or cultural observance coincide with the examination period

Students who object on grounds of religious or cultural observance to writing examinations on particular dates/times during the examination period may apply to the Examinations Office to have the examinations not scheduled on the dates/times in question.

The Examinations Office will endeavour to reasonably accommodate the students by not scheduling the affected examinations on the dates/times in question.

If this is not possible, the students will be allowed to apply for special examinations in terms of Rule G1.6.15.1.

Any such application must be submitted on the prescribed form by the published date in the Almanac of the University.

Any such application must be supported by proof on a letterhead from the relevant ordained religious leader or designated authority confirming that the identified dates/times are of particular significance.

1.6.17 Re-Examinations

- 1.6.17.1** Students who have failed the original final assessment in a module may qualify for a re-examination of any work (including portfolios) or examination in that module, provided that a re-examination shall not be granted in respect of modules offered in the academic recess periods.
- 1.6.17.2** In order to qualify for a re-examination, a student must have obtained a final mark of at least 45% in the original examination.
- 1.6.17.3** In addition to the normal examination periods, re-examinations are normally conducted during a period preceding the commencement of the following academic semester as scheduled in the Academic Calendar.
- 1.6.17.4** A re-examination does not constitute a separate new assessment. The criteria or ratios used in the original calculation of the final mark shall also apply to the re-examination, but the final mark thus obtained may not exceed 50%.
- 1.6.17.5** If a student fails to write the re-examination, the opportunity shall be forfeited, unless deemed otherwise by the Faculty Management Committee. An appeal to the Faculty Management Committee must follow the procedure outlined in 1.6.15.1
- 1.6.17.6** A fee per module will be debited to the student's account after the re-examination has been written.

1.6.18 Extraordinary Examinations - Last Outstanding Module

- 1.6.18.1** A final year student or a student registered for an undergraduate one-year qualification who after the completion of the normal semester examinations or recess programme, needs to pass only one outstanding module to complete a qualification, and has not qualified for a re-examination or special examination in that module, shall nevertheless be granted an extraordinary examination in that module.
- 1.6.18.2** For the consistent implementation of this rule, the following definitions and sub-rules must be applied:
- (a) A final year student is a registered student who has qualified to be categorized as such by virtue of his/her academic progress up to the end of the previous academic year.
 - (b) One outstanding module refers to one year module, one semester module or the equivalent of one semester module (for example two term modules, which may or may not be from the same discipline), or one term module for which the student has been registered in the current academic year.
 - (c) The rule must be applied separately and independently in respect of the June and November examinations:
 - (i) *after the June examinations*: it must be assumed that the student will pass all year and second semester modules he/she has registered for, as well as all re-examinations and special examinations. A student who has not registered for his/her outstanding second semester module(s), should there be any, shall not be eligible for an extraordinary examination after the June examinations.
 - (ii) *after the November examinations*: the student must have passed all first semester modules.
 - (d) If the only outstanding module, as defined in (b) above, is a module for which the student did not qualify for admission to the examination in terms of rule G1.6.6, an extraordinary examination shall also be granted for that module. However, this sub-rule will **not** apply if the non-admission to the examination was the result of non-compliance with a sub-minimum requirement relating to a compulsory laboratory or assignment component of the class mark.
 - (e) An extraordinary examination does not constitute a separate new assessment and is therefore subject to rule G1.6.17.4.
 - (f) A student shall sit for an extraordinary examination in the normal period when re-examinations are written.
 - (g) This rule shall not apply if a student has failed a re-examination or an extraordinary examination in that module. The re-examination shall not be granted on an extraordinary examination.

- (h) If a student fails to write an extraordinary examination, the opportunity shall be forfeited, unless deemed otherwise by the Faculty Management Committee. An appeal to the Faculty Management Committee must follow the procedure outlined in 1.6.15.1

1.6.19 Notification of Examination Results

(Including results of re-examinations, special examinations and extraordinary examinations. These results will only be released if the student account is not in arrears by any of the respective payment dates.)

- 1.6.19.1** The Department of Academic Administration is responsible for notifying a student of the official examination results. The official examination results will indicate whether a student qualifies for a re-examination/special examination/ extraordinary examination.
- 1.6.19.2** Examination results shall be made available by means of email to the students' University's email addresses as well as on the Student Portal. Notice of dates, times and venues for re-examinations/special examinations/ extraordinary examinations will also be included. In addition, examination results may also be made available via SMS to students' cell phone numbers. Printed examination results will be made available upon request at no cost to the student.
- 1.6.19.3** In the event of any discrepancy with regard to the information displayed via the various media, the examination results on the ITS System shall be regarded as the official examination results.
- 1.6.19.4** The onus is on the student to ascertain whether he/she qualifies for a re-examination/special examination/extraordinary examination and the time and place of such an examination. A student, who interprets the notification of the re-examination/special examination/extraordinary examination incorrectly, cannot claim another opportunity to be examined.

1.6.20 Viewing of Examination Scripts

A student has the right to view his/her examination scripts* and associated memoranda on application to the Examination Office provided that the student account is not in arrears by any of the payment dates and subject to the following timeframes:

- * (Includes examination scripts for normal examinations, re-examinations, extraordinary examinations and special examinations).

With respect to normal examination and the special/re-examination periods, the timelines for submitting applications will be as indicated in the University Almanac.

1.6.21 Re-Marking of Examination Scripts

- 1.6.21.1** If a student is not satisfied with the marking of his/her examination script*, he/she may apply for a re-mark of such a script, provided that the student account is not in arrears, subject to completion of the relevant application form at the Examinations Office and payment of the prescribed fees.
- * (Includes examination scripts for normal examinations, re-examinations, special examinations and modules offered during the student recess period)
- 1.6.21.2** The timelines for the application process for the re-marking of an examination script shall be as indicated in the University Almanac.
- 1.6.21.3** Applications for re-marking apply exclusively to written examinations.
- 1.6.21.4** Cancellation of a request for the re-mark of an examination script will not be allowed once the prescribed fee has been paid. The prescribed fee is not refundable, unless the re-mark results in a change to the final result.
- 1.6.21.5** The Head of Department concerned shall appoint a person other than the original examiner/moderator to re-mark the script.
- 1.6.21.6** The outcome of the re-mark of an examination script, once approved by the relevant Head of Department, will become the official examination mark for that script.

1.6.22 **Submission of Final Assessment Material for Graduation Purposes**

The final date for the submission of documentation which may have a bearing on the graduation of a student in that particular academic year, shall be as published in the almanac in order to graduate in that particular academic year, e.g. portfolios, log books, applications for module credits, etc.

1.6.23 **Moderation of assessments**

1.6.23.1 On behalf of the Senate, the respective Faculty Management Committees appoint at least one examiner and one moderator for the examinations in modules offered by the University.

1.6.23.2 (a) Except by permission of Senate all modules other than exit-level modules or modules for a one-year undergraduate qualification shall be subject to internal moderation.

(b) Except by permission of Senate, all exit-level modules shall be subject to external moderation.

1.6.24 **Writing of Examinations**

1.6.24.1 When a student registers at the University, he/she simultaneously registers for the examination in those modules for which he/she registers, provided that he/she meets the examination admission requirements.

1.6.24.2 (a) A student may only sit for his/her examination at the examination centre for which he/she has been registered.

(b) (i) Notwithstanding (a) above, an undergraduate study abroad student or a local student who officially participates in a study abroad programme, who qualifies for a re-examination, special examination or extraordinary examination in a module, but is unable to write such examination at the University due to being abroad at the time of the examination, may apply to sit for the examination at any of the University's Partner Universities abroad or any other university abroad as determined by the relevant committee, as contemplated in subparagraph (iii) below, at its discretion.

(ii) Any such application must be submitted on the prescribed application form to the Office for International Education at least five (5) working days before the commencement of the re-examination/special examination period.

(iii) The prescribed fee for writing the examination is payable upon the relevant committee's approval of the application.

(iv) Additional information regarding the application procedure, prescribed fees and conditions applicable to such examinations is available on the University's website.

1.6.24.3 Students should be seated 15 minutes before the examination session commences and nobody may leave the venue within the first hour or during the last 15 minutes of the examination session. No student will be admitted to the examination venue once the first half hour of the session has passed.

1.6.24.4 A student will only be allowed to write the examination if he/she is in possession of his/her valid student card. If a student has misplaced or lost his/her student card on the day of the examination, he/she will only be permitted to write the examination if she/he is in possession of a recent (not older than 3 months) proof of registration together with his/her identity document or passport.

1.6.24.5 All students must abide by the examination instructions as detailed in the examination answer books, as well as those rules read out by the Chief Invigilator prior to commencement of each examination session.

1.6.24.6 Students, who as a result of acceptable reasons need additional time for the writing of examinations, must apply in writing to the Student Counselling, Career and Development Centre not later than one calendar month before the commencement of each examination period.

G1.7 Graduation

In terms of the University Statute, degrees are conferred and certificates and diplomas awarded at a congregation of the University. The Chancellor presides or in his or her absence the Vice-Chancellor or Acting Vice-Chancellor presides. A doctoral student is not entitled to use the title Doctor until the doctoral degree has been conferred at a graduation ceremony.

G1.8 Withdrawal and revocation of a qualification

The University Council in consultation with Senate reserves the right to revoke a qualification that was awarded-

- (a) On the basis of material error on the part of the University provided that such withdrawal and revocation may only take place within a period not exceeding two years after the award; or
- (b) as a result of fraudulent or dishonest act in connection with the obtaining of such qualification.

Prior to withdrawing and revoking the qualification, the University must-

- i. Notify the recipient that a revocation and withdrawal is being considered;
- ii. Provide the recipient with relevant information justifying the intended action;
- iii. Provide the recipient with an opportunity to obtain assistance and to present his/ her case and
- iv. Consider the submissions and the representations of the recipient.

G1.9 Qualifications awarded posthumously

The University may award a diploma or confer a degree posthumously if the student already complied with all the requirements of the qualification concerned before passing away.

G1.10 Conferring of honorary degrees

Unless determined otherwise by Council, with the concurrence of Senate, and in terms of its Statute, the University confers honorary degrees of master or doctor in accordance with criteria contemplated in the Statute of the University.

G1.11 Issuing of qualification certificates

Qualification certificates are issued once only, on the understanding that students who have graduated may, in the case of lost, stolen or damaged certificates, apply in writing (accompanied by an affidavit and the prescribed fee) for a replacement of the original certificate.

G1.12 Plagiarism and academic dishonesty

Plagiarism and any instance of academic dishonesty will be dealt with in terms of the Student Disciplinary Code. Students are referred to the Policy on Academic Integrity and Prevention of Plagiarism available on the student portal.

G1.13 Re-admission of Students

Council has the legal authority to refuse re-admission of a student and will do so, if a student is considered not to be making satisfactory academic progress in a programme he/she may be refused re-admission in terms of the policy approved by Council. Please consult the relevant Faculty Prospectus for the re-admission rules applicable to a particular Faculty or programme.

G1.14 Effect of Amendment of Rules

If either the general rules for qualifications or specific faculty rules applicable to an academic qualification are amended, the new rules shall apply to all affected students, unless those rules specifically state that the previous rules shall still apply to students who commenced their studies prior to the amendment.

G2	GENERAL RULES FOR ADVANCED DIPLOMAS AND B TECH DEGREES
-----------	---

(Unless stipulated otherwise hereinafter, or unless the context indicates otherwise, the general rules for all qualifications shall also apply to BTech degrees - BTech degrees are in the process of being phased out.)

G2.1 Admission

2.1.1 The holders of a relevant national diploma of the University or holders of other qualifications approved by Senate, or students who have passed the examinations on the grounds of which they will be awarded a national diploma by the University or on the grounds of which the required status may later be granted to them, may be accepted as students for Advanced Diplomas and BTech degrees.

2.1.2 Additional requirements relating to the level of competence achieved for the national diploma may be stipulated in the faculty rules.

G2.2 Duration of Study

The curriculum for a full-time Advanced Diploma and BTech degree shall be offered over at least one year. The curriculum for a part-time Advanced Diploma and BTech degree shall normally be offered over at least two years. Additional specifications are stipulated in the faculty prospectuses.

G2.3 Examinations

2.3.1 On the completion of an examination a student shall be awarded a final mark not exceeding 100% in each module. Provision may be made in the departmental or faculty rules for the student's class mark, if any, to be taken into consideration for the calculation of the final mark.

2.3.2 The degree shall be awarded to a student who obtains at least 50% in each prescribed module.

The degree shall be awarded *cum laude* to students who –

(a) obtain a weighted average mark of not less than 75% for all the modules prescribed in their curriculum, provided that all the modules have been passed at the first attempt and

(b) complete the qualification in the prescribed minimum period of study for the applicable full-time or part-time programme as stipulated in the faculty prospectus.

G2.4 Projects

2.4.1 The date for the submission of projects (where applicable) shall be the first Friday of December for the autumn graduation and the first Friday in August for the summer graduation as published in the University Almanac, unless an earlier date has been determined in the faculty rules. Students may nevertheless submit their projects after the above-mentioned submission date subject to provisions of rule G2.4.2.

2.4.2 If the examination of a student's project is not completed in time for the degree to be awarded, the student must re-register for the academic year concerned.

G2.5 Re-admission

Students, who have not completed the degree after two years (full-time) or four years (part-time), must apply for re-admission to the studies for the degree. Should such students be re-admitted, the retention of credits already obtained towards the degree shall be subject to departmental approval.

G3	GENERAL RULES FOR POSTGRADUATE CERTIFICATES AND DIPLOMAS
-----------	---

(Unless stipulated otherwise hereinafter, or unless the context indicates otherwise, the general rules for all qualifications shall also apply to postgraduate diplomas.)

G3.1 Admission

3.1.1 The holders of an appropriate bachelor's degree or holders of an appropriate Advanced Diploma of the University or holders of other qualifications approved by Senate.

- 3.1.2** Additional requirements relating to the level of competence achieved for the bachelor's degree or Advanced Diploma may be stipulated in the faculty rules.
- G3.2** **Duration of Study**
The curriculum for a full-time Postgraduate Diploma and Postgraduate Certificate shall be offered over at least one year. The curriculum for a part-time Postgraduate Diploma and Postgraduate Certificate shall normally be offered over at least two years. Additional specifications are stipulated in the faculty prospectus.
- G3.3** **Examinations**
- 3.3.1** On the completion of an examination a student shall be awarded a final mark not exceeding 100% in each module. Provision may be made in the departmental or faculty rules for the student's class mark, if any, to be taken into consideration for the calculation of the final mark.
- 3.3.2** The diploma shall be awarded to a student who obtains at least 50% in each prescribed module.
- 3.3.3** The diploma shall be awarded *cum laude* to students who –
- (a) obtain a weighted average mark of not less than 75% for all the modules prescribed in the curriculum, provided that all the modules have been passed at the first attempt; and
 - (b) complete the qualification in the prescribed minimum period of study for the applicable full-time or part-time programme.
- G3.4** **Re-examinations**
- 3.4.1** The Faculty Management Committee may, on the recommendation of the Head of Department or Director of the School, allow students to present themselves for a re-examination in a module or modules failed, provided that the student has obtained a final mark of at least 45% in the relevant module(s).
- 3.4.2** Last outstanding module - category
In exceptional circumstances, and with the permission of the Faculty Management Committee, a student who has obtained a final mark of less than 45% for a module, may be granted a re-examination in that module. Such exceptional circumstances include students who are in their final year of study, and who after either the first or second semester final assessments need only one module to obtain his/her qualification.
- 3.4.3** A re-examination does not constitute a separate new assessment. The criteria and ratios used in the original calculation of the final mark shall also apply to the re-examination, but the final mark thus obtained may not exceed 50%.
- G3.5** **Repeating modules in Postgraduate Certificates and Diplomas**
Unless Senate approves a different rule for a specific programme, a Postgraduate Diploma student shall be permitted to repeat a failed module more than once provided that the maximum period of study is not exceeded.
- G3.6** **Research project**
- G3.6.1** The final date for the submission of a research project, should it be prescribed in the curriculum shall be the first Friday of December for the autumn graduation and the first Friday in August for the summer graduation as published in the University Almanac, unless an earlier date has been determined in the faculty rules. Students may nevertheless submit their research project after the above-mentioned submission date subject to provisions of Rule G3.6.2.
- G3.6.2** If the examination of a student's research project is not completed in time for the diploma to be awarded, the student must re-register for the academic year concerned.
- G3.7** **Re-admission**
Students, who have not completed the diploma after two years full-time and four years part-time study, must apply for re-admission to the studies for the degree. Should such students be re-admitted, the retention of credits already obtained towards the qualification shall be subject to departmental approval.

G4 GENERAL RULES FOR HONOURS DEGREES

(Unless stipulated otherwise hereinafter, or unless the context indicates otherwise, the general rules for all qualifications shall also apply to honours degrees.)

G4.1 Admission

4.1.1 The holders of a relevant bachelor's degree of the University or holders of other qualifications approved by Senate, or students who have passed the examinations on the grounds of which they will be awarded a bachelor's degree by the University or on the grounds of which the required status may later be granted to them, may be accepted as students for honours degrees.

4.1.2 Additional requirements relating to the level of competence achieved for the bachelor's degree may be stipulated in the faculty rules.

G4.2 Duration of Study

The curriculum for an honours degree shall be offered over at least one year full-time and two years part-time study. Additional specifications are stipulated in the faculty prospectus.

G4.3 Examinations

4.3.1 On the completion of an examination a student shall be awarded a final mark not exceeding 100% in each module. Provision may be made in the departmental or faculty rules for the student's class mark, if any, to be taken into consideration for the calculation of the final mark.

4.3.2 The degree shall be awarded to a student who obtains at least 50% in each prescribed module.

4.3.3 The degree shall be awarded *cum laude* to students who –
(a) obtain a weighted average mark of not less than 75% for all the modules prescribed in their curriculum, provided that all the modules have been passed at the first attempt; and
(b) complete the qualification in the prescribed minimum period of study for the applicable full-time or part-time programme.

G4.4 Re-examinations

4.4.1 The Faculty Management Committee may, on the recommendation of the Head of Department or Director of the School, allow students to present themselves for a re-examination in a module or modules failed, provided that the student has obtained a final mark of at least 45% in the relevant module(s).

4.4.2 In exceptional circumstances, and with the permission of the Faculty Management Committee, a student who has obtained a final mark of less than 45% for a module, may be granted a re-examination in that module. Such exceptional circumstances include students who are in their final year of study, and who after either the first or second semester final assessments need only one module to obtain his/her qualification.

4.4.3 A re-examination does not constitute a separate new assessment. The criteria and ratios used in the original calculation of the final mark shall also apply to the re-examination, but the final mark thus obtained may not exceed 50%.

G4.5 Repeating modules in Honours degrees

Unless Senate approves a different rule for a specific programme, an Honours student shall be permitted to repeat a failed module more than once provided that the maximum period of study is not exceeded.

G4.6 Treatises

4.6.1 The date for the submission of treatises shall be the first Friday of December for the autumn graduation and the first Friday in August for the summer graduation as

published in the University Almanac, unless an earlier date has been determined in the faculty rules. Students may nevertheless submit their treatise after the above-mentioned submission date subject to provisions of rule G4.6.2.

- 4.6.2** If the examination of a student's treatise is not completed in time for the degree to be awarded, the student must re-register for the academic year concerned.

G4.7 Re-admission

Students, who have not completed the degree after two years, must apply for re-admission to the studies for the degree. Should such students be re-admitted, the retention of credits already obtained towards the degree shall be subject to departmental approval.

G5 GENERAL RULES FOR MASTER'S AND DOCTORAL DEGREES

(Unless stipulated otherwise hereinafter, or unless the context indicates otherwise, the general rules for all qualifications shall also apply to master's and doctoral degrees.)

G5.1 Admission

- 5.1.1** Holders of a recognised Honours or four year professional bachelor's degree of a University (in the case of master's studies) and the holders of a recognised master's degree of the University (in the case of doctoral studies) or the holders of other qualifications approved by Senate, may be accepted as students for the relevant degree.

- 5.1.2** Students who have passed the examinations on the grounds of which they will be awarded the relevant degree by a University or on the grounds on which the required status may later be granted to them, or who have in any other manner (e.g. RPL) attained a level of competence which in Senate's opinion is adequate for the purpose of postgraduate studies or research at the required level, may be accepted as students for the relevant degree.

- 5.1.3** Apart from the general admission requirements, a student may be required to fulfil further requirements, e.g. supplementary work or an oral/written examination as prescribed by Senate.

- 5.1.4** Applicants wishing to pursue either a master's by dissertation or doctoral studies are required, as part of the application process, to provide a broad outline of a proposed area of research. Applicants wishing to pursue a coursework master's will receive guidance from the assigned postgraduate programme co-ordinator with regard to the choice of a research topic to fulfil the requirements for the treatise component of their chosen degree programme.

- 5.1.5** An application for registration as a student for a postgraduate qualification may, after selection by the Head of Department or Director of School, in consultation with the relevant Postgraduate Studies Coordinator, and ratification by the Faculty Postgraduate Studies Committee, be processed by the Postgraduate Admissions Office.

- 5.1.6** Where applicable, a student must submit a research proposal for approval by the Faculty Postgraduate Studies Committee within the prescribed minimum period as stipulated in the *Policy on Master's and Doctoral Degrees*. Once such approval has been obtained, an official research project is registered by the Faculty Administration Office.

- 5.1.7** Unless the Faculty Postgraduate Studies Committee decides otherwise, no student will be allowed to continue with his/her studies if a research project has not been registered within the prescribed minimum period as stipulated in the *Policy on Master's and Doctoral Degrees*.

G5.2 Duration

- 5.2.1** The minimum period of study for a postgraduate research qualification is as follows:
 Master's degree: One (1) year
 Doctoral degree: Two (2) years

- 5.2.2** Unless Senate approves a different rule for a specific programme, the maximum period of study for the following postgraduate qualifications is as follows:
- Full-time Studies**
 Master's by coursework and treatise: Three (3) years
 Master's by dissertation: Three (3) years
 Master in Business Administration full time: 4 years
 Doctoral studies: Four (4) years
- Part-time Studies**
 Master in Business Administration part time: 6 years
 Master in Business Administration block release: 6 years
 Master's by coursework and treatise: Four (4) years
 Master's by dissertation: Four (4) years
 Doctoral studies: Six (6) years
- 5.2.3**
- (a) A student's application for extension of the maximum period of study, as referred to in par. 5.2.2, must –
 - (i) complete the prescribed form and provide comprehensive reasons for the student's failure to complete the programme within the prescribed period; and
 - (ii) stipulate his/her proposed date of completion of the programme.
 - (b) An application for extension of the maximum period of study is subject to the approval of –
 - (i) the Faculty Postgraduate Studies Committee for any period up to twelve (12) months;
 - (ii) the University's Postgraduate Studies Committee, on recommendation of the Faculty Postgraduate Studies Committee, for any period exceeding twelve (12) months.
 - (c) Appeals against the decisions of the Faculty Postgraduate Studies Committee and the University's Postgraduate Studies Committee in the above regard are considered by the University's Postgraduate Studies Committee and the Executive Committee of Senate, respectively, whose decisions are final.
 - (d) Applications for extensions of study period should be submitted to the Faculty Administration Office by the end of November for the following academic year.
- 5.2.4** On recommendation of the supervisor, the Faculty Postgraduate Studies Committee may refuse permission for the continued registration of a student on the grounds of unsatisfactory academic progress. The university may refuse a student re-admission, if such a student fails to make satisfactory academic progress in terms of agreed upon outcomes with his/her research supervisor.
- 5.2.5** If in any year a new student for a research degree registers after the last working day of April, their period of registration for that academic year shall not be taken into account for the purpose of rule G5.2.1 and will pay fees on a pro rata basis.
- G5.3 Registration and Continuing Registration**
- 5.3.1** Coursework Master's degree students must be registered before the start of the relevant lecture programme.
- 5.3.2** Subject to G5.2.5 above, the first registration of students for research Master's and Doctoral degree programmes may be at any time during the academic year.
- 5.3.3** A student must renew his/her registration for the study on an annual basis, for the full period of study, until he/she has complied with all the prescribed requirements for the degree. Such registration must take place within the normal registration period. Late registrations shall be accepted up to the predetermined date published in the Almanac of the University. If a student fails to renew his/her registration as a student, the registration of his/her research project shall lapse subject to Rule 5.3.5
- 5.3.4** If the examination of a student's treatise/dissertation/thesis is not completed in time for the degree to be awarded in a particular year, the student must re-register for the academic year concerned and pay a fee as determined.
- 5.3.5** The Faculty Postgraduate Studies Committee can, on the recommendation of the supervisor, approve a student's application for studies to be placed in abeyance for a

period of up to one academic year; in which case the student must submit a motivated application regarding the above before the last day of February of the relevant year to the relevant Head of Department or Director of School.

- 5.3.5.1** If a student does not apply for studies in abeyance by the published deadline or fails to re-register in the following academic year for the relevant postgraduate degree, such a student forfeits the right of abeyance and will have to re-apply for admission.

G5.4 Module Credits

Applications for credits in respect of coursework Master's studies will, on the recommendation of the relevant Head of Department, be considered by the Faculty Postgraduate Studies Committee.

G5.5 Outcomes of the Research

- 5.5.1** A student must in his/her treatise/dissertation/thesis achieve the relevant outcomes articulated in the University's *Policy on Master's and Doctoral Degrees*, a copy of which will be made available to him/her.

- 5.5.2** The Faculty Postgraduate Studies Committee must approve the research title of a treatise/dissertation/thesis in advance.

- 5.5.3** Students shall conduct their research under the guidance of a supervisor appointed by the Faculty Postgraduate Studies Committee. In the event of a supervisor being appointed from outside the University, the Faculty Postgraduate Studies Committee shall also appoint, as co-supervisor, a member of the academic staff of the University, except if this is not practical on account of lack of expertise.

In the latter case the Faculty Postgraduate Studies Committee shall nevertheless appoint an academic staff member of the University to liaise with the supervisor about implementation of the University's administrative and academic policies.

- 5.5.4** In the event of a supervisor ceasing to be a member of the academic staff, the Faculty Postgraduate Studies Committee may request such supervisor to remain supervisor in all respects of a registered student of the University and to attend, in an advisory capacity, meetings of any committee, at which the promotion will be discussed, so that the supervisor may be available to answer any queries that may arise.

- 5.5.5** In compliance with the prescribed learning agreement, the student must liaise with his/her supervisor on a regular basis to report on the progress made with his/her research and to receive guidance from him/her.

- 5.5.6** Applications to amend research titles must be approved by the Faculty Postgraduate Studies Committee on recommendation by the supervisor. In the case of a substantial amendment, the Faculty Postgraduate Studies Committee may require an amended research proposal.

G5.6 Submission

- 5.6.1** When the treatise/dissertation/thesis nears completion, the student must inform the relevant Faculty Administration Office in writing of his/her intention to submit it for examination. Such notice must be given by the deadline as published in the university calendar. This intention to submit is important for the appointment of examiners for the treatise/dissertation/thesis. Failure to submit may lead to a delay in the student's assessment process.

- 5.6.2** A treatise/dissertation/thesis may only be submitted for examination with the written permission of the supervisor(s) or a statement by the supervisor that the treatise/dissertation/thesis is submitted against the advice of the supervisor.

- 5.6.3** A treatise/dissertation/thesis must be accompanied by a written declaration on the part of the student to the effect that it is his/her own original work and that it has not previously been submitted for assessment to another University or for another qualification. However, material from publications by the student may be embodied in a treatise/dissertation/thesis.

- 5.6.4** For purposes of examination, students must submit at least three (3) securely bound copies and one electronic copy in PDF format of the treatise/dissertation/thesis to the Examinations Office on the first Friday of December for the autumn graduation and the first Friday in August for the summer graduation as published in the University Almanac.
- 5.6.5** Copies of the treatise/dissertation/thesis submitted for examination shall become the property of the University and shall not be returned to the student, provided that examiners choose to return their copies.
- 5.6.6** After the treatise/dissertation/thesis has been accepted and the student has made the required amendments, if applicable, he/she must submit the following documents to the Examination Office at least three (3) working weeks before the graduation ceremony:
- one hard bound copy of the final treatise/dissertation/thesis for the library;
 - one hard bound copy of the final treatise/dissertation/thesis for each supervisor;
 - one copy in acceptable electronic format; and
 - if applicable, a written declaration by the supervisor that the proposed amendments to the treatise/dissertation/thesis have been effected.
 - if research is bound by a confidentiality agreement, the words '*research is subject to a confidentiality agreement*', must be inscribed on the cover of the treatise/dissertation/thesis, as well as on the CD.
 - Students who have not effected corrections as directed and/or have not submitted final copies of their treatise/dissertation/thesis as described above, shall be regarded as having not complied with the requirements of the qualification.
- 5.6.7** Students for doctoral degrees are required to submit to their supervisor(s) a manuscript in article format based on the research for their thesis.
- This manuscript shall –
- be prepared in the format required by an appropriate accredited journal,
 - be submitted to the supervisor within six weeks of the submission of the thesis for examination, but no later than six weeks before the graduation ceremony at which the degree will be awarded, and
 - unless the relevant faculty rules determine otherwise, not be assessed as part of the research work for the degree, but the degree will not be awarded if the manuscript has not been submitted timeously to the supervisor.
- A declaration confirming that this requirement has been met shall be submitted to the Chairperson of the Faculty Postgraduate Studies Committee by the supervisor to serve at the relevant meeting of the Faculty Postgraduate Studies Committee that approves the award of the degree.
- G5.7 Editorial Preparation**
- 5.7.1** The technical editing of the treatise/dissertation/thesis must comply with the requirements as determined by the University.
- 5.7.2** The examination copies of the treatise/dissertation/thesis shall normally be printed or typed with a font size 12 in at least one and a half spacing on one side of A4-format paper.
- 5.7.3** A treatise/dissertation/thesis shall contain an English summary of its contents not exceeding 500 words in the case of a thesis and 300 words in the case of a dissertation. This summary must appear in the front of the treatise/dissertation/thesis following the table of contents and must end with a list of not more than ten key words. Students may include a second summary in a language of their choice, provided that, if the language is not the medium of instruction at the University, the translation must be a sworn translation furnished at the cost of the student.
- 5.7.4** The title of the treatise/dissertation/thesis, as well as the name of the student must appear on the cover and the spine of each copy. However, with the permission of the supervisor, an abridged title can be printed on the spine.
- 5.7.5** The title page of the treatise/dissertation/thesis shall contain the following particulars:
- Full title;
 - Full name of the student;
 - The following formula:

“Submitted in fulfilment in the case of a dissertation/thesis and partial fulfilment in the case of a master’s degree by coursework and treatise of the requirements for the degree of in the Faculty of at the Nelson Mandela University”;

(d) Date of submission;

(e) Name of the supervisor and co-supervisor (if applicable).

5.7.6 A treatise/dissertation/thesis must be satisfactory with regard to form and literary presentation and shall include a full bibliography or resource list of the material, whether published or otherwise, used in its preparation.

G5.8 Examination Rules for Master’s and Doctoral Degrees

5.8.1 Constitution of the Examination Panel

5.8.1.1 The Faculty Postgraduate Studies Committee appoints the examiners for the treatise/dissertation/thesis.

5.8.1.2 The supervisor and the co-supervisor (where applicable) act as the internal examiners for the treatise or dissertation.

5.8.1.3 In the case of a treatise/dissertation, at least one external examiner must be appointed. In the case of a thesis, at least three examiners must be appointed as contemplated in 6.1.2 of the *Policy on Master’s and Doctoral Degrees* with at least two of the examiners being external to the University. It is strongly recommended that, where possible, at least one international external examiner be appointed for the examination of a thesis.

5.8.2 Examination Process

5.8.2.1 Examiners must conduct their assessment in accordance with the guidelines for examiners.

5.8.2.2 The completed reports of all the examiners are submitted to the Faculty Postgraduate Studies Committee for consideration and to resolve whether the degree should be awarded or not.

5.8.2.3 A student may be required to submit to an oral or *viva voce* examination on the treatise/dissertation/ thesis.

5.8.2.4 In the event that a treatise/ dissertation/ thesis has not been passed by examiners but a candidate is invited to do further work or thoroughly revise the treatise/ dissertation/ thesis, such resubmission must take place as follows: Masters treatise or dissertation to be completed within three (3) months. Doctoral thesis to be completed within six (6) months. The student is expected to re-register for the applicable academic year. A student is allowed only one opportunity for resubmission.

5.8.2.4.1 If a revised treatise/dissertation/thesis is not resubmitted by the deadline as published in the university calendar, the student’s registration will automatically revert to a full year and will have financial implications.

5.8.2.5 In the event of a treatise/dissertation/thesis being rejected, the student may submit a duly motivated appeal in writing to the Executive Dean of the relevant Faculty within one month of the release of the result. The Executive Dean shall submit such appeal, together with the examiners’ reports to the University Postgraduate Studies Committee who must decide, within two weeks, whether the appeal must be upheld or not. The Chairperson of the PGSC must notify both the Dean and the student in writing of the outcome. If the appeal is granted by the University Postgraduate Studies Committee, the Executive Dean notifies the Faculty Postgraduate Studies Committee, who must then appoint an independent external examiner who shall act as an arbiter (as contemplated in 6.11.6 of the *Policy on Master’s and Doctoral Degrees*). The decision of the arbiter is final and binding.

5.8.3 Allocation of Final Mark for Research Project

The mark for a Master’s treatise/dissertation is calculated as follows:

(a) The mark(s) of the external examiner(s) count at least 50% towards the final mark. If there is more than one external examiner, the average of the marks allocated by them constitutes the external mark. The same applies to the internal examiner(s).

(b) Where all the examiners pass the student, but there is a significant discrepancy between the marks allocated by the external and internal examiners, the Faculty Postgraduate Studies Committee has the discretion to attach a greater weight to the mark(s) of the external examiner(s).

5.8.4 Examination and Re-Examination of Coursework Modules in Master's Degrees

5.8.4.1 On the completion of an examination a student shall be awarded a final mark not exceeding 100% in each module. Provision may be made in the departmental or faculty rules for the student's class mark, if any, to be taken into consideration for the calculation of the final mark.

5.8.4.2 The degree shall be awarded to a student who obtains at least 50% in each prescribed module.

5.8.4.3 The Faculty Postgraduate Studies Committee may, on the recommendation of the Head of Department or Director of the School, allow students to present themselves for a re-examination in a module or modules failed, provided that the student has obtained a final mark of at least 45% in the relevant module(s).

5.8.4.4 In exceptional circumstances, and with the permission of the Faculty Postgraduate Studies Committee, a student who has obtained a final mark of less than 45% for a module, may be granted a re-examination in that module. Such exceptional circumstances include students who are in their final year of study, and who, after either the first or second semester final assessments, need only one module to obtain his/her qualification.

5.8.4.5 A re-examination does not constitute a separate new assessment. The criteria and ratios used in the original calculation of the final mark shall also apply to the re-examination, but the final mark thus obtained may not exceed 50%.

5.8.5 Repeating Coursework Modules in Master's Degrees

Unless Senate approves a different rule for a specific programme, a Master's student shall be permitted to repeat a failed module more than once provided that the maximum period of study is not exceeded.

5.8.6 Awarding the Degree Cum Laude

5.8.6.1 A Master's student obtains the degree *cum laude* if he/she –

- (a) In the case of a coursework degree:
 - Passes all the modules at the first attempt;
 - obtains a weighted average mark of at least 75% for all the modules; and
 - obtains a final mark of at least 75% for the treatise.
- (b) In the case of a research degree, obtains a final mark of at least 75%
- (c) Completes the qualification within the prescribed maximum period of study for the applicable full-time or part-time programme.

5.8.6.2 A Doctoral degree is not conferred *cum laude*.

G6 COPYRIGHT AND INTELLECTUAL PROPERTY

The intellectual property rights resulting from a candidate's research shall vest in the University. Subject to rule G7, the candidate shall nevertheless be entitled to publish the treatise/dissertation/thesis in the original or amended form within one year of the degree being awarded.

G7 SENSITIVE TREATISES / DISSERTATIONS / THESES

Procedures to be followed with regard to treatises/dissertations/theses which require industrial or other confidentiality:

G7.1 In the case of treatises/dissertations/theses or parts thereof that could possibly contain sensitive information which has been made available by (an) organization(s) and which must be treated as confidential/classified.

G7.2 The relevant Head of Department, via the Faculty Management Committee, makes a submission to the Executive Committee of Senate i.r.o. the degree, nature and period of the required limited access to the treatise/dissertation/thesis in which case the Executive Committee of Senate may then decide that the following will apply:

- The content of the treatise/dissertation/thesis may not be revealed in any document or in any other way within the period as determined by the Executive Committee of Senate, except with the written permission of the organization/candidate/promoter or person who originally requested the classification of the document. The period of confidentiality will commence on the date on which it is handed in for examination purposes.

- Duplication and binding for examination purposes must be done under the strictest supervision.
- The prescribed bound copies as well as the electronic copy must be stored in the Safety Section of the Library for the stipulated period of time, whereafter it will be released as soon as declassification has taken place or the stipulated period of time has expired.

G7.3 In the case of treatises/dissertations/theses of a sensitive nature, the members of the examination panel will be required to sign a confidentiality agreement.

S. GENERAL STUDENT REGULATIONS

Preamble

Whilst the General Rules for Students are intended to promote cordial relationships between the University Management and the Students as the integral part of the broader Community of the University, it remains the collective responsibility of both Management and the Students to see to the effective operationalisation of these rules, whilst not losing focus of the University's transformation agenda of creating an affirming and welcoming environment for all who live, study, work, teach and visit the University. One of the core values of the University relate to "Student-Centredness" and with these rules, it is hoped that the University will constantly strive to remain sensitive to the students' welfare and Code of Good Conduct, whilst recognising their individual and collective rights to fair treatment as the citizens of South Africa.

S1 Miscellaneous Regulations and Student Behaviour

S1.1 Every student is subject to the University's policies, rules, regulations and disciplinary code and must familiarize himself/herself with these. (Access can be gained to the Institutional Regulatory Code via the Student Portal on the Intranet.)

S1.2 The University may demand an appropriate certificate of good conduct before admitting a student.

S1.3 Only in emergencies may students, their families or friends use the University address or telephone for private correspondence or telephone conversations.

S1.4 The University is not responsible for the loss, theft, damage or destruction of or to the property of students while such property is on University premises or in University buildings, regardless of the cause of such damage or loss.

S1.5 Eating and drinking is prohibited in the University's venues of instruction.

S1.6 Should the rights and privileges of a student be temporarily or permanently suspended or should he/she be denied the right to continue his/her career as a student, such student shall forfeit all claims of repayment, reduction or cancellation of monies paid or payable to the University.

S1.7 A student must:-

- give notice of any change of address without delay;
- be conversant with the regulations of the relevant Faculty where he/she has registered as well as the regulations regarding the registration and payment of tuition, hostel and examination fees as set out in the relevant prospectus; and
- obtain the necessary information from the relevant Executive Dean on the various requirements and regulations regarding the course for which he/she has registered.

S2 Identity Cards

S2.1 Identity/proximity cards are issued to all students on registration.

S2.2 It is compulsory for all students to carry identity/proximity cards on the campus or inside any building of the campus. The card must be displayed on the student's person in such a manner that it is visible at all times.

S2.3 A student who cannot produce his/her identity/proximity card shall not be allowed to enter any University building.

S3 Student Organisations

Only student organizations which are registered at the University in accordance with the set procedure and within the framework of University policy shall be allowed to operate on the campus and to make use of the facilities of the University.

S4 Dangerous, Contagious and/or Notifiable Infections and Infestations

A student who has been suffering from an infectious disease or who has been exposed to such disease shall furnish to the Registrar a medical certificate to the effect that he/she may resume attendance at the University without the risk of infection to others.

S5 Firearms and Dangerous Weapons

Any specific area, grounds, building or facility of the University is declared a fire arms free zone, in accordance with Section 140 of the Fire Arms Control Act, No 16, 2000. No student on campus may have in his/her possession any other dangerous weapons without the written consent of the Vice-Chancellor.

S6 Student Accommodation

S6.1 To be admitted to a residence, a student must comply with all the admission requirements as stipulated in the University Prospectus.

S6.2 Any person using on-campus Student Housing buildings and facilities at any time is subject to the Student Housing Policy and the Student Residence Disciplinary Code and must familiarize himself/herself with these.

S7 Safety of Students

S7.1 The University is not responsible for injuries sustained by a student or applicant while on University premises, regardless of the cause of such injuries.

S7.2 Several courses require visits to factories, businesses, etc. On such occasions students may be required to arrange their own transport although official transport will be provided whenever possible. This also applies to sporting and other offered student activities. While all reasonable precautions are taken to ensure the safety of students during above-mentioned activities the University is not responsible for accidents, assaults, injuries, damage or loss which a student may suffer during the course of such activities.

S7.3 In cases where students use their own private transport for student visits or sporting activities their attention is drawn to the conditions of their respective motor vehicle insurance policies, if any, in terms of a comprehensive motor vehicle insurance. The onus for effective insurance rests exclusively with the student, his/her parent or guardian. During these excursions students will not automatically be accompanied by a member of staff; this will depend on University requirements.

S7.4 Various courses at the University necessitate practical sessions in laboratories at the University and sometimes at institutions outside the University. The University is not responsible for injuries and/or the acquiring or transmission of infections during these sessions. Students will, however, be informed timeously and thoroughly about the necessary precautionary measures to prevent such injuries and/or infections. These stipulations are also applicable to students who are undergoing in-service training. Where vaccination and/or other forms of injections, medication, etc. are necessary, the onus is on the student to take the necessary precautionary steps. The student is responsible for the costs incurred by such prophylactic medical treatment.

S7.5 Student initiation is forbidden.

TRAFFIC RULES

- T 1** All private motor vehicles (including motor cycles) used in coming to the campus by members of staff and students must be registered and must display a parking/access disc issued by the Space Utilization at Maintenance Services on the north campus. This parking disc must be displayed on the inside of the vehicle's windscreen and not on the dashboard.
- T 2** It is the responsibility of vehicle owners to ensure that they request, obtain and attach such parking disc annually.
- T 3** Parking is allowed in the various allocated official parking spaces on a campus to campus basis.
- T 3** The general speed limit on the campus is 40 km/h and may not be exceeded.
- T 4** The right of submitting representations to the HOD: Protection Services in respect of a traffic fine imposed by the Traffic Officer or duly authorized Protection Services Officer is provided for.
- T 5** The decision of the HOD: Protection Services in respect of such written submission is final.
- T 6** Repeated or serious infringements of traffic rules are punishable under the disciplinary rules of the University and could lead to such driver being restricted in accessing the grounds.
- T 7** The Vice-Chancellor is empowered to amend existing or to make new traffic rules.

A complete copy of the latest Traffic Rules is available from Protection Services.
